She commented on stories and suicide statistics shared at the presentation of the First Responder Award to School Resource Officer Joseph Fitzpatrick by Fort Lauderdale Chamber Healthcare Perspective. She noted the Education Advisory Board was proactively exploring solutions to the issue. Commissioner Welch added that she had attended the Faith Leaders' Roundtable to discuss strategic planning, COVID-19 response, and the Fire Department. She thanked the Coconut Creek Honor Guard for an uplifting Veterans Day recognition.

Alex Tergis, Assistant Director of Public Works, presented the item. He stated this was the second attempt at bidding the project and noted there were 13 responsive bids, with Green Engineering & Constructing being the lowest. He briefly reviewed the company's experience.

Vice Mayor Rydell asked for clarification on the 10 percent contingency in the request. City Manager Brooks stated most construction-related CIP projects included a built-in contingency, but in this case, it was identified separately.

Vice Mayor Rydell noted a large range in the amounts of the received bids. Mr. Tergis stated staff was comfortable due to the scope of work and the respondent's experience with similar work.

Commissioner Tooley asserted she had been trying to get this project done for a number of years due to concerns of parents utilizing the park for baseball and softball. She added it would be safer for the families.

Commissioner Welch asked if the construction would encumber any use of the fields. Mr. Tergis asserted the impact would be mostly between the fields, but directional bore underneath field one (1), the smallest field, would be required at some point and may result in a brief closure.

Mayor Sarbone called for public comment.

Fred Lorenzo, 2900 NW 42nd Ave, asked for clarification regarding the remodel of the playground at Sable Pines. City Manager Brooks stated the City had been replacing all its playgrounds as part of an annual replacement program. (QUASI-JUDICIAL) (PUBLIC HEARING)

Mayor Sarbone read the Resolution title into the record.

Commissioner Tooley made a motion to hear Agenda Item 7, seconded by Commissioner Welch.

City Attorney Pyburn asked if there were any disclosures on behalf of the Commission for the item, and there were none.

Sustainable Development Director Scott Stoudenmire presented the item. He explained the request was to permit a fence in a front yard, which was not permitted under Code. He stated variances were rare because a special situation must occur in order to be eligible. Mr. Stoudenmire asserted the applicant had an oddly shaped lot, creating a unique situation. He explained the applicant had demonstrated a hardship, and staff and the Planning and Zoning Board had recommended approval. He added that the aerial views in Mr. Nelson's presentation would help to make the uniqueness of the situation clearer.

Vice Mayor Rydell asked if the applicant wanted a chain link or shadow box fence. Mr. Stoudenmire stated the request was simply to allow a fence in a front yard, but the request was for a shadow box fence in the front yard, and that had been approved by the Homeowners Association (HOA). Vice Mayor Rydell noted he had reviewed the Planning & Zoning Board meeting minutes and it seemed there was some discontent amongst the neighbors regarding the type of fence.

Mr. Stoudenmire asserted the City Commission would only be allowing a fence, typically staff would defer to the HOA on the type. He noted it was within the purview of the Commission to stipulate the type of fence, and asked City Attorney Pyburn to comment. City Attorney Pyburn stated she would need more information to answer the question specifically.

Mayor Sarbone stated he was not sure they wanted to get into the type of fence, and clarified they were voting on the variance to allow a fence in the front yard, and the approval would need to come from the HOA as to what type.

Applicant Randolph Nelson, 3920 NW 23 Place, Coconut Creek, gave a brief *PowerPoint* presentation, showing images of the front of his home facing the side of the neighbor's home. He

stated he would like to utilize the fence to designate a front yard on his oddly shaped lot. He explained the HOA requires chain link along the canal side of the yard, and he was requesting shadow box in the front and side yard. He stated his proposal included a gate to allow City access to the canal as needed, but he wanted to attempt to dissuade public access through his yard for safety purposes.

Mayor Sarbone opened the public hearing. City Clerk May stated there were no advanced public comments received on the item. There were no further questions or comments from the public, and Mayor Sarbone closed the public hearing.

Neither staff, nor the applicant, had any closing remarks.

Vice Mayor Rydell made a motion to hear Agenda Item 8, seconded by Commissioner Welch.

City Attorney Pyburn asked if there were any disclosures on behalf of the Commission for the item, and there were none.

Sustainable Development Director Stoudenmire presented the item. He explained the ordinance vacated a portion of a 12-foot utility easement for the Lyons Exchange project due to a conflict found during the County permitting process for the turn lane. He noted a new easement would be required, and the utilities located within the easement had submitted letters of no objection. Attorney Deena Gray, 200 E Broward Boulevard, Fort Lauderdale, was present on behalf of the applicant to answer any questions.
