7 Visa Credit Card - Preferred Method of Payment

The City of Coconut Creek has implemented a Visa Procurement Card (P-Card) Program through SunTrust Bank. The City's preference is to pay for goods/services with the P-Card. This program allows the City to expedite payment to our vendors. Some of the benefits of the P-Card Program to the vendor are: payment received within 72 hours of receipt and acceptance of goods, reduced paperwork, issue receipts instead of generating invoices, resulting in fewer invoice problems, deal directly with the cardholder (in most cases). Vendors accepting payment by the P-Card may not require the City (Cardholder) to pay a separate or additional convenience fee, surcharge or any part of any contemporaneous finance charge in connection with a transaction. Such charges are allowable, however must be included in the total cost of their response. Vendors are not to add notations such as "+3% service fee" in their response. All responses shall be inclusive of any and all fees associated with the acceptance of the P-Card. Vendors agreeing to accept payment by P-Card must presently have the capability to accept Visa or take whatever steps necessary to implement the ability before the start of the agreement term.

REVISED SCHEDULE OF PROPOSAL PRICES, SECTION 6.3 - SCHEDULE "A" - NORTH BROWARD FACILITIES- TABLE 1

Total:

Item Notes: In this Schedule A, the City is soliciting the Proposer's Rates (prices) for taking the City's Solid Waste and Recyclable Materials to: (a) the Designated Facilities that are identified in Sections 19.2, 19.3, 19.4, and 19.5 of the Agreement; or (b) any other facilities that are designated by the City in the future pursuant to Sections 19.6 and 38.10 of the Agreement and are located within a six (6) mile radius of City Hall. The distance shall be determined by measuring in a straight line from City Hall (i.e., not road miles). Please refer to Sections 19.6 and 38.10 of the Agreement for additional information concerning the City's New Designated Facilities.

Each Proposer shall submit its Rates (prices) for providing the services identified in Tables 1 through 14, below. Each Proposer shall calculate the cost of disposing of the City's Solid Waste by using the Tipping Fees shown in the table below. In this Schedule A, "BOW" or "Based on Weight" means that the cost of disposal is based on the actual weight of each Load multiplied by the current disposal rate, plus the applicable Franchise Fee.

- Solid Waste Disposal Tonnage Rate (Tipping Fee) \$45.02
- C&D Disposal Rate \$37.00
- Bulky Waste Disposal Rate \$42.00
- Yard Waste Disposal Rate \$39.00

Pursuant to Section 40.4 of the Agreement, the Contractor will be required to pay a Franchise Fee to the City to defray the City's administrative costs under the Agreement. Accordingly, the Rates provided by each Proposer must be sufficient to pay the Franchise Fee, in addition to the Proposer's other costs and expenses.

REVISED SCHEDULE OF PROPOSAL PRICES, SECTION 6.3 - SCHEDULE "B" -NEW DESIGNATED FACILITIES - TABLE 15

Total:

Item Notes: In this Schedule B, the City is soliciting the Proposer's Rates (prices) for taking the City's Solid Waste and Recyclable Materials to New Designated Facilities that may be used in the future. The New Designated Facilities will be located at least thirteen (13) miles, but no more than seventeen (17) miles, from City Hall. The distances shall be determined by measuring in a straight line from City Hall (i.e., not road miles). Please refer to Sections 19.6 and 38.10 of the Agreement for additional information concerning the City's New Designated Facilities.

Each Proposer shall submit its Rates (prices) for providing the services identified in Tables 15 through 28, below. Each Proposer shall calculate the cost of disposing of the City's Solid Waste by using the Tipping Fees shown in the table below. In this Schedule B, "BOW" or "Based on Weight" means that the cost of disposal is based on the actual weight of each Load multiplied by the current disposal rate, plus the applicable Franchise Fee.

Solid Waste Disposal Tonnage Rate (Tipping Fee) \$45.02
C&D Disposal Rate \$37.00

Bulky Waste Disposal Rate \$42.00
Yard Waste Disposal Rate \$39.00

Pursuant to Section 40.4 of the Agreement, the Contractor will be required to pay a Franchise Fee to the City to defray the City's administrative costs under the Agreement. Accordingly, the Rates provided by each Proposer must be sufficient to pay the Franchise Fee, in addition to the Proposer's other costs and expenses.

Letter of Intent

April 15, 2019

City of Coconut Creek
Attn: Lori Messer- Procurement Analyst
4800 Copans Road
Coconut Creek, FL 33064

RE: Letter of Intent/ Request for Proposal #04-17-19-10 "Collection of Solid Waste and Recyclable Materials"

Dear Ms. Messer,

Attached to this letter is the full response to the Request for Proposal "Collection of Solid Waste and Recyclable Materials" for the City of Coconut Creek. On behalf of Republic Services of Florida, Limited Partnership (Republic), we appreciate the opportunity to submit our proposal and look forward to your response.

Republic warrants that it has accepted the following responsibilities with the submittal of this RFP:

1. Examined the RFP package, including all enclosures, and the proposed agreement thoroughly.
2. Knows and is familiar with local conditions and geography that may affect cost, permitting, performance or services described in the RFP including inspection of the town.
3. Considered all federal, state and local laws, statutes, ordinances, regulations and other applicable laws that may affect costs, permitting, progress, performance or services.
4. Has not collaborated or discussed with the other Proposers the content of the proposal or service fees proposed.
5. Will provide "The Third Eye System" on all residential curbside garbage, yard waste and recycling trucks. This will include all residential spare collection equipment.
6. Has received and reviewed addendum 1 and 2 issued by the City of Coconut Creek.

In Summary, Republic has submitted a response to the RFP. Republic will continue to have its base of operations from the Lauderhill Facility.

Republic operates in every major market in Florida with contracts of similar or larger sizes to that of Palm Beach County. Republic is fully qualified and experienced to handle the solid waste and recycling collections services for the Authority. Additionally, with a nationwide fleet with over 15,000 trucks and over 35,000 employees, the Authority can rest assured that Republic will be able to handle any emergency in an expeditious time frame.

Please coordinate all correspondence concerning the RFP to Jean-Pierre Turgot, General Manager whom has been authorized to contractually obligate Republic (see attached Certificate of Secretary):

experience. We enable customers to interact with us on their terms: online, in-person or by phone. Then, the best people deliver a superior product or service, fulfilling and exceeding our promise, every time.

This zeal for our customers has brought forth new and exciting changes. From operations to talent to technology, we are focused on not just meeting the needs of our 14 million customers, but exceeding them.

Low cost providers in the industry sacrifice one or more of these elements, translating to risk to your municipality. Republic Services is your best-value partner, through our proven and demonstrated balance of these factors, while serving over 2,700 municipal contracts today.

Local Leadership with National Support

Our local team is vital to the continued successful delivery of this contract and its daily operations. This team's unique combination of collection experience, recycling expertise, and innovative management systems ensure quality service for the duration of the contract. Our local

and area management teams have extensive industry experience operating and managing solid waste companies and have substantial experience in the region.

As a result of retaining experienced managers with extensive knowledge of their local communities, we are proactive in anticipating customers' needs and adjusting to changes in the markets. We also seek to implement the best practices of our various business units throughout our operations to continue improving our operations and service to our customers.

assist or respond to any challenge. An example of this benefit to you is the response capabilities during times of crisis, such as hurricanes, tornados, or other disasters. In times of challenges like this, our area and corporate teams activate to ensure our people are safe and our assets are operational so we can return to normal operations quickly. This is a considerable benefit and risk mitigation to Coconut Creek that many other providers in the industry are unable to stand behind.

Sustainability

The breadth and scope of our sustainability platform is earning noteworthy recognition. From products that create solutions for our customers to an industry-leading safety program, and a fleet that reduces its carbon impact to landfills that generates renewable energy, we are leading in every way possible.

Sustainability contributes to a cleaner world, while also providing opportunities to improve brand awareness, increase customer loyalty, grow our business, motivate our employees and differentiate Republic Services from our competitors.

We are guardians of our environment and have a responsibility to regenerate our planet with the materials we are entrusted to handle every day by driving increased recycling, generating renewable energy, and

helping our customers to be more resourceful.

We must lead by example, working diligently to improve our relationship with the environment and society through decreased vehicle emissions, innovative landfill technologies, use of renewable energy, community engagement and employee growth opportunities. We are privileged to serve more than 14 million customers in 240 markets across the country, creating effortless experiences that support your evolving needs and honor your unique commitments to improving your communities.

Operations

We exercise the utmost responsibility in our operations. This includes our fleet, buildings, landfill technology and the day-to-day activities we conduct in our communities. We are working hard to understand and measure our impact on air, land and water to minimize or eliminate any negative consequences, where possible.

Materials Management

We recognize the responsibility and opportunity we have in managing the nation's waste stream to provide a source of recovered and renewable materials and energy to the economy. We are innovative and constantly exploring new options to capture value and energy from materials in

Our Promise

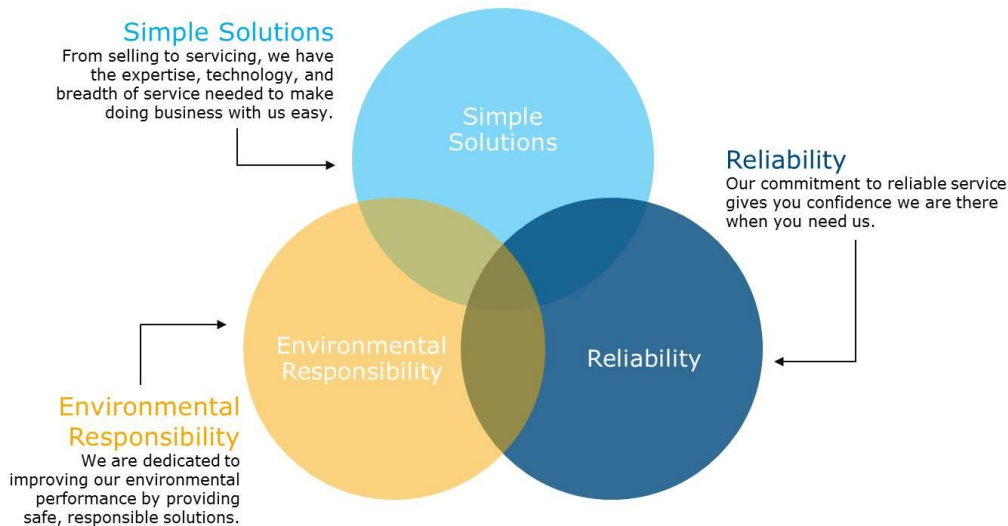

We'll handle it from here™, our promise is backed by the details of this proposal submittal to you. In summary, we take pride in offering you a best-value partnership that consists of Simple Solutions, which are Reliable and Environmentally Responsible.

- **Simple Solutions** – We offer a wide range of tailored products to assist the community in the responsible recycling or disposal of unique waste streams that include electronics, universal waste, or household hazardous waste. Additionally, our investments in customer-facing web- and smartphone-based apps allow simple interaction between customers and Republic Services, offering service details, alerts, as well as delivery schedules and billing information.

- **Reliability** – Our operations and performance metrics prove that we are your most reliable partner. Our 99.9% pickup reliability rate means that you face fewer calls from the community regarding service, and when callers reach out to us for any needs, we strive for first call resolution through our fully integrated customer resource centers. Our drivers are the safest in the industry, which means your residents are better off with our team on your streets.
- **Environmental Responsibility** – We are globally recognized as a leader in sustainability. Our investments in recycling infrastructure, compressed natural gas-powered trucks, and landfill gas-to-energy plants are all examples of how we drive to be a good neighbor in every municipality we partner with.

It is through these initiatives and recognitions that we reiterate our commitment to Coconut Creek. On behalf of the 35,000 employees at Republic Services, we appreciate the opportunity to earn your business through this submittal, and look forward to a long and continued partnership for years to come.

Republic Services focuses on these characteristics enabling us to be your preferred recycling and waste partner.

SCHEDULE A (North Broward Facilities)

In this Schedule A, the City is soliciting the Proposer's Rates (prices) for taking the City's Solid Waste and Recyclable Materials to: (a) the Designated Facilities that are identified in Sections 19.2, 19.3, 19.4, and 19.5 of the Agreement; or (b) any other facilities that are designated by the City in the future pursuant to Sections 19.6 and 38.10 of the Agreement and are located within a six (6) mile radius of City Hall. The distance shall be determined by measuring in a straight line from City Hall (i.e., not road miles). Please refer to Sections 19.6 and 38.10 of the Agreement for additional information concerning the City's New Designated Facilities.

Each Proposer shall submit its Rates (prices) for providing the services identified in Tables 1 through 14, below. Each Proposer shall calculate the cost of disposing of the City's Solid Waste by using the Tipping Fees shown in the table below. In this Schedule A, "BOW" or "Based on Weight" means that the cost of disposal is based on the actual weight of each Load multiplied by the current disposal rate, plus the applicable Franchise Fee.

| | |
|--|---------|
| Solid Waste Disposal Rate (Tipping Fee) | \$45.02 |
| C&D Disposal Rate | \$37.00 |
| Bulky Waste Disposal Rate | \$42.00 |
| Yard Waste Disposal Rate | \$39.00 |

Pursuant to Section 40.4 of the Agreement, the Contractor will be required to pay a Franchise Fee to the City to defray the City's administrative costs under the Agreement. Accordingly, the Rates provided by each Proposer must be sufficient to pay the Franchise Fee, in addition to the Proposer's other costs and expenses.

SCHEDULE B (New Designated Facilities)

In this Schedule B, the City is soliciting the Proposer's Rates (prices) for taking the City's Solid Waste and Recyclable Materials to New Designated Facilities that may be used in the future. The New Designated Facilities will be located at least thirteen (13) miles, but no more than seventeen (17) miles, from City Hall. The distances shall be determined by measuring in a straight line from City Hall (i.e., not road miles). Please refer to Sections 19.6 and 38.10 of the Agreement for additional information concerning the City's New Designated Facilities.

Each Proposer shall submit its Rates (prices) for providing the services identified in Tables 15 through 28, below. Each Proposer shall calculate the cost of disposing of the City's Solid Waste by using the Tipping Fees shown in the table below. In this Schedule B, "BOW" or "Based on Weight" means that the cost of disposal is based on the actual weight of each Load multiplied by the current disposal rate, plus the applicable Franchise Fee.

| | |
|--|---------|
| Solid Waste Disposal Rate (Tipping Fee) | \$45.02 |
| C&D Disposal Rate | \$37.00 |
| Bulky Waste Disposal Rate | \$42.00 |
| Yard Waste Disposal Rate | \$39.00 |

Pursuant to Section 40.4 of the Agreement, the Contractor will be required to pay a Franchise Fee to the City to defray the City's administrative costs under the Agreement. Accordingly, the Rates provided by each Proposer must be sufficient to pay the Franchise Fee, in addition to the Proposer's other costs and expenses.

commercial, industrial, and residential customers. Republic Services responsibly operates 343 collection operations, 204 transfer stations, 195 active solid waste landfills and 90 recycling centers across 40 states and Puerto Rico. We also have 68 landfill gas and renewable energy projects and are adding new facilities every year. In our Energy Services vertical, we have 7 treatment, recovery, and disposal facilities as well as 11 salt water disposal wells.

With over 16,000 vehicles, Republic Services deploys the 7th largest vocational fleet in the U.S. to collect approximately 100 million tons of waste and over eight million tons of recyclables.

Vision

Republic Services' vision is to be America's preferred recycling and waste services partner. We earn this by providing our customers with simple solutions, reliability and environmental responsibility, wrapped with a level of service unmatched anywhere else in our industry.

Values

***Environmental Responsibility.** As stewards of our Blue Planet™ we have a responsibility to regenerate our planet with materials we are entrusted to handle every day.*

We believe that empowered and engaged employees are the greatest indicator of our success. We are guided by the principles we have adopted as our core values – to be Respectful, Responsible, Reliable, Resourceful and Relentless in all we do, every day. We are reminded of these principles every time we see the five R's joined together to form the Republic Services' Star.

Strategy

Our strategy is profitable Growth through Differentiation. Simply put, we hire the best people that deliver the best products that best meet our customers' needs.

Our Promise

We'll handle it from here™, our promise, lets customers know they can always rely on us to handle their recycling and waste needs in a way that is easy and effortless for them.

Sustainability

At Republic Services, we are dedicated environmental stewards entrusted to properly handle materials every day by driving increased recycling, generating renewable energy, and helping our customers be more resourceful. Republic Services leads by example, working diligently to improve our relationship with the environment and society through decreased vehicle emissions, innovative landfill technologies, use of renewable energy, community engagement and employee growth opportunities.

Sustainability contributes to a cleaner world, while also providing opportunities to increase customer loyalty, grow our business, motivate our employees and differentiate Republic Services from our competitors.

People

Our people are the center of our success. Attracting, developing and engaging the best talent is critical to our strategy of profitable growth through differentiation. Whether it's through our dedication to

safety, robust learning and talent development programs or expanding our diversity and inclusion initiative, Mosaic, we are committed to making Republic Services an employer of choice where the best and brightest come to work.

Leadership

Republic Services’ operations are national in scope, but the physical collection and disposal of waste is very much a local business, and the dynamics and opportunities differ in each of our markets.

Our national presence allows us to identify and incorporate best practices that drive greater overall operating efficiency across the company while maintaining day-to-day operating decisions at the local level, closest to the customer. We manage our operations through ten geographic operating areas, consisting of multiple divisions that each provides recycling and waste collection, transportation and disposal services.

Your municipal contract will be executed locally, by our seasoned team located at 751 NW 31st Avenue, Lauderhill, FL 33311]. This team is fully empowered within our company structure to deliver on our promise to be your preferred recycling and waste provider. This local team is only two levels removed from our corporate staff, which means the backing and support of a national company is accessible in a moment’s notice.

Collections – Operations

Great operations come from great people. Republic Services’ locally-based operations team draws from extensive training and the backing of a seasoned corporate support team. The result is a 99.9% on-time service record, with an emphasis on safety, sustainable practices, and low-risk operation for the Municipality.

Operations Overview

Successful collection operations begin with a skillful operations supervisor who knows the business as well as your community. Your Republic Services local operations supervisor is responsible for the day-to-day collection operations, including development and evaluation of routing (in conjunction with the general manager), training and oversight of drivers, and implementation and enforcement of safety procedures.

We ensure our operations supervisors are not overloaded, nor tied to a desk. On average, we maintain a 15:1 ratio of routes to supervisor, which means that items needing attention are dealt with immediately and that the supervisor knows your community intimately. In addition, our supervisors are out on the routes regularly. At least twice per week, they conduct ride-alongs with drivers on their routes. This creates great opportunities for driver mentoring, ensures quality control on the

***Operational Excellence.** Our rigorous supervisor training program yields highly skilled operations teams.*

Republic Services’ operations team is market-leading through training, collaboration and hands-on experience

- The most robust operations supervisor training in the industry
- Average of 15:1 route to dedicated supervisors ratio – means prompt response and oversight for your community
- Proven optimized routing process ensures efficiency, safety and minimal impact on city streets
- Republic Services executes 5.1M pickups per day

route, and keeps the supervisor directly aware and familiar with the nuances of the route and the community. Few, if any other companies in the industry, dedicate their operations staff to success in this manner.

Operations Training

Our operations supervisor training programs are second to none. Every supervisor, upon starting employment at Republic Services, attends a rigorous 2-week boot camp training course. Regardless of prior industry experience, this boot camp level sets all our supervisors on The Republic Services Way of running operations, and builds a strong peer network with those who attend the training together. After the initial training boot camp, supervisors engage in regular refresher and new training opportunities, between 2 and 4 times per year. This yields an operations supervisory team that is able to share best practices and constantly look for ways to improve on the level of service in your community.

Routing Optimization

Establishing the most optimized routes for a community has dramatic effects on the quality of service, safety and efficiency of the collection operation through shorter routes, safety in the neighborhoods, and ultimately the wear and tear on the streets within the municipality.

REPUBLIC SERVICES

Collection of Solid Waste and Recyclable Materials(City Wide Franchise)

We conduct a proven route optimization process, which involves a tight collaboration between the local team and our corporate route optimization team. Through several iterations, these teams collaborate together, sharing local knowledge and details, while running our optimization processes to yield the best routes possible for your community. An example of this process, we evaluate planned routes to ensure that trucks are not conducting collection on streets during times that are known for congestion or traffic.

Economy of Scale

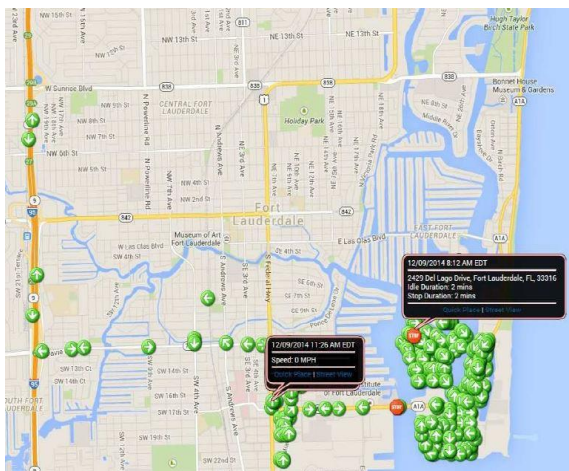

Another benefit of Republic Services as your partner is our economy of scale. As an industry leader with a national operation, we are able to obtain trucks and equipment at a better price due to discounting, which allows us to refresh our assets more frequently than smaller companies. This applies to many of our vendors, including our uniforms, so our drivers and operations teams are better representatives of your city when out in the community.

Communication with the Community

In addition to the regular collaboration between the routing teams, our operations team can communicate with the residents and commercial customers easily using several forms of technology. Our web- and smartphone-based app, called My Resource™, enables customers to see their accounts, make service requests, or raise issues for resolution. This app also enables our operations team to offer alerts or emails to customers regarding changes in service for holidays or inclement weather. We also employ a technology known as Call-Em-All, which is a phone-based capability for distributing operations updates when needed to customers on effected routes.

Route Optimization. Our optimized routes yield safer, more efficient collection for your municipality.

In Cab Technology. Our operations teams are in direct contact with our drivers in your community through our in-cab technology.

Third Eye Technology

Republic Services® 3rd Eye In-Truck Cab Cameras

At Republic Services, safety is our priority. For this reason, we've implemented 3rd Eye in-cab cameras into each of our collection vehicles.

These cameras help prevent crashes, help protect from non-preventable collisions, aid with false accusations or customer claims and identify specific training needs. With thousands of trucks on the road, distracted driving has high stakes. In-cab cameras keep drivers safe, accountable and protected.

How it works

Advanced technology detects the trucks surroundings and the driver's behavior for safety. For example, the camera will detect speed limit signs and ensure the driver is driving that speed limit. It will detect stop signs to ensure there are no rolling stops and stop lights to ensure drivers aren't running red lights. It also tracks driver behavior, from not scanning the roadway to not using a turn signal or using a cell phone while driving, the cameras record real-time events.

- The cameras have both auto-and manual-record functionality.
- A triggering event will start the auto-record function.
- A button on the camera prompts the manual-record function.

What Happens After?

When an event is recorded, the system clips the recording 20 seconds before the event and 10 seconds after, then uploads it to be reviewed by a third-party or supervisor. The supervisor can then use this information to hold drivers accountable, train drivers in specific safety practices and help with claims and liability issues when customer concerns arise.

- Event recorded > Real-time upload > Review by third party >
- > Review by supervisor > Supervisor coaches driver or works to remedy safety in situation

We'll handle it from here.®

REPUBLIC SERVICES

Collection of Solid Waste and Recyclable Materials(City Wide Franchise)

Collection – Residential

When it comes to handling your waste needs, Republic Services knows how important safe and dependable curbside pickup is to you. We work to exceed your expectations with quality containers and outstanding customer service.

Residential MSW Collection

We intend to service all single-family containers using an automated side loader (ASL) truck. The ASL is proven to retrieve and return containers in even the most hard-to-reach locations such as narrow streets, courts and alleyways, enabling the industry’s most efficient, safe, and environmentally responsible curbside

The largest provider of municipal residential collection services in the US

- Over 12 million homes collected every week nationwide
- 99.9% on-time pickup
- 5.1M pickups each day
- Comprehensive collection services, including solid waste, recycling, yard waste, and bulk

automated collection services.

Each collection vehicle is operated by a single driver and will be painted in a uniform manner, featuring our logo and company contact information.

Residential Collection process. Our residential collection service is simple, reliable, and environmentally responsible.

Collection of Solid Waste and Recyclable Materials(City Wide Franchise)

We propose to use blue containers with black lids for residential trash collection. If a customer needs more than one collection container, we will provide an additional container for a fee to accommodate the customer’s needs.

The ASL container collection methodology is fast and efficient and requires approximately 8 to 12 seconds completing the cycle (pick up container, deposit contents, place container back onto the curbside) before the driver moves to the next stop.

Residential Recycle Collection

We will offer all single-family customers weekly, fully automated single-stream recycling collection services. Recycling containers will be serviced with the same equipment and manner as residential solid waste containers.

Residential Yard Waste Collection

We will offer all residential customers weekly, automated collection of accepted yard waste materials. Yard waste containers will be serviced with the same equipment and manner as residential solid waste and recycling containers.

Bulk Waste Collection

White goods, with chlorofluorocarbons (CFCs) removed, and bulk items will be serviced weekly. A clam shell or boom type of truck will service these items.

Service Days

The following table reflects the service schedules for residential MSW, recycle, yard waste and bulk items collection.

Holiday Schedules

Republic Services will be closed on Thanksgiving and Christmas, if your service day falls on one of these days, we will service you on your next scheduled service day.

Service Days. Below are the service days for your contract

| Service | Days of Week | Collection Hours |
|-------------|--------------|------------------|
| MSW | Mon-Sat | 7:00 AM-7:00PM |
| Recyclables | Mon-Sat | 7:00 AM-7:00PM |
| Yard waste | Mon-Sat | 7:00 AM-7:00PM |
| Bulky Items | Mon-Wed | 7:00 AM-7:00PM |

REPUBLIC SERVICES

Collections – Commercial

Republic Services provides effortless recycling and waste solutions for our commercial customers, working with them to evaluate and optimize their solution.

Commercial Solid Waste

From monthly to daily collections, and containers sizes ranging from 2 to 8 yards in size, Republic Services offers solid waste, and recycling, with a variety of container sizes and service frequencies to meet every business' needs.

Our commitment to you is simple, we will:

- Complete every collection as scheduled
- Return the container to its dedicated location
- Clean loose litter or debris
- Ensure that enclosures are properly secured

Commercial Recycling

Republic Services offers single-stream recycling, in which the customer deposits recommended empty, clean, and dry recyclable materials in the one recycling container. Republic Services then collects and transports the materials to the Recycling Centers for separation and processing.

Republic Services also offers source-separated recycling for cardboard and other commodities that can be taken directly to a local processing facility.

Flexible, Tailored Solutions

Our dedicated team is available to consult with businesses and communities of any size to conduct a comprehensive on-site waste assessment to determine the needed services, collection frequencies, and container sizes. During the assessment, we will identify container locations and access paths that allow for safe, convenient service.

Collection of Solid Waste and Recyclable Materials(City Wide Franchise)

Right-sizing service levels can increase waste diversion, improve collection productivity, and lead to reduced costs for customers.

Small Containers

Republic Services uses small containers constructed of durable steel bodies and two plastic lids. Containers range in size from 2 – 8 yards, and can be placed on casters for easy maneuverability, if necessary.

95-gallon containers, constructed of a strong plastic resin are useful for small offices and businesses. Containers are designed to last up to ten years, with easily interchangeable wheels and lids.

Methodology and Procedures

Republic Services uses front load collection vehicles to service small container commercial customers in Coconut Creek. Customers with a 95 gal or smaller container are serviced with an automatic

side-load (ASL) or rear load (REL) truck.

Front Load Vehicles

We service commercial customers with front load collection vehicles with 28-cubic yard volume bodies because:

- The supplier is a company that has proven to be among the strongest, safest and lowest maintenance trucks in the industry
- Our first-hand local knowledge shows that this truck's size and attributes will "fit" every neighborhood we service, including hard-to-service accounts

Automated Side Load Vehicles

Our automated side load vehicles (ASL) are typically dual-side-drive, with a low-entry cab, and equipped with a remote rear camera that:

- Allows easy ingress and egress to the curb
- Improves driver and pedestrian safety
- Reduces potential injury
- Increases productivity

ASL's are able to compact waste at idle speeds or even while on the move and the large 5-cubic yard hopper that greatly reduces litter.

Our ASL vehicles feature an arm, with a patented vertical lift design that goes from ground-to-ground operation in 6.5 seconds, allowing for maximum curbside pickup in less time, while also preventing litter and spillage.

Holidays & Schedule Disruptions

Republic Services will take all necessary steps to notify customers prior to all holidays and unforeseen schedule disruptions via our My Resource™ app and the Call-Em-All automated calling system.

Collection – Multi-Family

We provide an innovative combination of programs and services for multi-family customers.

Multi-Family MSW Collection

Republic Services can provide a combination of programs and services for multi-family customers, ranging from container service similar to residential customers, to containerized service similar to commercial customers. Once defined and properly sized, multi-family customers are integrated into residential or commercial routes to provide the efficiency and reliability desired.

In all cases, Republic Services will identify the correct equipment to service multi-family complexes based on individual location and unique characteristics. If the complex requests containerized service, Republic Services can provide 2-8 yard capacity solid waste containers (see Figure 38) or 20, 30 or 40 yard capacity open-top containers or industrial compactors.

MSW collection issues such as narrow streets, traffic blockages and alleyways may require the use of a rear-load vehicle or alternative service options. In all cases, the servicing drivers are familiar with these areas and are trained to ensure the personal safety, property protection, and awareness of traffic stops, distance to parked cars and

Multi-Family Container Options. Solutions for Multi-Family Complexes include containers, front-load, or roll-off.

Personalized multi-family solutions to meet your needs

- Industry leading service and customized waste solutions ensures Republic Services will exceed your community's expectations
- The latest single stream recycling technology paired with ongoing education makes certain your community is receiving best-in-class service
- There are approximately 35M multi-family units across the US and growing

other objects.

Multi-Family Recycle Collection

Republic Services will offer weekly single-stream recycling services as part of its core services for all multi-family customers. Container options include 64 or 96 gallon capacity, or we offer containers ranging in size from 2 - 8 cubic yard containers.

The same equipment and methodology used in single-family container collection will be implemented when servicing multi-family recycling container customers. Multi-family recycling front-load container customers will be serviced using the same methodology as multi-family trash front-load container customers and will be integrated into commercial routes.

White Goods and Bulk Collection

White goods and bulk items will be serviced weekly provided all chlorofluorocarbons (CFCs) have been removed.

Chapter 6 Qualifications of Subcontractors

The Bin Doctor

The Bin Doctor
4909 Northwest 108 Terrace
Coral Springs, FL 33076
954-459-1154
www.bindoctorcleaning.com

Subcontractor for Cart Cleaning Services

Company Background

The Bin Doctor is a local, family-owned business that specializes in sanitizing, disinfecting and deodorizing wheelie carts and commercial dumpsters. The Bin Doctor's current service territory includes Coconut Creek, Coral Springs, Parkland, Tamarac and Margate. At present, The Bin Doctor is the leading provider of bin sanitization services in these areas.

The Bin Doctor has been in operation since January 2017 and currently sanitizes more than 15,000 carts per year with over 920 customers. The Bin Doctor was awarded best new business by the City of Coral Springs in 2017 and Best Home Service by Our City Magazine in 2018.

Certified as a Small Business Enterprise (SBE) and County Business Enterprise (CBE) in Broward County, The Bin Doctor is also certified by the State of Florida as a Woman and Minority Owned Business.

The Bin Doctor enjoys being an active member of the community of Coconut Creek as a sponsor of the Do The Right Thing Program, mentor for the students at the Atlantic Technical Institute and contributor to the Women's Club of Coconut Creek.

Owners' Background

Christy Yun Edgos is the CEO and majority owner of The Bin Doctor. Previously, Christy was a Vice President of Sales and Marketing for the Global Transaction Banking Division of Deutsche Bank in New York City. In addition to her roles as CEO, she also has Marketing and HR responsibilities for The Bin Doctor. Christy has a BS in Marketing from Boston College.

Spiro Edgos is the President of The Bin Doctor and oversees all sales and operations for the company. Before The Bin Doctor, Spiro was a B2B Commerce Brand Specialist for IBM and, prior to that, was a Global Accounts Manager at FedEx. He has a BS in Marketing from Duquesne University and both an MBA in Marketing and a Masters of International Business from the University of Pittsburgh.

The Objective

Based on discussions with the City of Coconut Creek, the goal of including a cart cleaning service in this proposal is to provide an alternative for residents to adhere to the Solid Waste agreement as stated in section 27.2 MAINTENANCE AND REPAIR OF **CONTAINERS** 27.2.1 "Garbage Carts and Recycling Carts – Each Customer shall be responsible for cleaning their Garbage Carts and Recycling Carts, if

any, and keeping the carts in a **sanitary** condition.” Some residents attempt to abide by this agreement the best they can, which can be a difficult task. Unfortunately, many residents will use bleach or similar chemicals to sanitize their carts. The issue with this process is that it is harmful for the user to breathe in the toxic fumes and second, after the chemical is used inside the cart, it is then dumped out onto the street and subsequently down the public storm drain. This process is illegal and causes considerable harm to the environment and the eco system within the public waters. Furthermore, it can negatively affect the commendable LEED Silver certification and the City of Coconut Creek’s reputation.

One competitive advantage of The Bin Doctor is that we do not use ANY chemicals with our process. We only use Eco-Friendly, Biodegradable products that is in line with the values of Coconut Creek. By not using chemicals of any kind, this protects the resident’s lawn, protects the public water system, protects the environment and prolongs the life span of each cart (saving replacement costs).

The Process

The Bin Doctor provides curbside service on the same day that Republic Services picks up each cart. The process utilizes strictly high heat of 200° with high pressure to effectively kill all harmful bacteria and mold. The grey water is captured within the self-contained vehicle and is deposited safely at the local water treatment facility where it is treated and recycled. Each cart is then inspected to ensure it is truly cleaned and then disinfected with an eco-friendly deodorizer with enzymes for longer lasting results. The cart is then returned to resident’s property.

Service Frequencies (Based on 18,290 total carts)

- **Quarterly Service:** 78 service days over a 3-month period will be needed to cover 234 total bins per day. The first service of each cart will take approximately 10 minutes, and then the subsequent service will average approximately 4 minutes per cart (or 15 carts/hour).
- **Twice a Year Service:** 156 service days over a 6-month period will be needed to cover 117 total bins per day. The first service of each cart will take approximately 10 minutes, and then the subsequent service will average approximately 6 minutes per cart (or 10 carts/hour).
- **Once a Year Service:** 310 service days over a 12-month period will be needed to cover 59 total bins per day. Carts that are sanitized once a year will take approximately 8 minutes per cart (or 8 carts’ per hour).

It is our commitment to complete every cart accounted for within the time frame of whichever frequency is selected and to provide the best possible service for every resident of Coconut Creek.

Operational Plan

Scheduling for cart cleaning service will be based on the City of Coconut Creek’s pick-up schedule, which is currently Monday/Thursday, Tuesday/Friday, Wednesday/Saturday for trash collection and Monday through Saturday for recycling. The City will be divided into sections by geographic location, and service will be completed by section on the designated collection day by following the waste hauler collection vehicles to service after carts have been emptied.

Customer Communication

For optimal and effective customer satisfaction, we propose that all residents be entered into our database with their address and contact information so we have a record of each and they can be notified before their service and then confirmed after service has been completed. If a cart on the

**REPUBLIC
SERVICES**

Collection of Solid Waste and Recyclable Materials(City Wide Franchise)

designated day is not available, a door tag will be left behind so the resident can schedule a makeup day.

Recommendation

In summary, below is why The Bin Doctor is the right fit to work with Republic Services in servicing Coconut Creek.

- **Solid leadership** – our ownership has a combined 40 years of corporate experience and two MBAs
- **Reliable cart service operations** – currently sanitize over 15,000 residential carts per year.
- **Experience serving cities** – now service the City of Parkland for all carts on City property
- **Superior customer service** – Over **110** - 5 Star reviews between Google, Facebook and Yelp
- **Extensive knowledge of territory** – Coconut Creek is our current territory with 2 City Commissioners as customers.
- **Ties to the Community** – Prominent member of the Coconut Creek Chamber of Commerce and active contributor to the SOS Children's Village, The Woman's Club of Coconut Creek and Do The Right Thing of the Coconut Creek Police Department and the Atlantic Technical Institute
- **Fully Insured** – Our company is fully bonded and insured for up \$2,000,000
- **Commercial Capabilities**– We are equipped to also sanitize front loading dumpsters 2-8 yards.

For the best results, in order to achieve the goal of cart cleaning as set by the City of Coconut Creek, The Bin Doctor recommends that a minimum of Quarterly service is implemented. The Semi-Annual and Annual options will force residents to sanitize their own bins in between services by whatever means necessary, which defeats the purpose as set forth by the City.

Litigation- The Bin Doctor

The Bid Doctor has not had any of the following occur in the last five years:

1. There have been no civil, criminal administrative, bankruptcy or similar proceeding filed against The Bin Doctor arising from or related to a dispute concerning the company's rights remedies or duties under a contract with a Florida Government Entity for collection of solid waste.
2. There have been no administrative fines, liquidated damages or other penalties assessed or deducted from the company's payments under a contract with a Florida Government Entity for collection of solid waste and that such fines did not exceed ten thousand dollars (\$10,000) in one month.
3. The Bin Doctor has not paid more than ten thousand dollars (\$10,000) to settle a dispute with a Florida Government Entity concerning the company's performance under a contract for the collection of solid waste or Recyclable Materials

Eastern Waste Systems

Republic Services of Florida is proposing to use Eastern Waste Systems, Inc. (herein referred to as EWS) to perform weekly collection of residential bulk waste as part of this response. EWS currently provides waste collection services specializing in bulk and vegetative waste for Republic Services in similar municipalities. EWS is a preferred vendor for hauling companies throughout southeast Florida, regularly serving several municipalities in Palm Beach, Broward and Miami-Dade Counties.

EWS is a Florida based corporation, locally headquartered at 1660 NW 19th Avenue in Pompano Beach, Florida. This location is ten (10) miles from the City and will conveniently serve as the base for operations under this contract. The officers of the company are Angelo Marzano, PD; Michael C. Marzano TD; and Dominick Marzano, SD. Financially, the company is sound and possesses all the necessary equipment and personnel to provide debris collection within the scope of services required by the City of Boca Raton.

EWS has thoroughly reviewed the scope of work required in the RFP and is committed to offering the most prompt and efficient collection services.

ADDITIONAL REMARKS

THIS ADDITIONAL REMARKS FORM IS A SCHEDULE TO ACORD FORM.
FORM NUMBER: 25 FORM TITLE: CERTIFICATE OF LIABILITY INSURANCE

The following provisions apply when required by written contract. As used below, the term certificate holder also includes any person or organization that the insured has become obligated to include as a result of an executed contract or agreement.

GENERAL LIABILITY:
Certificate holder is Additional Insured when required by written contract.
Coverage is primary and non-contributory when required by written contract.
Waiver of Subrogation in favor of the certificate holder is included when required by written contract.

AUTO LIABILITY:
Certificate holder is Additional Insured when required by written contract.
Coverage is primary and non-contributory when required by written contract.
Waiver of Subrogation in favor of the certificate holder is included when required by written contract.

WORKERS COMPENSATION AND EMPLOYERS LIABILITY:
Waiver of Subrogation in favor of the certificate holder is included when required by written contract where allowed by state law.

Stop gap coverage for ND, WA and WY is covered under policy no. WLR C6522575A and stop gap coverage for OH is covered under policy no. WCU C65225670, as noted on page 1 of this certificate.

TEXAS EXCESS INDEMNITY AND EMPLOYERS LIABILITY:
Republic Services, Inc. and its subsidiaries are registered non-subscribers to the Texas Workers Compensation Act. Republic Services, Inc. has filed an approved Indemnity Plan with the Texas Department of Insurance which offers an alternative in benefits to employees rather than the traditional Workers Compensation Insurance in Texas. The excess policy (#TNS C49167295) shown on this certificate provides excess Indemnity and Employers Liability coverage for the approved Indemnity Plan.

Contractual Liability is included in the General Liability and Automobile Liability coverage forms. The General Liability and Automobile Liability policies do not contain endorsements excluding Contractual Liability.

Separation of Insured (Cross Liability) coverage is provided to the Additional Insured, when required by written contract, per the Conditions of the Commercial General Liability Coverage form and the Automobile Liability Coverage form.

Chapter 11 Implementation of Contractor’s Services

We have successfully implemented new or emerging services into our 2,700 municipalities nationwide. Our team takes pride in our ability to implement new services without service impacts.

Our Approach

As the current provider for the City of Coconut Creek, Republic intends to keep the current routes and service days the same; therefore, there is no need of an Implementation Plan. Below are step we will take if we were not the incumbent.

A transition will take into consideration the unique needs of the contract and city. The key to success, regardless of project details, relies on communication plans to include:

- We start with a plan, crafted in collaboration with the city. This plan includes milestones, roles/responsibilities and contact information and timeline for execution.
- Frequent, proactive communication with the city to ensure no surprises along the way.
- Weekly in-person meetings and phone calls/emails as the situation requires. Our philosophy is that sharing good news as well as bad news gives everyone a chance to prepare and respond in a timely and calm fashion.
- Data sharing and field coordination with current contractor to ensure all open requests are met and service information is accurate.
- Monitoring of open service notes is critical, especially when the transition date nears. Republic Services will work with the city to address any outstanding concerns prior to the implementation of new services. Our operations teams, customer service professionals and data

Decades of experience partnering with municipalities to implement new programs in the community

- 92% track record of successful extension or retention of existing partner contracts
- Frequent and transparent dialogue with the municipality
- All details and plans reviewed
- National strength, with local experts

partners understand the need to keep a close eye on open service notes.

- Container removal and delivery also require careful coordination with field crews. Customers need same-day service from both providers, and our local teams work with the current hauler to streamline this function.
- Timely and appropriate communication with residents and businesses—from events and mailings to website information and direct communication (phone, email, live chat, etc.). Redundant communications through a variety of channels is paramount to success.
- Daily communication with the internal team to assess project status.
- Our operations management will meet with our supervisors and maintenance crews daily to ensure critical-path items are addressed.
- The education team meets with the transition lead (operations manager), customer service manager and general manager to ensure customer-specific aspects of the rigorous training for customer service staff and drivers.
- Contract-specific information, route development and truck test drives will be used to bring a safe and well informed team to the city.
- Regular communication with vendors supplying containers, printed material, trucks and on-board computing systems.

Facilities

It is our business to help you and your residents to be environmentally responsible in their homes and workplaces. As you would expect, we strive to be exemplary in our own environmental compliance and responsibility.

Our facilities are engineered for safe, environmentally-friendly operations. We use sustainable materials that facilitate energy and water conservation, as well as design principles to enhance employee and guest safety and comfort.

Providing outstanding recycling and waste services to your community requires the existence of multiple types of facilities, which typically include:

- Hauling company located at 751 NW 31st Avenue, Lauderhill, FL 33311
- Transfer station-Envirocycle 849 SW 21st Terrace, Fort Lauderdale, FL 33312

Following is a brief description of each of our most common facility types. One or more of these facility types may reside at the same physical address/location in a city.

Hauling Company

A hauling company is where the community

Hauling Company. Our hauling operations are the core of the collection service to your community, offering a truck fleet with the most tenured drivers in the industry

Facilities that work with the environment are basic design elements at Republic Services

- Our newest recycling center was constructed of 75 percent recycled steel and uses 1,776 solar panels
- More than half of the materials in our new Customer Resource Center are from repurposed materials and it uses LED and natural lighting throughout
- Low-flow water fixtures and xeriscaping in our newest facility in the southwest reduces water consumption by 20 percent
- Republic Services has operations in 240 markets across the US
- Responsibly operate 343 collection operations across the country

recycling and waste collection services are based. These facilities typically serve several important functions that are critical to delivering exceptional service to your residents:

- A yard for housing all the vehicles that serve the community, including fueling infrastructure, if possible
- Storage yard for spare containers and containers used to serve the residential, commercial and industrial customers in the community
- An industry leading maintenance facility, which delivers service for the trucks and containers
- Training facilities to keep our workforce at the forefront of learning and safety
- Administrative offices to interact with your municipal staff

It is typical that our largest workforce presence exists at a hauling company, to support the complex operation that goes into serving your community with a 99.9% pickup reliability rate.

Sustainability

We invest more than \$100 million per year in our sustainability initiatives, as a commitment to our BluePlanet™. We are the only solid waste company selected to the prestigious Dow Jones Index for Sustainability in both the North American and World indices.

Our dedicated fleet of vehicles for City of Coconut Creek will be fueled with Compress Natural Gas.

Our industry-leading sustainability platform is focused on increasing recycling, decreasing vehicle emissions, generating renewable energy, and enabling our customers to be more resourceful. In 2017-18, Republic Services has been steadily building upon our sustainability achievements, including:

greenhouse emissions of major corporations. In the last assessment, we scored 98 out of 100 in the S&P 500 Climate Change Assessment

- Recognized with the Gold Class Award in the 2018 RobecoSAM's Sustainability Yearbook - only eight North American companies achieved this top-tier status, and Republic is the sole recycling and solid waste services provider to earn the Gold Class standing.
- Receiving the industry's top awards for Recycling Facility of the Year. Republic Services' Southern Nevada Recycling Center, the largest and smartest residential recycling facility in North America, was recognized by the top two industry associations for its excellence
- Recognition for landfill gas utilization excellence by the Georgia Chapter of the Solid Waste Association of North America. Three Republic Services facilities in the metro-Atlanta area generate more than 24 megawatts of renewable energy, capable of powering more than 15,600 homes
- For the second year in a row, Republic was named as a World's Most Ethical Company® by the Ethisphere® Institute – Republic Services is the sole recycling and solid waste services provider to be listed under the Environmental Services category.

We continue to find new avenues for sustainability success. Consider our five-point sustainability platform (see Figure 64):

Operations We are working to minimize the impact of our operations around our fleet and our facilities. We will reduce our carbon emissions by 2.5 million tons in the next four years, by adding more recycling capacity, increasing our CNG fleet and opening additional alternative energy-producing facilities.

Materials Management When we extract materials from the waste stream (commodities and/or energy), we reduce greenhouse gas emissions and your community's carbon footprint.

Communities Our Empty, Clean, Dry recycling outreach and education program help your residents and business people recycle more and waste less.

Safety We are committed to creating a safe environment for our customers, communities and employees. A recent national study found that Republic Services is the safest solid waste company – by a 41-percent margin.

People We employ and develop talented professionals who are committed to sustainability, our customers and each other.

***Five Elements of Sustainability.** Republic Services is the lowest risk, best-value partner for your municipality, focusing our sustainability platform around these five areas*

Chapter 13 Customer Service

We strive for first-call resolution when customers contact us for service. We provide a superior experience through integrated facilities, technology, and highly knowledgeable employees.

Net Promoter Score

Our Net Promoter Score, or NPS, measures our customers’ willingness to recommend a company’s products and services. Republic Services’ NPS has improved year-over-year for the fifth consecutive year, which means our customers are seeing a difference in our product and service offerings.

We Delight Our Customers

Our approach to customer service is to ask daily, “how have we delighted our customers?” For most customers, this means that our front-line customer service representatives—our professional drivers—collect everything on schedule. That also means drivers return containers in a safe and tidy manner—whether it’s walking around a car to get to a container or rolling the container up a steep driveway for a disabled or elderly customer.

We recognize that, sometimes, customers have questions regarding scheduled service or would like to order additional services and expect a speedy response. We strive for first

Outstanding Customer Service Talent.

We take pride in hiring and developing talented staff to exceed our customer’s expectations.

We provide an exceptional customer experience when your residents or businesses contact us for assistance

- Three fully staffed, US-based, national call centers
- Powerful, integrated technology, enabling you to talk to a real person
- 1M customers expertly served each month via text, email, or phone
- Extended hours 7am EST to 7pm PST Monday thru Friday, until 12 pm PST Saturday
- Web-based applications for 24/7 access
- Well-trained staff
- Net Promoter Score has improved year-over-year for 5 consecutive years

call resolution—from call, email, mobile app, website or in-person request.

Tenured Experience Delivers Satisfaction

Our representatives’ experience and knowledge does not just come from the customer interactions, our representatives spend time in a classroom environment and participate in monthly/weekly training sessions to ensure our agents are in touch with the customer’s needs and the ever changing conditions of the waste disposal industry. This is why our representatives are always ready, willing and able to help our customers and exceed their expectations.

Customer Access

Locally

Republic Services will comply with the RFP requirements of a local customer service. There will be a dedicated representative to take incoming calls from both the residents and the business in the city limits There are an additional six dispatchers to provide any overflow of calls. The CSR an all six of our dispatchers speak both English and Spanish fluently.

REPUBLIC SERVICES

Collection of Solid Waste and Recyclable Materials(City Wide Franchise)

Republic Services will have a toll- free telephone number and a separate telephone number for receiving calls from customers in Coconut Creek. We will list our telephone number on all notices to the residents. As an additional back up, we will also use our National Call Centers in case of emergencies.

National Call Centers

Our customer resource centers are fully networked together, allowing them to support callers from 7 am EST to 7 pm PST Monday through Friday and 7 am EST to 12 pm PST on Saturday.

In addition to the call center hours, customers also have the ability to reach us 24/7 via our website, www.RepublicServices.com, or our app, called *My Resource*™. Our self-service options are designed to improve overall response and resolution to customer inquiries and needs anytime, anywhere with the least amount of customer inconvenience as possible.

Customer Service Principles

Republic Services' customer service programs are based on the following five principles that guide our daily business operations and excellent service. These principles also pave the way in development of the customer service program for Coconut Creek.

Employ the highest quality personnel.

We retain highly-skilled and experienced personnel and compensate them accordingly.

- 1. Ensure easy and immediate access for customers and Coconut Creek staff.** Appropriate staffing is critical to ensure easy and streamlined access to our professional staff for both customers and city staff.
- 2. Ensure timely and efficient issue resolution and follow-up.** We have detailed policies/procedures for our customer service systems and controls which facilitate expeditious issue

resolution and follow-up. Our use of appropriate methods, field communication, and same-day resolution goals translate into timely and efficient turnaround from point-of-contact to resolution.

- 3. The customer is always right.** Our employees are taught to give the benefit of the doubt to every customer, even if the facts may imply customer error.
- 4. Train all employees in customer service.** To ensure a high level of quality service, every Republic Services employee—whether a driver, administrative, or manager—is trained in customer service. This ensures all customer interactions, whether internal or external, are processed efficiently, professionally and up to Republic Services' standards. Employees are evaluated annually on their performance in this area.

What to Expect ...

When you call our Customer Resource Center (CRC), a sophisticated series of actions begin:

- Often, the phone number you are dialing from is associated in our database, and triggers the integrated system to populate with a map of your service address, level of service, past service requests, and your city-specific contract information. This knowledge-based system even shows the agent your current weather.
- The customer service representative's computer screen instantly populates with the information above and (in just a few seconds from the moment the customer calls), which ensures the agent has all possible information available in an instant to be ready for the caller.
- The agent confirms the customer's name and service address and begins to assist the customer with the reason for their call.
- Often the call is about a billing question, service-level change or "what do I do

REPUBLIC SERVICES

Collection of Solid Waste and Recyclable Materials(City Wide Franchise)

with” inquiry. If the question requires communication with the local operations team (such as, missed pick-up or container exchange), the agent can instantly connect with the local operations team through our national network.

- Often, the customer’s concern is handled by the time s/he hangs up the phone. For those issues requiring operations support (such as container delivery or collection of a missed pick up), the issue will be addressed in the most timely manner possible. Republic Services tracks hundreds of performance metrics to ensure continuous improvement.

Value of Three National Centers

Imagine US-based agents available 15 hours every weekday (7 a.m. Eastern time to 7 p.m. Pacific time) and five hours on Saturdays. Our CRC agents across the country enjoy the same training, follow the same protocols, and have access to each customers’ specific contract details,

regardless of their location.

At a time when many service companies are handling billing or service calls through call centers based outside of the United States, we are extremely proud to be delivering high quality customer service with a commitment to keeping jobs here at home. Republic Services’ three sites (Phoenix, Indianapolis and Charlotte) were selected after exhaustive research and employ more than 600 call center experts, trained and staffed to serve your community.

Our siting team looked for cities renowned as call center markets, knowing that there would be a large population of prospective employees with the temperament and skills necessary to seamlessly integrate into Republic Services’ Customer Resource Center.

Industry Leading Customer Resource Centers. Our centers are strategically located within the US and networked together to support any call from any location.

Federal Insurance Company, as Surety, are
(Name of Surety)

hereby held and firmly bound unto the City of Coconut Creek, Florida, as Obligee, in the sum
of Fifty Thousand Dollars (\$50,000.00)

as liquidated damages for payment of which, well and truly to be made, we hereby jointly and severally bind
ourselves, our heirs, executors, administrators, successors, and assigns.

The condition of this obligation is such that whereas the Principal has submitted to the City of Coconut Creek
a certain Proposal, which is attached hereto and made a part hereof, to enter into an Agreement in writing,
pursuant to the City's Request for Proposal (RFP No. 2019-xxx) for Collection Services for Solid Waste and
Recyclable Materials.

NOW THEREFORE,

- a. If said Proposal shall be rejected or withdrawn as provided in the RFP attached hereto or, in the alternative,
- b. If said Proposal shall be accepted and the Principal shall execute the Agreement and deliver the specified performance bond for the faithful performance of the Agreement and for the payment of labor and materials furnished for the performance of the Agreement, then this obligation shall be void; otherwise it shall remain in full force and effect, it being expressly understood and agreed that the liability of the Surety for any and all claims hereunder in no event shall exceed the amount of this obligation.

The Surety, for value received, hereby agrees that the obligations of said Surety and its bond shall be in no way impaired or affected by any extensions of the time within which such Proposal may be accepted, and said Surety does hereby waive notice of any such extensions.

CERTIFICATION

Resolutions adopted by the Boards of Directors of FEDERAL INSURANCE COMPANY, VIGILANT INSURANCE COMPANY, and PACIFIC INDEMNITY COMPANY on August 30, 2016:

"RESOLVED, that the following authorizations relate to the execution, for and on behalf of the Company, of bonds, undertakings, recognizances, contracts and other written commitments of the Company entered into in the ordinary course of business (each a "Written Commitment"):

- (1) Each of the Chairman, the President and the Vice Presidents of the Company is hereby authorized to execute any Written Commitment for and on behalf of the Company, under the seal of the Company or otherwise.
(2) Each duly appointed attorney-in-fact of the Company is hereby authorized to execute any Written Commitment for and on behalf of the Company, under the seal of the Company or otherwise, to the extent that such action is authorized by the grant of powers provided for in such person's written appointment as such attorney-in-fact.
(3) Each of the Chairman, the President and the Vice Presidents of the Company is hereby authorized, for and on behalf of the Company, to appoint in writing any person the attorney-in-fact of the Company with full power and authority to execute, for and on behalf of the Company, under the seal of the Company or otherwise, such Written Commitments of the Company as may be specified in such written appointment, which specification may be by general type or class of Written Commitments or by specification of one or more particular Written Commitments.
(4) Each of the Chairman, the President and the Vice Presidents of the Company is hereby authorized, for and on behalf of the Company, to delegate in writing to any other officer of the Company the authority to execute, for and on behalf of the Company, under the Company's seal or otherwise, such Written Commitments of the Company as are specified in such written delegation, which specification may be by general type or class of Written Commitments or by specification of one or more particular Written Commitments.
(5) The signature of any officer or other person executing any Written Commitment or appointment or delegation pursuant to this Resolution, and the seal of the Company, may be affixed by facsimile on such Written Commitment or written appointment or delegation.

FURTHER RESOLVED, that the foregoing Resolution shall not be deemed to be an exclusive statement of the powers and authority of officers, employees and other persons to act for and on behalf of the Company, and such Resolution shall not limit or otherwise affect the exercise of any such power or authority otherwise validly granted or vested."

I, Dawn M. Chloros, Assistant Secretary of FEDERAL INSURANCE COMPANY, VIGILANT INSURANCE COMPANY, and PACIFIC INDEMNITY COMPANY (the "Companies") do hereby certify that

- (i) the foregoing Resolutions adopted by the Board of Directors of the Companies are true, correct and in full force and effect,

REPUBLIC SERVICES

Chapter 20 Additional Information

Republic Services Rewards

The average US resident throws away 30 pounds of waste each week. Add it up and that is a lifetime waste legacy of 121,000 pounds. But, what if a resident could change that legacy?

Republic Services offers our Republic Services Rewards program where residents can earn points for recycling and online participation while getting access to local deals. Points generated through this program can also be used to allow residents to vote on a community improvement project. Participation in this program generates civic pride and a greater connection with the community.

How Republic Services Rewards Works

- Connect and Sign Up – Residents can easily sign up at [Republic ServicesGivesBack.com](http://RepublicServicesGivesBack.com)
- Get Rewarded – residents who recycle and participate online get access to local and premium deals
- Recycle and Take Action – along with rewards, residents receive points that can be used to vote for their favorite community improvement project

Our Republic Services Rewards program - offers significantly more to your community than programs from our competitors, resulting in a greater incentive to recycle.

Collection of Solid Waste and Recyclable Materials(City Wide Franchise)

The Republic Rewards program enhances a community's recycling efforts

- We currently have 35 communities using the Republic Services Rewards program
 - Republic Services Rewards consists of over 1000 local and national partners in the program
 - In 2017, Republic Services fulfilled nearly \$30K in grants across the US
 - Since 2012, Republic Services Rewards participants have used over 5M points to vote for community grants
- Keep It Up – the more residents recycle and participate online, the more points they earn – creating a lasting connection to the community

Coconut Creek Republic Rewards

Children SOS Village and Tomorrow's Rainbow each received grants through the Republic Rewards program.

Community Engagement

Serving our 14 million customers goes beyond handing their recycling and waste needs. Service is about being a good neighbor to the communities where we live, work, and raise our families. Whether we are volunteering or donating our time or resources, our willingness to give back is yet another way we make a difference.

At Republic Services, our customers can always rely on us to handle their recycling and waste needs in a way that is easy and effortless for them. But our promise goes far beyond our business. It is about being a good neighbor and supporting the communities where we live and work. This is why Republic Services centers our charitable giving around community development and neighborhood revitalization to help build stronger, safer communities.

Thought Leadership

Delivering exceptional services to a community requires that we remain a thought leader in the complex topics that our industry requires. We understand the complex regulations and requirements to responsibly manage and dispose of the nation’s recycling and waste, and are able to help municipal leaders and the community understand these topics as well

We are heavily engaged in the top municipal associations in the country, as well as important local organizations, which include:

We are a visible and highly engaged partner, because we live and work in your community.

We are a committed, visible partner for your municipality

- We're watching out for your program - partnering with local law enforcement
- \$5M donated annually - cash or in-kind
- \$6.7M in local sponsorships nationwide

- National League of Cities (NLC)
- International City Manager’s Association (ICMA)
- Council of Mayors
- National Waste and Recycling Association (NWRA)
- Solid Waste Association of North America (SWANA)
- United Way of Broward County
- Broward League of Cities/ Florida League of Cities
- Museum of Discovery and Science
- Coral Springs Chamber, Coconut Creek Governors Council

Through these forums, we are able to contribute as a thought leader, as well as listen and understand the critical and emerging topics within our communities. This enables us to continue to tell our customers that “We’ll handle it from here™”.

Community Events

Helping the local community and leaders understand the complexity of the industry is a big part of our role. We frequently execute events that enable increased awareness and understanding of how to responsibly dispose of recycling and waste, as well as hold events that assist the community in doing the right thing for our environment.

Shred events help the disposal of large volumes of recyclable paper. Recycling events can educate the community on what and how to recycle properly, using our Empty, Clean and Dry methodology. Lastly, we offer tours of our facilities, to help educate the community on how the operations work, and to show how much effort and care goes into ensuring that the

recycling and waste material from your community is properly handled and disposed in a responsible manner.

Volunteering

8 of our employees live, work, and are committed to being involved in your community. We frequently dedicate time to volunteering at community events, local charities, and with initiatives that are important to the municipality. As a partner in your community, we engage with your staff to ensure we understand the initiatives and events that our employees can align with, so that our volunteer efforts can help advance your goals and visions.

In-Kind or Cash Contributions

As a good neighbor, we often support community events and initiatives through in-kind donation of recycling and waste services, or cash donations.

Large community events involve large crowds of people. Our event boxes are easily distributed throughout community events, offering easy and environmentally conscious solutions for recycling and waste disposal. Where needed and appropriate, larger containers can be utilized to manage the consolidation and removal of recycling and waste from an event.

Awards and Recognition

As a result of our efforts, Republic Services has been recognized numerous times for our
