

LYONS ROAD MOBILITY SAFETY PROJECT

YOU ARE INVITED TO A PROJECT PRESENTATION

JULY 10, 2025 | 7:00 PM | COMMISSION CHAMBERS

ABOUT THE PROJECT

This project consists of constructing pedestrian-scale lighting along the west side sidewalk of Lyons Road, between Atlantic Boulevard and the Sawgrass Expressway, to enhance safety and visibility for pedestrians, bicyclists, and public transportation users. The construction will take advantage of the underground lighting infrastructure, such as pull boxes and conduits, that was installed by the Florida Department of Transportation (FDOT) in 2019.

SCHEDULE

- Currently in the design phase
- Design Complete – Last Quarter 2025
- Construction Begins – First Quarter 2026
- Construction Complete – Last Quarter 2026

PUBLIC PARTICIPATION

Public participation is an essential part of the design process. We invite residents, businesses, and other stakeholders to join us in creating a more people-friendly, inclusive community by providing input and inspiration. Presentation to be held during the Commission Meeting, 4800 W. Copans Road.

*Public participation is solicited without regard to race, color, national origin, age, sex, religion, disability, or family status.
Translation services or ADA accommodations are available upon request 7 days prior to the meeting.*
