Subject: From Louise Ball -City of Coconut Creek-Question - Grade Level Chairs

Greetings Mr. Breslaw:

I will be attending a City of Coconut Creek Education Advisory Board Meeting on Monday and we will be talking about a Re-Use Center that will have recycled/reuseable materials for Teachers who teach in the City of Coconut Creek (example - an art teacher might need styrofoam for something and the Re-Use Center would try to get this for the teacher). The Education Committee and some City of Coconut Creek Staff would like to survey teachers to see what they need. Would you be able to send me the names of Grade level chairs and their email addresses so that we could send them a survey?

Thank you,

Louise Ball
