Subject: Comments for tonight's Commission meeting, Jan 26, 2023
Date: Thursday, January 26, 2023 4:21:47 PM

I sent this to several people in hopes someone would get it at this late time.

To Whom this may concern,

I'm sorry I didn't submit this by noon, as required, because until just now I had planned to attend person.

I would really appreciate if it could still be read tonight!

Tonight's Agenda item #7:

Will residents be given the opportunity to input ideas to the design for the median? If so, would you be able to hold a specific meeting for this?

Non agenda:

Im upset I missed seeing the presentation of our \$75,000 grant check from Niagra Bottling, LLC

Josh knows I submitted several entries during the contest, and have been eagerly waiting; this date

in hopes of this good news! Im thrilled that Coconut Creek's own Coco Point Park has won this "perk".

Coconut Creek now has a great opportunity. All the ideas Josh talked about sound wonderful

and will add yet another beautiful park to our city!

I am excited to see the completion all these new additions. (I listen to the audio at home)

Have all the mentioned plans already been drafted and finalized or still in the designing process?

Is there any projected date to begin, and when is it hoped to be completed? Of course considering any delays due to weather conditions.

➤ I think it would be a nice idea to have our elementary students to be a part of this (I say this only because I think they would be the *primary* population).

Perhaps, it might give them a sense of appreciation to be involved in the excitement.

What if they were given the chance to submit artwork of a park, which would then be displayed in City Hall.

I think all children like seeing their artwork displayed.

Lastly, I too think it would be a great benefit to display some banners for the Farmers Market. I told a friend about it, non Coconut Creek resident. She said she has never seen anything when she passes by.

If time permits, you may call me at 954-501-3198 or please reply. Of course I'll be

listening anyway.

Thank you very much in advance.

Sherri McGlynn
