NOTES:

1. All show indicates Permanent Reference monument (or "Nails or" iron concrete monument) in accordance with Broward P.M.C. LB #7281), unless otherwise noted.

2. Bearings shown herein are based on the Eastern Line Tract A, JANIS PLAT, (PB 174, PG 18, BCR). Solid lines bear north 00°24'14" West (Lesser meridian).

3. NOTICE: This plat, as recorded in its plastic form, if the official adoption of the subdivided lands described herein and will in no circumstances be supported in authority by any other graphic or digital form of the plat. There may be additional restrictions that are not recorded on this plat that may be found in the public records of this County.

4. This plat is restricted to square feet of 10,000 square feet or commercial use.

This note is required by Chapter 5, Article 10, Broward County Code of Ordinances and may be amended by approval of the Broward County Board of County Commissioners. The relation and any amendments thereto are solely in-licensing the approved development level for property located within the plat and do not operate as a restriction in favor of any property owner including an owner or owners of property within this plat who took title to the property with reference to this plat. Any structure within this plat must comply with Section 5B1.1, Development Review Requirements, of the Broward County Land Use Plan, regarding hazards to air navigation.

5.a) If a building permit for a principal building (excluding dry docks, sales and construction offices) and first inspection approval are not issued by County's finding of adequacy shall expire and no additional building permits shall be issued until such time as the Broward County makes a subsequent finding that the application satisfies the adequate requirements set forth within the Broward County Land Development Code. The owner of the property or the agent of the owner shall be responsible for providing evidence to Broward County from the appropriate governmental entity, documenting compliance with this requirement within the above referenced time frame, and/or

b) If construction of project water lines, sewer lines, drainage and the rock base for internal roads have not been substantially completed by February 28, 2004, then the County's finding of adequacy shall expire and no additional building permits shall be issued until such time as Broward County makes a subsequent finding that the application satisfies the adequate requirements set forth within the Broward County Land Development Code. The owner of the property or the agent of the owner shall be responsible for providing evidence to Broward County from the appropriate governmental entity, documenting compliance with this requirement within the above referenced time frame.

6. The following note is required by the Broward County Surveyors Chapter to Chapter 177.001, Subsection 177.001, Florida Statutes. Planned utility assessments are also for the construction, installation, maintenance and operation of cable television services. Provided, however, no such construction shall be undertaken until the appropriate cable television services shall interfere with the facilities and service of electric, telephone, gas or other public utility. In the event a cable television company damages the facilities of a public utility, it shall be responsible for the damage and shall apply to private assessments granted to or obtained by a governmental entity, telephone, gas or other public utility. Such construction, installation, maintenance and operation shall comply with the National Electric Safety Code as adopted by the Florida Public Service Commission.
