- 2.03 TENANT shall maintain the Property in a safe and workmanlike condition and meet all requirements imposed by ordinances of the CITY.

If any such interference occurs, CITY agrees to eliminate or cause the elimination of such interference with TENANT's operations within a reasonable time after receipt of TENANT's notice of such interference and, if necessary, to cause the interfering party to cease its operations. - 2.12 CITY hereby agrees that, if, because of TENANT's operations from the Property, any laws or regulations of the Federal Aviation Administration ("FAA"), FCC or any other relevant governmental agency or body require or recommend that TENANT's antennas and/or the Tower be lit and/or marked, TENANT may install and maintain such lighting and markings. In no event, however, shall TENANT be responsible for the installation or maintenance of any lighting or markings required by the operations of the CITY, or any other tenant on the Tower.
