BUSINESS IMPACT ESTIMATE**

1. Summary of Ordinance No. 2025-033:

Ordinance No. 2025-033 proposes to regulate electric bicycles, motorized mobility devices, and motorized scooters in City-owned parks. The unregulated use of electric bicycles, motorized mobility devices, and motorized scooters in City-owned parks can create significant public health and safety risks due to the significant use of City parks by families, children, and sports organizations, and the higher speeds associated with electric bicycles, motorized mobility devices, and motorized scooters. These concerns are heightened with respect to the large number of children operating these electronic and motorized devices.

A number of studies, including from the University of California at San Francisco, U.S. Consumer Product Safety Commission, Medical Journal JAMA Surgery, League of American Bicyclists, Journal of Clinical Medicine, and the University of California Los Angeles, have found that over the last couple of years there has been an exponential increase in the amount of injuries, accidents, and fatalities relating to the use of electric bicycles and motorized scooters. The adoption of the ordinance serves to protect the public health, safety, and welfare of the residents.

2. Estimate of the Direct Economic Impact of the proposed ordinance on private, for-profit businesses in the City:

- a. An estimate of direct compliance costs that businesses may reasonably incur if the ordinance is enacted.**

None.

- b. Identification of any new charge or fee on businesses subject to the proposed ordinance or for which businesses will be financially responsible.**

None.

- c. An estimate of the City's regulatory costs, including an estimate of revenues from any new charges or fees that will be imposed on businesses to cover such costs.**

None.

3. A good faith estimate of the number of businesses likely to be impacted by the ordinance.

None.

4. Any additional information the City Commission may determine to be useful.

Not applicable.
