**Experience:**

I will shortly have completed my first year as an Alternate on the Environmental Advisory Board. This has been a great experience and I would like to continue serving the board in any capacity available. I believe Coconut Creek is and should continue to be a leader in sustainable and green communities. My business experience includes 20 years working for global corporations and helping make excellent business decisions that make economic sense while maintaining the highest levels of service. I have steadily moved up in my career to where I am now a Global Manager for CSL Plasma with over 10K customer/colleagues throughout the Americas. Over the course of this career I have learned how to excel at providing superior service while making financial decisions that creatively save costs. I am also a problem solver and I excel at finding pragmatic solutions. I want to bring my experience and desire to be involved and help my fellow citizens to our great city.
