Re: Proposal for Structural Engineering Services During Construction
Hilton Road Storage and Repump Facility Improvements
Coconut Creek, Florida

Dear Mr. Worsham:

Wekiva Engineering, LLC (Wekiva) is pleased to submit this proposal to provide structural engineering services to Reiss Engineering, Inc. (Reiss) for the above referenced project. The project, which has recently been completed to the 100% design submittal level, includes the following improvements:

- One-story masonry electrical and pump building.
- Pre-engineered metal storage building.
- Chemical containment pavilion.
- Slab-on-grade supporting a new generator.
- Miscellaneous equipment pads and pipe supports.

SCOPE OF SERVICES

Wekiva proposes the following work task:

Task 1: Services During Construction: Wekiva staff will review shop drawing submittals and RFI's. We will also perform one (1) site visit during construction along with a substantial completion site visit. We will prepare signed and sealed record drawings based on Contractor supplied markups.

COST AND SCHEDULE

Wekiva proposes to undertake the work described above on a lump sum fixed fee basis for a price of **\$6,137.56**. See the attached Table 1 for a fee breakdown per each task.

TERMS AND CONDITIONS

Wekiva will begin work immediately upon your notice to proceed. We will issue monthly invoices for the work accomplished during the calendar month. We appreciate the opportunity to submit this proposal to Reiss and we look forward to a successful collaboration on this project. If you have any questions or need further information, please call.

Sincerely,

A handwritten signature in black ink, appearing to read 'John Sobczak', with a period at the end.

John Sobczak, P.E.
Principal
