Upon receipt of a Change Order approved in writing by the Contract Administrator, the Contractor will proceed with the work involved. All such work shall be performed under the applicable conditions of the Contract Documents. If any Change Order causes an increase or decrease in the Contract Price, payment shall be adjusted or pro-rated by the unit price of the pay items in the Contract or based on mutually accepted price if there are no unit prices. An extension or shortening of the Contract Time may be granted by the City depending upon the changes in the scope of work. A Change Order signed by the Contractor indicates his agreement therewith.
- 6.2** Additional work performed by the Contractor without written authorization and signed Change Order will not entitle him to an increase in the Contract Price or an extension of the Contract Time.

- 6.3** It is the Contractor's responsibility to notify his surety of any changes affecting the general scope of the work or change in the Contract Price and the amount of the applicable bonds shall be adjusted accordingly. The Contractor shall furnish proof of such an adjustment to the City.
- 6.4** In no case shall denial of a change order serve as grounds for Contractor to delay or suspend work, unless directed otherwise in writing by City. City's denial or failure to act upon a change order shall not constitute grounds for suspension of work unless City directs otherwise in writing.
- 6.5** No claim for damages or any claim other than for an extension of time shall be made or asserted against the City by reason of any delays. The Contractor shall not be entitled to an increase in the contract sum or payment or compensation of any kind from the City for direct, indirect, consequential, impact or other costs, expenses or damages, including but not limited to costs for acceleration or inefficiency arising because of delay, disruption, interference or hindrance from any cause whatsoever, whether such delay, disruption, interference or hindrance was avoidable or unavoidable; provided however, that this provision shall not preclude recovery of damages by the Contractor for hindrances or delays due solely to fraud, bad faith or active interference on the part of the City or its agents. Otherwise, the Contractor shall be entitled only to extensions of the contract time as the sole and exclusive remedy for such resulting delay in accordance with and to the extent provided for herein.
- 6.6** In the event, the City and Contractor are unable to come to an agreement for a change order, the City reserves the right to assume the ownership of the scope of work under that change order and complete the work either by its own work-force or its own separate Contractor. The City would be responsible and liable for the work completed by its work-force or its Contractor only. The remaining project shall still be the responsibility of the Contractor along with any liability associated with it. In the event City chooses to assume ownership of any portion of the scope of work, Contractor shall make every reasonable effort to accommodate City's workforce or City's own separate Contractor in the performance of such scope.

**ARTICLE 7 TIME FOR COMPLETION, LIQUIDATED DAMAGES AND CHANGE OF CONTRACT TIME**

- 7.1** The date of beginning and the time for completion of the work are essential conditions of the Contract Documents and the work embraced shall be commenced on a date specified in the Notice to Proceed.
- 7.2** The Contractor will proceed with the work at such rate of progress to insure full completion within the contract time. It is expressly understood and agreed, by and between the Contractor and the City, that the contract time for the completion of the work described herein is a reasonable time, taking into consideration the average climatic and economic conditions and other factors prevailing in the locality of the work.
- 7.3** If the Contractor shall fail to complete the work within the contract time, or extension of time granted by the City, then the Contractor will pay to the City the amount of one hundred dollars (\$100.00) for liquidated damages for each calendar day that the Contractor shall be in default after the agreed upon completion date.

It is understood and agreed that deductions at the rates stipulated shall be made from the total contract price for each and every calendar day after and exclusive of the day within which completion was required, and up to and including the date of completion and acceptance by the City.

Completion of the work, as mentioned above, shall include startup and testing of portions of the project, unless explicitly excluded.

The amount as set forth as liquidated damages is understood and agreed not to be a penalty; the said sum being specifically agreed upon in advance as the measure of damage to the City resulting from the delay in completion of the work.

The expiration of the time stipulated without the work having been completed shall in itself constitute a default without the necessity of any notice being given by the City to the Contractor.

The Contractor agrees and consents that the Contract price reduced by the aggregate of the entire damages so deducted shall be accepted by the Contractor in full satisfaction for work done under the Contract.

- 7.4** The contract time may only be changed by a Change Order approved in writing by the Contract Administrator. Any claim for an extension in the contract time shall be based on written notice delivered to the City within ten (10) days of the occurrence of the event giving rise to the claim.

All claims for adjustment in the contract time shall be determined by the City, if City and Contractor cannot otherwise agree.

- 7.5** The contract time will be extended in an amount equal to time lost due to delays beyond the control of and through no fault or negligence of Contractor if a claim is made therefore as provided in paragraph 7.4. Such delays shall only include those as a result of natural and/or man-made disasters, epidemics, abnormal weather conditions, or acts of God.

- 7.6** No claim for damages other than for an extension of time shall be made or asserted against City by reason of any delays except as provided herein. Contractor shall not be entitled to an increase in the Contract Price or payment or compensation of any kind from City for direct, indirect, consequential, impact or other costs, expenses or damages, including but not limited to costs of acceleration or inefficiency, arising because of delay, disruption, interference or hindrance from any cause whatsoever, whether such delay, disruption, interference or hindrance be reasonable or unreasonable, foreseeable or unforeseeable, or avoidable or unavoidable. Otherwise, Contractor shall be entitled only to extensions of the Contract Time as the sole and exclusive remedy for such resulting delay, in accordance with and to the extent specifically provided above.

## **ARTICLE 8 GUARANTEE**

- 8.1** The Contractor shall guarantee all materials and equipment furnished and work performed for a period of one (1) year from the date of acceptance of the project and/or system. The Contractor warrants and guarantees for a period of one (1) year from the date of acceptance that the completed project and/or system is free from all defects due to faulty materials or workmanship and the Contractor shall promptly make such corrections as may be necessary by reason of such defects including the repairs of any damage to other parts of the system resulting from such defects. The City will give notice of observed defects with reasonable promptness. In the event that the Contractor should fail to make such repairs,

adjustments, or the work that may be made necessary by such defects, the City may do so and charge the Contractor the cost thereby incurred. The Performance Bond shall remain in full force and effect through the guarantee period. This Article shall be governed by the City Code.
