CONSULTING SERVICES WORK AUTHORIZATION

DATE: August 29, 2022

CONSULTANT: WGI, Inc.

WORK AUTHORIZATION NO. 3 FOR CONSULTING SERVICES

This Work Authorization, when executed, shall be incorporated in and become an integral part of the "Agreement between City of Coconut Creek and WGI, Inc. for Professional Services" dated August 29, 2022.

I. PROJECT DESCRIPTION

The CITY desires to have WGI, Inc. ("CONSULTANT"), prepare a Vulnerability Assessment that will not only identify current concerns but also concerns for the future. We will examine flooding and heat with an additional focus on the social concerns of both. This assessment will give us direction for Capital Improvement Projects (CIP), help us to fine-tune our Climate Action Plan and resilience response, qualify the City for State grants, and provide the State of Florida with data it needs to comprehensively plan for the future. The assessment has an outreach component to effectively include the community and bring awareness of the process and the outcomes.

The scope for the Vulnerability Assessment is largely mandated by the State through legislation established in the Florida State Statutes. The City has opted to include a heat study to identify areas in need of relief, areas that also have a social aspect that exacerbates the heat, and potential remedies..

II. SCOPE OF SERVICES AND COSTS

See Proposal from WGI, Inc. attached hereto as Exhibit "A".

III. COMPLETION DATE

This Work Authorization is approved contingent upon the CITY'S acceptance of and satisfaction with the completion of the services rendered with a projected completion date of one year from the date of receipt of authorization from CITY. If the CITY in its sole discretion is unsatisfied with the services provided in the Work Authorization, the CITY may terminate the Agreement without incurring any further liability. The CONSULTANT shall commence work after issuance of the notice to proceed.

IV. NOT A DESIGN-BUILD AGREEMENT

CONSULTANT shall not bid for any construction components associated with this Project.
