PERCENT CHANGE FROM PRIOR WEEK		-61.9%	+225.0%	-34.6%

The only increase during this time period was in Aggravated Assault, which increased from 0 to 1 and involved a road rage altercation in the drive-thru at McDonald's.

Although **Theft from Motor Vehicle** decreased by 3 in the past week, it's worth noting that the prior week experienced a rather significant increase from 2 to 11, including 7 vehicles burglarized on 9/1 in Coquina for which an arrest was made. In the past week, there have been multiple vehicle burglaries in South Creek and Pond Apple III plus another in Golden Raintree IV. In general, they have been occurring in neighborhoods east of Lyons Rd. All but one of the most recent incidents have occurred in the **overnight hours between about 0100-0400**. Recent

incidents have occurred Sat-Sun, Mon-Tue, and Tue-Wed and have also all involved **unlocked vehicles** and the loss of cash, personal documents/credit cards, and personal items.
