RE: Sole Source Supplier to Coconut Creek Fire Rescue for Mach Alert FSAA System

Dear Jeff,

Mach Alert, Inc. is the sole provider of the Mach Alert Fire Station Alerting and Automation (FSAA) product including all associated hardware and software and is not available by any other vendor. The programming and testing of the Mach Alert Fire Station Alerting and Automation (FSAA) software and the services to configure the field devices with the Mach Alert FSA system is exclusively a Mach Alert, Inc. service and therefore a sole source service. Mach Alert, Inc. is the copyright holder of the Mach Alert Fire Station Alerting and Automation (FSAA) software and is not available by any other vendor.

Coral Springs Fire Department utilizes the same Mach Alert Fire Station Alerting and Automation system and will be dispatching fire calls to Coconut Creek Fire Rescue. Coconut Creek will be joining the existing Coral Springs Mach Alert System therefore requiring the sole source product that meets the compatibility needs of Coconut Creek Fire Rescue.

Sincerely,

A handwritten signature in black ink that reads 'Ernesto Ramos'.

Ernesto Ramos
