## **7. Non-Mandatory Pre-Bid Conference and Site Inspection**

All Bidders or their representatives are strongly urged to attend a non-mandatory pre-bid conference and site inspection on the date and time specified herein at the Coconut Creek Government Center, City Hall, 4800 West Copans Road, Coconut Creek, Florida 33063. This information session presents an opportunity for the Bidder to clarify any concerns regarding bid requirements. The Bidder shall make a careful examination of the project site, shall familiarize themselves with existing conditions, and shall satisfy themselves as to the quantity and quality of materials and workmanship required for the work. Submission of a bid will be construed that the Bidder is acquainted sufficiently with the work to be performed. He shall carefully and thoroughly examine the Contract Documents before submitting a bid.

**8. Document Interpretation**

The Contract Drawings governing the work proposed herein consist of the Drawings and all material made part of the contract document. These Contract Documents are intended to be mutually cooperative and to provide all details reasonably required for the execution of the proposed work. Bidders shall submit with their bids, or indicate receipt of, all Addenda. The City will not be responsible for any other explanation or interpretations of said Documents not issued in writing by Addendum. All Addenda shall become part of the Contract Documents.

**9. Bidder's Understanding**

Each Bidder shall inform himself of the conditions relating to the execution of the work and it is assumed that he will inspect the site and make himself thoroughly familiar with all the Contract Documents. Failure to do so will not relieve the Successful Bidder of his obligation to enter into a Contract and complete the contemplated work in strict accordance with the Contract Documents. It shall be the Bidder's obligation to verify for himself and to his complete satisfaction all information concerning site and subsurface conditions.

Information derived from inspection of Drawings showing location of utilities and structures will not in any way relieve the Contractor from any risk, or from properly examining the sites and making such additional investigations as he may elect, or from properly fulfilling all the terms of the Contract Documents.

Each Bidder shall inform himself of, and the Bidder awarded a Contract shall comply with, federal, state and local laws, statutes, and ordinances relative to the execution of the work. This requirement includes, but is not limited to, design and construction standards, applicable regulations concerning minimum wage rates, nondiscrimination in the employment of labor, protection of public and employee safety and health, environmental protection, the protection of natural resources, fire protection, burning and non-burning requirements, permits, fees, and similar subjects.

Changes in specification requirements will be issued on official addendum via the eBid System ([www.coconutcreek.net/fin/procurement](http://www.coconutcreek.net/fin/procurement)). The issuance of written addendum is the only official method whereby interpretation, clarification, changes or additional information can be given. When the bid for the work is to be submitted on a unit price basis, unit price bids will be accepted on all items of work set forth in the bid, except those designated to be paid for as a lump sum. The estimate of quantities of work to be done is tabulated in the bid and, although stated with as much accuracy as possible, is approximate only and is assumed solely for the basis of calculation upon which the award of Contract shall be made. Payment to the Contractor will be made on the measurement of the work actually performed by the Contractor as specified in the Contract Documents. The City reserves the right to increase or decrease the amount of any class of work as may be deemed necessary, without any increase in the unit prices, unless otherwise specified in the Supplementary Conditions.

When the bid for the work is to be submitted on a lump sum basis, the lump sum price shall include all labor, materials, and equipment to complete the work described in the bid item included in the bid schedule. The bid items are intended to be general in nature and are not meant to be exhaustive in detail. Payment for all portions of the work associated with and necessary for the completion of a bid item shall be included in the lump sum price for that item whether or not it is mentioned specifically in the bid item description. All work described in the plans and specifications shall be accomplished and paid for as a part of one (1) or more bid items. If the Contractor believes that a portion of the work as described in the plans and specifications has not been included in any bid item, he shall bring this fact to the attention of the Administrator at least one (1) week before the bids are to be received. Otherwise, it shall be assumed that the Contractor's bid includes reimbursement for all work described in the plans and specifications.

**17. Changes in Quantities**

The City reserves the right to increase or decrease the amount of any class of unit price work that may be deemed necessary.

**18. Quantities in Bid Approximate Only**

If the bid form contains unit price items, the quantities stated therein are approximate only and are intended to serve as a basis for the comparison of bids and to fix the approximate amount of the cost of the project. The City does not express or imply that the actual amount of the work done in the performance of the contract will correspond with the quantities in the bid form; the amount of work done may be more or less than the said quantities and may be increased or decreased by the Contract Administrator as circumstances may require. The increase or decrease of any quantity shall not be regarded as grounds for an increase in the unit price or in the time allowed for the completion of the work, except as provided in the Contract Document. The Contractor will only be paid for the actual quantities of work performed and accepted by the Contract Administrator. The Contractor shall not be entitled to any compensatory damages in the event the quantities to be built are less than what are shown in the Bid Schedule.

**19. State and Local Sales and Use Taxes**

Unless Supplementary Conditions contains a statement that the City is exempt from State sales tax on materials incorporated into the work due to the qualification of the work under this Contract, all State and local sales and use taxes, as required by the laws and statutes of the State and its political subdivisions, shall be paid by the Contractor. If the Bidder elects to furnish a Bid Bond, he shall use the Bid Bond form found bound herewith, or one conforming substantially thereto in form and content.

**22. Return of Bid Security**

Within thirty (30) calendar days after the award of the Contract, the City will return the bid securities to all Bidders whose bids are not to be further considered in awarding the Contract. The City reserves the right to reject any and all bids and is not bound to accept the lowest bid. Bids are awarded by the City and its decision shall be final. No Notice of Award will be given until the City has concluded such investigations as it deems necessary to establish the responsibility, qualifications and financial ability of the Bidders to do the work in accordance with the Contract Documents to the satisfaction of the City within the time prescribed. The City reserves the right to reject the bid of any Bidder who does not pass such investigation to the City's satisfaction. In analyzing bids, the City may take into consideration alternates and unit prices, if requested by the bid forms. If the Contract is awarded, the City will issue the Notice of Award and give the Successful Bidder a contract for execution or a purchase order within ninety (90) days after opening of bids.

Bid security deposited in the form of cash, a certified check, or cashier's check drawn on a local bank in good standing shall be subject to the same requirements as a Bid Bond.

**42. Bid Protest Process**

Any bidder, proposer, or offeror who is aggrieved in connection with the solicitation or award of a contract must contact the procurement officer listed in the solicitation in writing (email or fax are acceptable) within three (3) working days after the posting of the notice of intent to award on the City's eBid System. - (b) The written protest shall state in detail the specific facts and law or ordinance upon which the protest of the proposed award is based and shall include all pertinent documents and evidence.
- (c) Upon receipt of a formal written protest, the City may stop award proceedings until resolution of the protest; however, the award proceedings shall not be stopped if the City Manager decides the award must continue without delay in order to avoid an immediate and serious danger to the public health, safety, or welfare.
- (d) Any and all costs incurred by a protesting party in connection with a protest pursuant to this section shall be the sole responsibility of the protesting party.

A protest shall be reviewed and evaluated administratively and a decision in writing shall be forwarded to the protesting firm within ten (10) working days. If the protesting firm does not agree with the administrative decision, they may appeal the decision in writing to the City Manager or designee within five (5) working days. The notice of appeal must be either, sent Certified U.S. mail return-receipt requested or hand-delivered and date and time stamped by the Office of the City Clerk. The decision of the City Manager or designee will be final.

If the decision of the City Manager or designee upholds the action taken by the City, then the deposit becomes non-refundable and the City shall retain the deposit as payment for a portion of the cost and expense, including but not limited to, time spent by City staff in responding to the protest and in conducting the evaluation of the protest. If the decision of the City Manager or designee does not uphold the action taken by the City, then the City shall return the amount of the cashier's check to the person or entity filing the protest.

Upon receipt of a Change Order approved in writing by the Contract Administrator, the Contractor will proceed with the work involved. All such work shall be performed under the applicable conditions of the Contract Documents. If any Change Order causes an increase or decrease in the Contract Price, payment shall be adjusted or pro-rated by the unit price of the pay items in the Contract or based on mutually accepted price if there are no unit prices. An extension or shortening of the Contract Time may be granted by the City depending upon the changes in the scope of work. A Change Order signed by the Contractor indicates his agreement therewith.
- 6.2** Additional work performed by the Contractor without written authorization and signed Change Order will not entitle him to an increase in the Contract Price or an extension of the Contract Time.
- 6.3** It is the Contractor's responsibility to notify his surety of any changes affecting the general scope of the work or change in the Contract Price and the amount of the applicable bonds shall be adjusted accordingly. The Contractor shall furnish proof of such an adjustment to the City.
- 6.4** In no case shall denial of a change order serve as grounds for Contractor to delay or suspend work, unless directed otherwise in writing by City. City's denial or failure to act upon a change order shall not constitute grounds for suspension of work unless City directs otherwise in writing.
- 6.5** No claim for damages or any claim other than for an extension of time shall be made or asserted against the City by reason of any delays. The Contractor shall not be entitled to an increase in the contract sum or payment or compensation of any kind from the City for direct, indirect, consequential, impact or other costs, expenses or damages, including but not limited to costs for acceleration or inefficiency arising because of delay, disruption, interference or hindrance from any cause whatsoever, whether such delay, disruption, interference or hindrance was avoidable or unavoidable; provided however, that this provision shall not preclude recovery of damages by the Contractor for hindrances or delays due solely to fraud, bad faith or active interference on the part of the City or its agents. Otherwise, the Contractor shall be entitled only to extensions of the contract time as the sole and exclusive remedy for such resulting delay in accordance with and to the extent provided for herein.
- 6.6** In the event, the City and Contractor are unable to come to an agreement for a change order, the City reserves the right to assume the ownership of the scope of work under that change order and complete the work either by its own work-force or its own separate Contractor. The City would be responsible and liable for the work completed by its work-

force or its Contractor only. The remaining project shall still be the responsibility of the Contractor along with any liability associated with it. In the event City chooses to assume ownership of any portion of the scope of work, Contractor shall make every reasonable effort to accommodate City's workforce or City's own separate Contractor in the performance of such scope.

## **ARTICLE 7 TIME FOR COMPLETION, LIQUIDATED DAMAGES AND CHANGE OF CONTRACT TIME**

- 7.2** The Contractor will proceed with the work at such rate of progress to insure full completion within the contract time. It is expressly understood and agreed, by and between the Contractor and the City, that the contract time for the completion of the work described herein is a reasonable time, taking into consideration the average climatic and economic conditions and other factors prevailing in the locality of the work.
- 7.3** If the Contractor shall fail to complete the work within the contract time, or extension of time granted by the City, then the Contractor will pay to the City the amount of five hundred dollars (\$500.00) for liquidated damages for each calendar day that the Contractor shall be in default after the agreed upon completion date.

It is understood and agreed that deductions at the rates stipulated shall be made from the total contract price for each and every calendar day after and exclusive of the day within which completion was required, and up to and including the date of completion and acceptance by the City.

Completion of the work, as mentioned above, shall include startup and testing of portions of the project, unless explicitly excluded.

The amount as set forth as liquidated damages is understood and agreed not to be a penalty; the said sum being specifically agreed upon in advance as the measure of damage to the City resulting from the delay in completion of the work.

The expiration of the time stipulated without the work having been completed shall in itself constitute a default without the necessity of any notice being given by the City to the Contractor.

The Contractor agrees and consents that the Contract price reduced by the aggregate of the entire damages so deducted shall be accepted by the Contractor in full satisfaction for work done under the Contract.

- 7.4** The contract time may only be changed by a Change Order approved in writing by the Contract Administrator. Any claim for an extension in the contract time shall be based on written notice delivered to the City within ten (10) days of the occurrence of the event giving rise to the claim.  
All claims for adjustment in the contract time shall be determined by the City, if City and Contractor cannot otherwise agree.
- 7.5** The contract time will be extended in an amount equal to time lost due to delays beyond the control of and through no fault or negligence of Contractor if a claim is made therefore as provided in paragraph 7.4. Such delays shall only include those as a result of natural

and/or man-made disasters, epidemics, abnormal weather conditions, or acts of God.

- 7.6** No claim for damages other than for an extension of time shall be made or asserted against City by reason of any delays except as provided herein. Contractor shall not be entitled to an increase in the Contract Price or payment or compensation of any kind from City for direct, indirect, consequential, impact or other costs, expenses or damages, including but not limited to costs of acceleration or inefficiency, arising because of delay, disruption, interference or hindrance from any cause whatsoever, whether such delay, disruption, interference or hindrance be reasonable or unreasonable, foreseeable or unforeseeable, or avoidable or unavoidable. Otherwise, Contractor shall be entitled only to extensions of the Contract Time as the sole and exclusive remedy for such resulting delay, in accordance with and to the extent specifically provided above.
