2017: Making Florida First for Jobs

Dear Business Professional:

Congratulations! Your license from the Florida Department of Business and Professional Regulation moves you closer to achieving your dreams in the Sunshine State. Thank you for your commitment as a licensed business professional and your hard work to provide high quality professional service to Florida families and businesses.

We are working to make Florida the global leader for jobs. Since December 2010, we have cut taxes more than 55 times, saving Florida businesses and families \$5.5 billion. We have paid down \$7.5 billion in state debt, and eliminated more than 4,500 regulations, making it easier to do business in Florida. In the same time frame, Florida's private-sector businesses have created more than 1.2 million jobs for Florida families. Our number one goal is to make Florida the best place in the world to get a job.

We want your business to grow in Florida and more companies to choose to invest in our state. Florida has a lot to offer to outcompete other states for jobs: our business climate, low taxes, education system, workforce, transportation infrastructure, and even the weather. I encourage you to invite your business partners outside of Florida to consider growing their business in Florida. You can help spread the word about Florida's business friendly environment.

At DBPR, we have eliminated more than two hundred burdensome regulations and significantly reduced the amount of time it takes to obtain a license, allowing licensees to get to work more quickly. That's the way government should work - with efficiency and innovation to help Florida's businesses open their doors.

I know firsthand that a job is the single most important thing to a family because it changed my family's life growing up when my parents had jobs. That's why I'll keep fighting for jobs and putting more money in the pockets of Florida families.

Again, congratulations on receiving your license. We want Florida to be first for jobs and the best place in the world to raise a family, get a great education, and achieve the American dream. Please let me know your ideas for how we can grow our small businesses and further diversify our economy to invest in the future of our state.

Sincerely,
