Scope Of Services Provided

Proposed Methodology

Imperial Electrical is a well established electrical contractor in Broward County, Florida. We specialize in Government, State and Municipal projects. We currently have maintenance contracts with various municipalities and the D.O.T., providing 24 hr emergency service as well. Furthermore, we have provided electrical services to Broward County Cities for the past 15 years and we understand the procedures and practices involved.

Imperial Electrical has safety measures in place consisting of weekly job safety meetings, as well as monthly safety meetings in the office whereby safety videos are watched and safety tests are taken.

Proposer's Procedures

Imperial Electrical will provide electrical maintenance and contracting at the city as required. Once we receive a request from Coconut Creek, a prompt response will be made by having a qualified electrician perform a pre-bid inspection at the job site, based on the work and drawings, if provided, with the city's representative at the job site. If the drawings are not available or provided, a brief summary and drawing will be made and reviewed with the representative to assure that the complete needs of the department will be met. We will then provide a proposal with the cost breakdown and time frame required for the completion of the work. Once the purchase order is issued, we will schedule a pre work site visit and thereafter execute the work. At job completion, a final walk thru will be performed along with the project coordinator to review "as built" drawings and completed work. Any punch list and inspection items that may arise at that time will be completed prior to final billing.

Coordination and Communication

Maintenance and repair jobs will addressed on a priority bases determined by the city submitting a work order request as the attached sample. We have a response program designed to satisfy city's needs which usually means same day or next day responses of repairs. All communication with assigned personnel will be made by telephone, facsimile or email and we will do our best to respond promptly.

Additional Services

Imperial Electrical has provided Deerfield Beach in the past with Electrical Engineering Services by State Licensed P.E. The service has been provided to Broward College for projects ranging from \$5,000 to over \$100,000. Our detailed electrical drawings provided to Broward College have been highly praised by the Broward College construction management team, as the best they have seen.

Imperial Electrical has also provided hurricane relief and repairs to the Florida League of Cities Insurance. While performing cleanup and recovery from Hurricane Wilma, we provided assistance to over 20 different government municipalities. We are in possession of a large array of equipment pertaining to the use of hurricane relief and cleanup, including generators and hauling equipment.

Imperial Electrical also has a crane division providing crane pole setting and under ground utility construction. These services have also been provided to Coconut Creek in the past.

Timeframe

Imperial Electrical has performed many projects for City's whereby completion dates and working times/days were very critical. We have always worked around the issues to make sure the completion dates were met successfully.

EXPERIENCE AND QUALIFICATION OF THE PROPOSER

Executive Summary

Imperial Electrical has been established in Broward County since 2002. We are experienced electrical contractors specialized in Government, State, and Municipal projects.

Mr. Michael Terango has been a licensed electrician since 1991. He has been estimating, purchasing and specializing in Government, State and Municipal projects since 1995. Mr. Terango has been performing duties as estimator, purchaser and project coordinator for Imperial Electrical since 2002.

Mr. James Fazzini has been a licensed electrician since 1989. He has been managing large projects in the industrial and commercial field. Mr. Fazzini has been working for Imperial Electrical since 2003 performing the duties of estimator, project manager and safety coordinator.

We currently have maintenance projects with various Municipalities, as well as the D.O.T. We provide a full range of electrical work, including installations, maintenance and 24 hour emergency services.

We also offer build services such as engineering, design and development.

In the past 6 years we have worked with Broward College and are very conscious of the working environment, and we have a very good working relation with the contract managers and the procurement office.

Many times the job will require critical deadlines for completion. In the past we have met all deadlines by working additional days and/or nights as required and making sure the job is always completed on time.

Enclosed you will find copies of similar contracts and renewals from different Municipalities. Some of these contracts, as you can see, have been ongoing and renewed for a number of years, thereby guaranteeing our experience and knowledge in the requirements of this type of project.

In addition, we are also providing you with copies of "Contractor Field Performance Reports" issued by the Florida Department of Transportation. The reports enclosed cover periods from the year 2003 to 2008. As you can see from the scores received, we have fulfilled the requirements to a high standard. This serves as further proof that we are knowledgeable of the understanding of nature and scope of services to be provided as well as the ability to comply with all requirements of the project.

In addition to the electrical contracting and maintenance work, Imperial Electrical also provides Electrical Engineering Services by State Licensed P.E. This service has been provided for projects to Broward College in the past. Our detailed electrical drawings have been highly regarded by the Broward College construction management team.

Imperial Electrical has also provided hurricane relief and repairs to the Florida League of Cities Insurances. After Hurricane Wilma came through South Florida, we have provided assistance to over 20 different government municipalities during cleanup and recovery. We are in possession of a large array of equipment, including generators and hauling equipment.

Imperial Electrical also has a Division providing crane pole setting and underground utility construction.

By providing the additional services, we are a full service electrical contractor that will meet and exceed expectations.

A handwritten signature in cursive script is written over a circular stamp. The stamp contains the text "FLORIDA LEAGUE OF CITIES" around the perimeter and "2002" in the center. The signature appears to be "M. J. [unclear] Pres".

COMPANY RESUME

To: City of Coconut Creek

12/2/2018

Imperial Electrical specializes in Government, State and Municipal projects ranging from \$100 to \$2,000,000. We maintain a small to medium size company to allow us to provide a more hands on approach when working with government agencies. From start to finish of any project you work directly with management who will be involved from pricing to final payment. We believe and have had great success with this approach as our track record shows.

Presently we hold maintenance contracts with the City of Sunrise, City of Hollywood, Cooper City, City of Port St Lucie, and D.O.T. Turnpike Toll Plaza's and Service Plaza's which are one year up to 3 year contracts. We are on our seventh year with the City of Sunrise and ninth year with DOT Turnpike Maintenance and Emergency Service from Ft Pierce to Homestead. Broward County has selected our company as one of seven approved electrical contractors for small project vendor list. We have been doing business with Broward County for over 10 years on projects from \$1000 to \$1,000,000 and have established a quality reputation with this agency.

We have a division within the company that primarily does sports lighting maintenance and installation for the past 15 years. Our equipment is all owned and operated by Imperial Electrical to provide the quality and timely installation and service of sports lighting to our customers.

We also offer design build services from engineering to design and development. Many of our projects have been redesigned and value engineered by our company to provide cost savings and bring projects to within budget.

Please find the attached list of some completed projects for Government agencies that we have completed recently.

Dear Mr. Armstrong,

This letter shall serve as one of recommendation for Imperial Electrical, Inc. and Mike Terango, its president. The City of Sunrise has worked with Mr. Terango's company, Imperial Electrical, for over five years. During this time the work they have performed has been excellent. They have been assigned a multitude of projects, including, but not limited to, athletic field/court light repairs, re-wiring of various pieces of equipment, air conditioning re-wiring, overseeing special events, new project design input, re-modeling design input and work, and many other types of work. In all the work Imperial has performed, there has never been a default on any project. Even when work has been assigned to them on short notice, it is attended to quickly and successfully.

I would highly recommend Imperial Electrical, Inc. and Mike Terango for any electrical work needed.

Sincerely,

To whom it may concern:

This is to acknowledge Imperial Electric's professionalism and workmanship demonstrated during the past 16 years. Imperial Electric has been contracted to perform numerous project in the Fort Lauderdale F'OB, Paul Rodgers F'OB, Claude Pepper Federal Building as well as the privately owned building where it houses government agencies. Some of these contracts consist of one U.S. Magistrate Courtroom and chambers, two U.S. District Courtrooms and chambers, one U.S. Bankruptcy Courtroom and chambers, complete renovation of the U.S. Marshal Service's office spaces and detention cells, and renovations of the U.S. Clerk of the Court's office space.

I have found working with Mike Terrango to have always been reliable and that his ability and knowledge of the trade is great asset to Imperial Electric. He is a problem-solver and is easy to work, all which makes him a pleasure to do business with.

To whom it may concern:

The individual, Mr. Mike Terango, owner of Imperial Electrical, Inc., has performed several electrical projects for the US Coast Guard, Civil Engineering Unit Miami. These projects have been Small Business Set Aside 8(a), and open market bid. Recent projects are as follows:

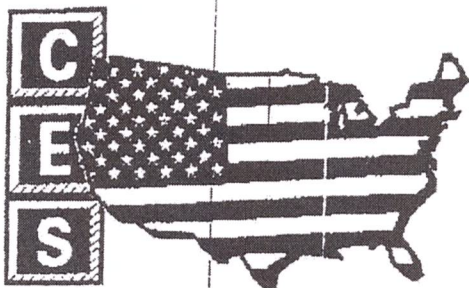

- 1.) USCG Marathon Housing: Performing miscellaneous repairs and alterations requiring scheduling and coordination the work with active tenants. Project completed on time with no change orders.
- 2.) USCG Station Fort Lauderdale: Provision of a new 480 volt, 200 ampere shore-tie electrical, telephone and data service for new CPB 87' Cutter Homeport. Project completed very successfully, no problems.
- 3.) USCG Air Station Miami: Replacement of 400Hz frequency converter at the radar trailer. Required security background check and clearance. Project completed without incident.
- 4.) USCG Air Station Miami: Completed two projects at the fuel farm, aircraft apron fueling stations. The first project was very complex, requiring complete rewiring of apron fueling dispensing stations to the master computer controlled fuel delivery system. Required installation of new control and power duct banks at the aircraft apron areas. Required complex fuel control revisions. First project completed without incident. Second project was to harden the fuel delivery system, damage by lightning. Three 75HP variable speed JP5 fuel pumps and controls, required extensive grounding and application of surge protection devices, required custom reprogramming of PLC computer controller, damaged by lightning. Project completed very successfully.

The electrical contractor firm of Imperial Electrical, Inc., and owner Mr. Mike Terango is welcome to bid on any US Coast Guard project. His timely performance, material installation, and quality of workmanship is outstanding. Shop drawings are always specified materials. His company is highly recommended to perform any electrical work for BCC.

Imperial Electric has been doing business with City Electric Supply for well over fifteen years. It is a pleasure doing business with them, not just the fact that they are the best paying customer that I have ever known, but I feel they are genuinely nice and good people. My employees enjoy when any of the Imperial guys come into our store to purchase.

If I could pick and choose who my customers are, I am sure that myself and the accounting department would like them to all be like Mike and his company. They are a pleasure to do business with and I hope that our relationship continues long into the future.

RE: BID #A/R 2007-2043; Annual Agreement for Electrical Maintenance and Installation Services.

Dear Mr. Terango,

The referenced contract for Electrical Maintenance and Installation Services expired on March 2, 2007. The contract contains provisions for renewal options if both parties are in agreement and there are no changes to the terms and conditions.

Martin County would like to renew this contract for the next twelve-month period beginning March 2, 2008 through March 1, 2008. If Imperial Electrical Inc. is in agreement, please sign the attached renewal form and return to the Purchasing Division by March 14, 2008.

If you do not wish to renew this contract, please indicate in the space provided and return to the Purchasing Division no later than March 14, 2008.

Your cooperation is sincerely appreciated. Please do not hesitate to contact me at (772) 288-5510.

Sincerely,

James Pritchard

VISA PURCHASING CARD:

The City of Coconut Creek has implemented a Visa Procurement Card (P-Card) Program through SunTrust Bank. The City's preference is to pay for goods/services with the P-Card. This program allows the City to expedite payment to our vendors. Some of the benefits of the P-Card Program to the vendor are: payment received within 72 hours of receipt and acceptance of goods, reduced paperwork, issue receipts instead of generating invoices, resulting in fewer invoice problems, deal directly with the cardholder (in most cases).

Vendors accepting payment by the P-Card may not require the City (Cardholder) to pay a separate or additional convenience fee, surcharge or any part of any contemporaneous finance charge in connection with a transaction. Such charges are allowable, however must be included in the total cost of their response. Vendors are not to add notations such as "+3% service fee" in their response. All responses shall be inclusive of any and all fees associated with the acceptance of the P-Card.

Vendors agreeing to accept payment by P-Card must presently have the capability to accept Visa or take whatever steps necessary to implement the ability before the start of the agreement term.

Purchasing Card Acceptance

Why You Should Accept City of Coconut Creek's Purchasing Card

The Challenge

To optimize working capital, buying organizations are requesting that their suppliers accept purchasing cards for payment. By replacing their paper-based accounts payable process with an electronic purchasing card solution, buyers reduce their overall payables cost and suppliers reduce their collection expenses. As a supplier you will be able to accept credit card payments while minimizing your acceptance costs.

The Solution

We would like for you to begin accepting the SunTrust Purchasing Card. Payments made with a purchasing card provide faster receipt of funds, as they are deposited electronically to your checking account. We have partnered with SunTrust to negotiate preferred product and pricing solutions that fit the needs of Business-to-Business (B2B) purchasing card acceptance.

Here's How It Works

SunTrust will provide a computer-based solution that allows you to get the best effective rate for B2B card acceptance. A computer-based application is necessary to authorize and settle transactions at the best available interchange rate, as typical point-of-sale terminals do not have the capability to send the additional required enhanced data with the purchasing card transactions.

What's In It For You

With our B2B solution you will receive payments quicker than through the manual paper-based process. You can also:

- Achieve cost reductions in mail handling, depositing payments and collection
- Have your funds deposited electronically
- Receive payments faster and improved cash flow
- Gain greater visibility to manage cash flow through online reporting
- Increase accounting efficiency
- Receive competitive processing rates and fees
- Eliminate returned or lost checks processing and related expenses
- Experience reduced potential for fraud than with check payments
- Decrease days sales outstanding

City of Coconut Creek Preferred Supplier Acceptance Pricing

We have created a program to allow you to qualify at the best effective rates either by software or through a web-based solution.

Visa® Rate	Purchase Card Level 2	Purchase Card Level 3	Large Ticket Rate
*Interchange Rate	2.00% + \$0.05	1.80% + \$0.10	1.45% + \$35.00
*Assessment Fee	0.0925%	0.0925%	0.0925%
SunTrust Merchant Services Fee	0.20%	0.20%	0.20%
*Effective Rate	2.33%	2.13%	1.78%

*Rate provided by Visa

Purchase Level 2

To qualify for the Visa Level 2 Interchange Rates, the sales tax amount must be reported and the value must be greater than zero.

Purchase Level 3

To qualify for the Visa Level 3 Interchange Rate, Level 3 data (item description, product code, quantity, unit of measure and commodity code) must be reported. If the Sales tax is not applied, a value of zero (0.00) is required.

Purchase Large Ticket

To qualify for the Visa Large Ticket Interchange Rate, Level 2 and Level 3 data must be reported. Any transaction greater than \$6,980 that has the required data elements will qualify for the Visa Large Ticket Rate.

INDEMNIFICATION CLAUSE
(Page 1 of 1)

The parties agree that one percent (1%) of the total compensation paid to Contractor for the work of the contract shall constitute specific consideration to Contractor for the indemnification to be provided under the Contract. The Contractor shall indemnify and hold harmless the City Commission, the City of Coconut Creek, and its agents and employees from and against all claims, damages, losses and expenses including attorney's fees arising out of or resulting from the performance of the work provided that any such claim, damage, loss or expense (1) is attributable to bodily injury, sickness, disease or death, or to injury to or destruction of tangible property (other than the work itself) including the loss of use resulting therefrom, and (2) is caused in whole or in part by any negligent act or omission of the Contractor, any subcontractor, anyone directly or indirectly employed by any of them or anyone for whose acts any of them may be liable, regardless of whether or not it is caused in part by a party indemnified hereunder.

In any and all claims against the City, or any of their agents or employees by any employee of the Contractor, any subcontractor, anyone directly or indirectly employed by any of them or anyone for whose acts any of them may be liable, the indemnification obligation under this Paragraph shall not be limited in any way by any limitation on this amount or type of damages compensation or benefits payable by or for the Contractor or any subcontractor under Workers' Compensation Acts, Disability Benefit Acts or other Employee Benefit Acts. Nothing in this section shall affect the immunities of the City pursuant to Chapter 768, Florida Statutes, as amended from time to time, nor shall it constitute an agreement by the City to indemnify Contractor, its officers, employers, subcontractors or agents against any claim or cause of action.

(If the entity has no FEIN, include the Social Security Number of the individual signing this sworn statement: _____.)
3. My name is Michael Teranga and my
(Please print name of individual signing)
relationship to the entity named above is Pres.
4. I understand that a "public entity crime" as defined in Paragraph 287.133(1)(g), Florida Statutes, means a violation of any state or federal law by a person with respect to and directly related to the transaction of business with any public entity or with an agency or political subdivision of any other state or with the United States, including, but not limited to, any bid or contract for goods or services to be provided to any public entity or an agency or political subdivision of any other state or of the United States and involving antitrust, fraud, theft, bribery, collusion, racketeering, conspiracy, or material misrepresentation.
5. I understand that a "convicted" or "conviction" as defined in Paragraph 287.133(1)(b), Florida Statutes, means a finding of guilt or a conviction of a public entity crime, with or without an adjudication of guilt, in any federal or state trial court of record relating to charges brought by indictment or information after July 1, 1989, as a result of a jury verdict, nonjury trial, or entry of a plea of guilty or nolo contendere.
6. I understand that an "affiliate" as defined in Paragraph 287.133(1)(a), Florida Statutes, includes but is not limited to:
 1. A predecessor or successor of a person convicted of a public entity crime: or
 2. An entity under the control of any natural person who is active in the management of the entity and who has been convicted of a public entity crime. The term "affiliate" includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in the management of an affiliate. The Ownership by one person of shares constituting a controlling interest in another person, or a pooling of equipment or income among persons when not for fair market value under an arm's length agreement, shall be a prima facie case that one person controls another person. A person who knowingly enters into a joint venture with a person who has been convicted of a public entity crime in Florida during the preceding thirty-six (36) months shall be considered an affiliate.
7. I understand that a "person" as defined in Paragraph 287.133(1)(e), Florida Statutes, means any natural person or entity organized under the laws of any state or of the United States with the legal power to enter into a binding contract and which bids or applies to bid on contracts for the provision

of goods or services let by a public entity, or which otherwise transacts or applies to transact business with a public entity. The term "person" includes those officers, who are active, or who have been active, directors, executives, partners, shareholders, employees, members, and agents who are active in management of an entity within the last five (5) years of this sworn statement.

8. Based on information and belief, the statement which I have marked below is true in relation to the entity submitting this sworn statement. **Please check all statements that are applicable.**

- Neither the entity submitting this sworn statement, nor any officers, directors, executives, partners, shareholders, employees, members, or agents who are active in management of the entity, nor any affiliate of the entity have been charged with and convicted of a public entity crime subsequent to July 1, 1989.
- The entity submitting this sworn statement, or one or more of the officers, directors, executives, partners, shareholders, employees, members, or agents who are active in management of the entity, or an affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989, AND (Please indicate which additional statement applies.)
- There has been a proceeding concerning the conviction before a hearing officer of the State of Florida, Division of Administrative Hearings. The final order entered by the hearing officer did not place the person or affiliate on the convicted vendor list. (Please attach a copy of the final order.)
- The person or affiliate was placed on the convicted vendor list. There has been a subsequent proceeding before a hearing officer of the State of Florida, Division of Administrative Hearings. The final order entered by the hearing officer determined that it was in the public interest to remove the person or affiliate from the convicted vendor list. (Please attach a copy of the final order.)

9. Based on information and belief, the statement that I have marked below is true in relation to the entity submitting this sworn statement. **Please check if statement is applicable.**

- The person or affiliate has not been placed on the convicted vendor list.
(If the box is not checked, please describe any action taken by or pending with the Department of General Services.)

10. The herein sworn statement shall be subject to and incorporate all the terms and conditions contained in Section 287.133 of the Florida Statutes.
11. Conviction of a public entity crime shall be cause for disqualification.

=====

To Our Employees:

In order to insure a safer workplace for all of our employees, our customers and the general public, we are proud to announce the implementation of **Drug Free Workplace Program** effective October 1, 2003, in compliance with Florida Law.

The program has many benefits. For those employees who feel that they may presently have a problem related to drug or alcohol usage, you may speak confidentially with our **Employee Assistance Counselor, Jim Fazzini**, or our **Safety Director, Mike Terengo**, who will provide you with a list of available programs. You will not be penalized in any way at all by seeking help before there is an accident or problem at work.

Please read the attached **Drug Free Workplace Policy Manual** very carefully. Once the program is implemented, drug and alcohol usage or intoxication on the job will not be tolerated. In some cases, this will include certain prescription drugs.

Drug testing will be limited to new employees, those who are injured on the job, and those whose performance appears to be impaired by drugs or alcohol. There will not be any blanket testing of existing employees.

Please feel free to see either your Supervisor, Manager, Safety Director or our Employee Assistance Counselor if you have any questions.

Sincerely,

Mike Terengo, Owner
Imperial Electrical, Inc.

RE: Imperial Electrical, Inc.
Statement of Bondability

To Whom It May Concern:

This is to advise you that our office provides Bid, Performance, and Payment Bonds for Imperial Electrical, Inc. Their surety is Developers Surety and Indemnity Company which carries an A.M. Best Rating of A- VII and listed in the Department of the Treasury's Federal Register.

Based upon normal and standard underwriting criteria at the time of the request, we should be in a position to provide Performance and Payment Bonds for projects in excess of \$2,000,000.00 for a single size range and \$5,000,000.00 in the aggregate. We obviously reserve the right to review final contractual documents, bond forms and obtain satisfactory evidence of funding prior to final commitment to issue bonds.

Imperial Electrical, Inc. is an excellent contractor and we hold them in highest regard. We feel extremely confident in our contractor and encourage you to offer them an opportunity to execute any upcoming projects.

This letter is not an assumption of liability, nor is it a bid or performance and payment bond. It is issued only as a bonding reference requested by our respected client.

If you should have any questions, please do not hesitate to give me a call.

Sincerely,

Brett Rosenhaus
