Dear Ms. Brooks,

The City of Margate hereby respectfully requests a courtesy waiver of the engineering permit fees for the roadway restoration and maintenance of traffic (MOT) work associated with the above-captioned water main improvement project within your city limits. The value of the work in question is \$573,019.00.

As time is of the essence with respect to pricing, contract execution, and availability of materials under the current market conditions, we would appreciate this matter being considered by your City Commission no later than their May 12 meeting.

We look forward to your cooperation in advancing this very important project that is aimed at improving service reliability to your residents and our customers.

Sincerely,

Cale Curtis
City Manager
