Daniel

The trees were removed, we are though running out of time to complete the job. We still need to install trees but before then we need to repair all damaged irrigation. If we don't finish this year and have all paid to show city. Can we get extension since the remaining funds are designated for Sawgrass Village?

Please advise

Board

Here's the scope of work, spoke to tree co. We can shoot for November. I'll let you know when so we can advise owners. I believe the trees are still marked?
