VISA PURCHASING CARD:

The City of Coconut Creek has implemented a Visa Procurement Card (P-Card) Program through SunTrust Bank. The City's preference is to pay for goods/services with the P-Card. This program allows the City to expedite payment to our vendors. Some of the benefits of the P-Card Program to the vendor are: payment received within 72 hours of receipt and acceptance of goods, reduced paperwork, issue receipts instead of generating invoices, resulting in fewer invoice problems, and deal directly with the cardholder (in most cases).

Vendors accepting payment by the P-Card may not require the City (Cardholder) to pay a separate or additional convenience fee, surcharge or any part of any contemporaneous finance charge in connection with a transaction. Such charges are allowable, however must be included in the total cost of the bid. Vendors are not to add notations such as "+3% service fee" in their bid response. All bid responses shall be inclusive of any and all fees associated with the acceptance of the P-Card.

Vendors agreeing to accept payment by P-Card must presently have the capability to accept Visa or take whatever steps necessary to implement the ability before the start of the agreement term.

Completion Time

Bidder agrees that the work will be completed within one hundred eighty (180) days for Phase I from the date stipulated in the Notice to Proceed and for Phase II the work will be completed within two hundred forty (240) days from the completion of Phase I (as determined by City). The two hundred forty (240) days to complete Phase II shall be inclusive of the fourteen (14) day break noted in Section D, Sub-section 6 of the Specifications entitled, "Phasing."

Qualifications Summary

As President, Dave provides the vision and leadership to drive Big Dog's growth and reputation. He prides himself on an ability to anticipate and solve complex situations and deal with unanticipated circumstances. Dave ensures our commitment to quality through his primary management technique—MBWA (Management by Walking Around). Dave offers a rare-to-find combination of education, experience, industry and community contacts, with an intensive understanding of contracts, budgets and finances.

Dave's career spans nearly four decades and \$1 billion dollars of projects, beginning with his first job as a union carpenter and including one of the largest private residences in the country. His projects span more than a dozen market sectors and the entire gamut of delivery methods. **Virtually all our business comes from referrals, many of which are directly attributed to Dave's excellent reputation in the South Florida region. In fact, he has previously worked with executives at most of the major prime contractors in our area.**

While serving as president of the Broward League of Cities, during his tenure as a city official, his "Building One Broward" initiative included establishment of a county-wide universal building application that was implemented in 2015.

Over a decade ago, Rhonda developed training curricula and marketing collateral, including case studies for an online assessment company. Prior to that, she was responsible for concept development, research, branding, speaker solicitation and coordination, marketing copy and recommendation of sponsors for large national conferences. **Rhonda has served in a wide range of roles for a variety of companies and is a collaboration expert offering great benefit to your projects.** She's also been involved in defining unique selling propositions, branding and marketing strategies, project and staffing plans, as well as organizational structures.

She truly understands the big picture and how all the pieces of the puzzle need to connect for the most benefit.

“ David and Rhonda visited the site of the current project the very next day, on a late Friday night. They came prepared with a scope of work and schedules that they had drafted in less than 24 hours. I was so impressed by their professionalism that I had resorted to a move every designer tries to avoid. I terminated the contract with the GC on the current project a month before its scheduled completion. In one day, I fired one GC and hired BDCSI for what would ultimately be two projects.
