

PUBLIC NOTICE

Pursuant to Florida Statutes, Chapter 286.011, notice is hereby given that two (2) or more members of the City of Coconut Creek City Commission may participate in project update meetings hosted by the Florida Department of Transportation (FDOT) for the SW 10th Street Connector Project.

The meetings are scheduled to take place:

DATE: Thursday, June 25, 2026
TIME: 12:00 p.m.
LOCATION: Virtual Microsoft Team's Meeting via computer, tablet, or smartphone. To register for the meeting, visit:
<https://tinyurl.com/SW10thStVPM>
Or by phone in listen-only mode: (786) 530-8279 and enter access code 826-492-22

DATE: Thursday, June 25, 2026
TIME: 5:00 p.m.
LOCATION: Johnny L. Tigner Community Center
Main Ballroom
445 SW 2nd Street
Deerfield Beach, FL 33441

For further information, please contact FDOT Project Manager Robert E. Bostian, P.E. at (954) 777-4427 or Robert.Bostian@dot.state.fl.us

SW 10TH STREET CONNECTOR PROJECT

THE FLORIDA DEPARTMENT OF TRANSPORTATION (FDOT) INVITES THE COMMUNITY TO A VIRTUAL PROJECT UPDATE MEETING AND IN-PERSON OPEN HOUSE ON JUNE 25, 2026.

FDOT is pleased to announce that the SW 10th Street Connector Project is moving forward and advancing into Early Construction Work beginning in late summer of 2026. This initial phase prepares the SW 10th Street corridor for major construction anticipated to begin in the summer of 2027.

For decades, the SW 10th Street corridor has served as a vital west-east connection between the S.R. 869/Sawgrass Expressway and State Road (S.R.) 9/I-95 — and a long-recognized missing link in South Florida’s regional transportation network. The SW 10th Street Connector Project is a major investment and priority project as part of the *Moving Florida Forward Infrastructure Initiative*, advancing construction on critical transportation improvements statewide that address congestion, improve safety, strengthen the resiliency of the transportation network, and enhance Florida’s supply chain and economic growth.

Overall improvements include: creating a dual-roadway system on SW 10th Street to separate local and regional traffic, reconstructing local SW 10th Street, NW/NE 48th Street bridge over S.R. 9/I-95, and the S.R. 9/I-95 interchanges at SW 10th Street and S.R. 810/Hillsboro Boulevard, as well as drainage, safety, and roadway widening improvements along S.R. 9/I-95.

Early Construction Start
Late Summer of 2026

Cost
\$1.3 Billion

Major Construction Start
Summer of 2027

OVERALL PROJECT LIMITS:

- SW 10th Street from the S.R. 869/Sawgrass Expressway to S.R. 9/I-95
- S.R. 9/I-95 from north of S.R. 834/Sample Road to north of S.R. 810/Hillsboro Boulevard
- NW/NE 48th Street over S.R. 9/I-95
- S.R. 810/Hillsboro Boulevard & SW 10th Street interchanges at S.R. 9/I-95

EARLY CONSTRUCTION WORK IMPROVEMENTS

Early Construction Work will begin in late summer 2026. Improvements include:

- **Sound Barrier Wall Construction:** To minimize disruption to residents and the traveling public, sound barrier wall construction will be delivered in phases along the SW 10th Street corridor — beginning with properties on the south side between SW 30th Avenue and SW 24th Avenue, where construction space and right of way allow operations to start first. Once complete, the walls will reduce roadway noise for adjacent communities along the corridor.
- **Reconstruction of the NW/NE 48th Street Bridge:** The NW/NE 48th Street Bridge over S.R. 9/I-95 will be closed, demolished and reconstructed during the preparation phase of the SW 10th Street Connector Project, requiring an approximate one-year full closure of the bridge. To minimize impacts during construction, detours will be in place throughout the closure to maintain access to surrounding neighborhoods, businesses, and travel routes. FDOT will continue to coordinate with the community as the work progresses.
- **Utility Relocation:** Work will continue to take place along the corridor in coordination with local utility providers: City of Deerfield Beach, Broward County Water & Wastewater Services, Comcast, FP&L, TECO Peoples Gas and AT&T. This effort relocates existing infrastructure outside the footprint of upcoming roadway improvements and is a necessary step before major roadway construction can begin.

TWO WAYS TO JOIN US:

VIRTUAL PUBLIC MEETING

Tune in from anywhere - **Microsoft Team’s**

Date: Thursday, June 25, 2026

Time: Between 12:00 p.m. and 1:00 p.m.

How to Join - Please use the following link or scan the QR code to register.

<https://tinyurl.com/SW10thStVPM>

Phone Number: +1 786-530-8279

Attendee Access Code: 826-492-22

- Presentations will begin promptly at 12:00 p.m. and 12:30 p.m.
- A Question and Answer session will follow each presentation
- Mobile users will be required to download the Team’s application in order to join the webinar.
- A recording of the virtual meeting will be posted on the website after the meeting.

IN-PERSON OPEN HOUSE

Stop by, meet the team, and ask questions.

Date: Thursday, June 25, 2026

Time: 5:00 p.m. - 7:00 p.m.

Location: Johnny L. Tigner Community Center
In the Main Ballroom
445 SW 2nd Street, Deerfield Beach, FL 33441

Project personnel will be available to review the project status and Early Construction Work activities and engage with attendees one-on-one.

FLORIDA DEPARTMENT OF TRANSPORTATION MISSION STATEMENT

The Florida Department of Transportation’s mission is to provide a safe statewide transportation system that promotes the efficient movement of people and goods, supports the state’s economic competitiveness, prioritizes Florida’s environment and natural resources, and preserves the quality of life and connectedness of the state’s communities.

Please contact the Senior Community Outreach Specialist, Daniela Silva, to be added to project email notification lists. If special accommodations under the Americans with Disabilities Act (ADA) or translation services (free of charge) are needed, please contact the Program Manager, Robert Bostian, P.E., at least seven (7) days prior to the Virtual Public Meeting. Public participation is solicited without regard to race, color, national origin, age, sex, religion, disability, or family status. Para información y preguntas en Español, por favor llame al (954) 777-4302.

WWW.SW10STREET.COM

THE PROJECT IMPROVES SW 10TH STREET BY CREATING TWO SEPARATE ROADWAY SYSTEMS:

1

FACING EAST
SW 10th Street Connector lanes for regional travel between the S.R. 869/Sawgrass Expressway and S.R. 9/I-95

2

FACING WEST
A reconstructed local SW 10th Street to better serve nearby communities

3

FACING WEST
A 12-foot shared-use path for pedestrians and cyclists

ADDITIONAL IMPROVEMENTS EXTEND ALONG S.R. 9/I-95 FROM NORTH OF S.R. 834/SAMPLE ROAD TO NORTH OF S.R. 810/HILLSBORO BOULEVARD, ENHANCING SAFETY AND SYSTEM OPERATIONS.

Major elements include:

4

FACING WEST
Reconstructing the S.R. 9/I-95 interchange at SW 10th Street

5

FACING NORTH
Expanding I-95 Express Lanes from one to two continuous lanes in each direction for regional connectivity

6

FACING SOUTHWEST
Constructing new direct connect ramps from S.R. 9/I-95 to the new SW 10th Street Connector lanes
