FEES		
	\$2000 ..... Base fee	
	\$ 100 ..... Per acre over 10 acres	

## SITE PLAN AESTHETIC DESIGN CRITERIA

Please fill out the following in COMPLETE DETAIL, a restatement does not satisfy code requirements.

<b>AESTHETIC DESIGN CRITERIA (Section 13-37)</b>	
<b>1.</b>	<p><b><i>Harmonious and efficient organizations.</i></b> The site plan shall be organized harmoniously and efficiently in relation to topography, the size and type of plot, the character of adjoining property, and the type and size of buildings. The site will be developed to facilitate orderly development of surrounding property.</p> <p>The proposed residential development is part of a master planned community called Mainstreet. This development is purposely providing the residential requirements consistent with the Mainstreet PMDD guidelines. The intent and purpose of this section of the MainStreet Design Standards is to inform the overall development organization and planning of the district, and to ensure a cohesive, pedestrian oriented urban environment that incorporates significant public open space and opportunities for a successful mix of uses. The overall development program allows a maximum of 1,860 dwelling units and 210,000 square feet of non-residential uses. The residential component of the development is comprised of 2 story villas and townhomes, 3 to 4 story condominiums, and 5 story mid-rise apartments. The townhomes are generally proposed to be located in the interior of the Project to insulate the lowest density use from the impacts of the existing commercial development and heavily trafficked thoroughfares surrounding the MainStreet area. The higher intensity condominium and apartment uses will be located between the townhome development areas and the commercial/civic uses lining the perimeter of the Property along Wiles Road, Lyons Road, and Sample Road.</p>
<b>2.</b>	<p><b><i>Preservation of natural state.</i></b> Desirable vegetation or other unique natural features shall be preserved in their natural state when practical. Tree and soil removal and filling of natural watercourses shall be minimized.</p> <p>The proposed development is purposely situated to preserve the wetlands, located nearby. The existing site is farm land with little mature vegetation not utilized for farming purposes. The proposed design enhances the natural flow of water and maintains the interconnectivity of the surrounding properties. The wetland preserve will also be restored and enhanced with a wide preserve transition zone including a depressed swale and raised berm with a continuous hedge and upland native buffer plantings along the east side of the Cypress wetland.</p>
<b>3.</b>	<p><b><i>Enhancement of residential privacy.</i></b> The site plan shall provide reasonable visual and sound privacy for all adjacent dwelling units. Fences, walks, barriers and vegetation shall be arranged for protection and privacy.</p> <p>The property is located near commercial type uses. The proposed perimeter of the master planned community provides for a pedestrian oriented buffer adjacent to major arterial streets providing the necessary buffer to existing residential properties in the general area.</p>
<b>4.</b>	<p><b><i>Emergency access.</i></b> Structures and other site features shall be arranged to permit practical emergency vehicle access to all sides of buildings.</p> <p>The proposed building layout provides access to all four sides of the buildings with emergency vehicles or pedestrian walkways. Further, the proposed master planned community provides for multiple access drives together with additional turn lanes and signalized intersections to improve the accessibility and safety for vehicles and pedestrian traffic. Primary entry points are provided from Sample Road and Lyons Road and a secondary entrance shall be provided from Wiles Road. A grid pattern has been created and designed to ensure that adequate emergency vehicle circulation is accommodated..</p>
<b>5.</b>	<p><b><i>Access to public ways.</i></b> Every structure and dwelling unit shall have access to a public street, walkway or other area dedicated to common use.</p> <p>The proposed design provides vehicular, bicycle and pedestrian access to the surrounding public streets and public transportation. As part of the larger MainStreet Project, a Greenway is proposed along the perimeter of the Property adjacent to Wiles Road and Lyons Road to provide pedestrians and cyclists a comfortable area for movement along the major roadways that define the perimeter of the MainStreet development area. A +/- 1.0 acre Main Plaza is proposed on the north side of 40th Street immediately west of the Commercial Mixed-Use to link the residential and non-residential uses through open space. The Main Plaza also connects to the FPL Easement, which will be improved as a passive linear park. Lakes are proposed along the north and south sides of the FPL Easement to improve the pedestrian experience within the park and also serve drainage needs. The passive linear park in the FPL easement will provide a pleasant pedestrian-oriented open space connection from the Main Plaza to the wetland preserve and to the City Market Avenue/Main Street roadway to access the Village Green. The proposed interconnected open space and pedestrian network will provide opportunity for an active lifestyle defined by options for community interaction and engagement and access to natural recreation opportunities. The site plan offers connections from the residential buildings to these areas for the safe enjoyment of future residents.</p>

6.	<p><b><i>Pedestrian circulation. A pedestrian circulation system shall be provided which is separate from the vehicular circulation system.</i></b></p> <p>The proposed site includes sidewalks to all buildings with direct connection to Lyons Road, Cullum Road, Sample Road, Banks Road and State Road 7. In addition, the master planned community provides multinodal paths interconnecting all uses and public open spaces. More specifically, a Greenway is proposed along the perimeter of the Property adjacent to Wiles Road and Lyons Road to provide pedestrians and cyclists a comfortable area for movement along the major roadways that define the perimeter of the MainStreet development area. A +/- 1.0 acre Main Plaza is proposed on the north side of 40th Street immediately west of the Commercial Mixed-Use to link the residential and non-residential uses through open space. The Main Plaza also connects to the FPL Easement, which will be improved as a passive linear park. Lakes are proposed along the north and south sides of the FPL Easement to improve the pedestrian experience within the park and also serve drainage needs. The passive linear park in the FPL easement will provide a pleasant pedestrian-oriented open space connection from the Main Plaza to the wetland preserve and to the City Market Avenue/Main Street roadway to access the Village Green. The proposed interconnected open space and pedestrian network will provide opportunity for an active lifestyle defined by options for community interaction and engagement and access to natural recreation opportunities. The circulation allows for direct access to public transportation and public sidewalks to adjacent properties.</p>
7.	<p><b><i>Design of access and egress drives. The location, size, and numbers of ingress and egress drives to a site will be designed to minimize the negative impacts on public and private streets and on adjacent property.</i></b></p> <p>The proposed master planned community provides for multiple access drives together with additional turn lanes and signalized intersections to improve the accessibility and safety for vehicles and pedestrian traffic. Primary entry points are provided from Sample Road and Lyons Road and a secondary entrance shall be provided from Wiles Road. A grid pattern has been created and designed to ensure that adequate emergency vehicle circulation is accommodated..</p>
8.	<p><b><i>Coordination with off-site vehicular and pedestrian circulation systems. The arrangement of rights-of-way or easements for vehicular and pedestrian circulation shall coordinate the pattern of existing and planned streets and pedestrian or bicycle pathways in the area.</i></b></p> <p>The proposed design circulation system allows for access to other internal Mainstreet uses as well as the surrounding uses. The proposed master planned community provides for multiple access locations to adjacent commercial uses and major roadways. The internal multiuse paths provides for access to all adjacent uses to include parks, schools, restaurants and retail.</p>
9.	<p><b><i>Stormwater control. Protective measures shall ensure that removal of stormwater runoff will not adversely affect neighboring properties or the public storm drainage system. Provisions shall be made for construction of wastewater facilities including grading, gutters, and piping to direct stormwater and prevent erosion. Surface water on all paved areas shall be collected at intervals which do not obstruct vehicular or pedestrian traffic.</i></b></p> <p>The proposed site is in the Cocomar drainage district which has requirements for on site lakes. This particular site provides additional drainage connections to the adjacent properties allowing them to flow thru Mainstreet to the Cocomar canal system. All the water from Mainstreet flows North past Wiles Road. The internal drainage design has positive drainage system to quickly move the rainwater from the streets into the proposed lakes and canals to avoid temporary ponding during rain events.</p>
10.	<p><b><i>Exterior lighting. Location, type, size and direction of exterior lighting shall not glare or direct illumination which interferes with adjacent properties or safety of public rights-of-way.</i></b></p> <p>The proposed lighting is designed to meet City code requirements with full cut off LED fixtures to protect the night sky and zero light spillage to neighboring properties. The lights will also be on timers that dim the lights after hours to further reduce lighting on site.</p>
11.	<p><b><i>Protection of property values. Elements of a site plan shall be arranged to have minimum negative impact on values of adjoining property.</i></b></p> <p>The proposed development is part of the Mainstreet master plan which has been designed as a sustainable community that will have a positive impact on the surrounding communities. MainStreet is in an ideal infill location with adjacent uses providing existing commercial, educational and entertainment opportunities including the Promenade at Coconut Creek Shopping Center, the Seminole Casino Coconut Creek, and Monarch High School. MainStreet is designed to provide a mix of living options including villas, townhomes, apartments, and luxury condominiums with convenient pedestrian access to shopping, entertainment, institutional, civic, and recreational uses. The community is designed to be pedestrian and bicycle friendly with bike paths, wide sidewalks, greenway walking paths, and tree-lined streets. MainStreet will promote green development and sustainability principles for land development and building construction, and will have a positive impact to the surrounding areas.</p>

**CORRECTIVE QUIT CLAIM DEED**

THIS **CORRECTIVE QUIT CLAIM DEED** is made as of the 25 day of February, 2011, by **Johns Family Partners, LLLP**, also known as, **Johns Family Partnership, LLLP**, a limited liability limited partnership (hereinafter referred to as "Grantor"), whose mailing address is 1700 SW 12<sup>th</sup> Avenue, Boca Raton, Florida 33486 and **Johns Family Partners, LLLP**, a limited liability limited partnership (hereinafter referred to as "Grantee") whose address is 1700 SW 12<sup>th</sup> Avenue, Boca Raton, Florida 33486.

*(Wherever used herein the terms "Grantor" and "Grantee" include all the parties to this instrument and the heirs, legal representatives, and assigns of individuals, and the successors and assigns of corporations.)*

WHEREAS, in 2005 various quitclaim deeds were recorded intending to convey the interests of several individuals and entities in certain parcels of real property in Broward County, Florida, to Johns Family Partners, LLLP, such parcels being more specifically described in those quitclaim deeds as follows:

Tracts 24, 33, 34, 35, 36, 37, 38, 39, 40, 41, 42, 48, 49, 50, 51, 52, 53, 54, 55, 57, 58, 59, 60 and 73, Block 89, PALM BEACH FARMS, according to the Plat thereof as recorded in Plat Book 2, Page 54, of the Public Records of Palm Beach County, Florida, said lands situate, lying and being in Broward County, Florida;

WHEREAS, in each of the quitclaim deeds referred to in the preceding paragraph the grantee was variously referred to as "Johns Family Partnership, LLLP", or "Johns Family Partners, LLLP", in each case further identifying the grantee as being a limited liability limited partnership under Florida law and having a mailing address of 2609 N.E. 27<sup>th</sup> Ave, Fort Lauderdale, Florida, 33306;.

WHEREAS, the true and correct name of the grantee referred to in each of the quitclaim deeds is "Johns Family Partners, LLLP", as reflected in the records of the Florida Secretary of State, and each of the quitclaim deeds that identified the grantee as "Johns Family Partnership, LLLP" was a misnomer and scrivener's error, each of those deeds being intended to indicate as the grantee "Johns Family Partners, LLLP";

WHEREAS, this **CORRECTIVE QUITCLAIM DEED** is being recorded to clarify in the public records that the intention and effects of those quitclaim deeds referred to herein to convey all of the interests of the respective grantors therein to Johns Family Partners, LLLP as grantee;

**NOW, THEREFORE**, Grantor for and in consideration of the sum of Ten and 00/100 Dollars (\$10.00), and other good and valuable consideration, to said Grantor in hand paid by said

②

Grantee, the receipt whereof is hereby acknowledged, hereby grants, bargains, sells, aliens, remises, releases, conveys and confirms unto the Grantee all of Grantor's interest in that certain parcel of land situate, lying and being in Broward County, Florida, being more particularly described as:

Tracts 24, 33, 34, 35, 36, 37, 38, 39, 40, 41, 42, 48, 49, 50, 51, 52, 53, 54, 55, 57, 58, 59, 60, and 73, Block 89, PALM BEACH FARMS, according to the Plat thereof as recorded in Plat Book 2, Page 54, of the Public Records of Palm Beach County, Florida, said lands situate, lying and being in Broward County, Florida, subject to easements, reservations and restrictions of record and any previously deeded or dedicated rights-of-way.

**TOGETHER** with all the tenements, hereditaments and appurtenances thereto belonging or in anywise appertaining.

**TO HAVE AND TO HOLD**, the same in fee simple forever.

**IN WITNESS WHEREOF**, the said Grantor has hereunto set its hand and seal the day and year first above written.

Re: Project Name: **MAINSTREET – PARKS AND BUFFER SITE PLANS**  
 Project process: **SITE PLAN APPROVAL**  
 HSQ Project Number: **1803-32**  
 Location: **City of Coconut Creek, Broward County**

Dear All:

**OVERVIEW:**

GSR RE Partners, LLC (“Petitioner”) is the contract purchaser of the +/- 200 acre parcel generally located on the west side of Lyons Road between Wiles Road and West Sample Road (“Johns Parcel”) in the City of Coconut Creek (“City”), and the owner of the +/-6.9 acre parcel platted as the Lyons Commons Plat (“Lyons Parcel”). The Johns Parcel and Lyons Parcel are collectively referred to herein as the “Property” and are further identified by the folio numbers listed below:

4842 1801 0160	4842 1801 0240	4842 1801 0310	4842 1801 0360
4842 1801 0480	4842 1801 0250	4842 1801 0320	4842 1801 0370
4842 1801 0210	4842 1801 0260	4842 1801 0330	4842 1801 0390
4842 1801 0220	4842 1801 0270	4842 1801 0340	4842 1801 0170
4842 1801 0230	4842 1801 0280	4842 1801 0350	4842 1825 0010

The Property has a future land use designation of Regional Activity Center (“RAC”) and is currently zoned PMDD, Planned MainStreet Development District. Petitioner is proposing to develop the Property with a mixed-use project that includes a variety of residential dwellings, commercial uses and open space (“Project”).

On August 26, 2010, the City adopted Ordinance 2006-006 approving the MainStreet @ Coconut Creek DRI (“DRI Development Order”) for the Property. The DRI Development Order provides approval for the following uses, subject to site plan review and approval demonstrating that the actual mix of residential, office, and commercial uses proposed is consistent with the City’s MainStreet Design Standards:

- Commercial Uses: 1,625,000 square feet of gross floor area
- Office Uses: 525,000 square feet of gross floor area
- Residential: 3,750 residential units.

The City approved a DRI Amendment and PMDD Rezoning Application in order to allow for the Project. The PMDD Rezoning application proposes the following development program (subject to change in the future):

- 540 Villas and Townhomes with a maximum of 2-stories;
- 880 Multifamily Units with a maximum of 5-stories;
- 875 Multifamily Units with a maximum of 8-stories;
- 105,000 square feet of Commercial Use;
- 15,000 square feet of private recreation; and
- City Civic space.

At this time, Petitioner is also seeking site plan approval for the on-site parks and buffers that are part of the common areas of the MainStreet PMDD. The parks and buffers include the Lyons Road greenway buffer, Cullum Road Greenway buffer adjacent to Block 1, Wiles Road greenway buffer adjacent to Block 15, the FPL easement park, Block 7 Lake parcel, Main Plaza (Blocks 5 & 6), Johns Park (Block 2) and several smaller parks adjacent to the blocks and roads within MainStreet.

#### **SITE DENSITY:**

This property consists of multiple parks and buffers within the MainStreet property. This application does not include any buildings or request for density approvals.

#### **BUILDING ARCHITECTURE:**

This application does not include any buildings for approval.

#### **SITE ACCESS AND TRAFFIC:**

This application includes detailed information for the parks and buffers within MainStreet. The plans include amenities, sidewalks, benches, lighting, landscaping, EV charging stations, utilities and grading. The access to these areas is through the roadway network and pedestrian paths.

#### **BUFFERS AND AMENITIES:**

This application for site plan approval is for the buffers and park amenities associated with the MainStreet PMDD.

#### **DRAINAGE AND WETLANDS:**

The overall site is in the Cocomar Drainage District. The district requires 15% lake/water surface area. The master drainage plan provides the necessary storm water quantity and quality for this development within the lakes, dry detention areas, wetlands, and canals. The parks utilize inlets and underground pipes to connect to the master drainage system lakes.

#### **UTILITIES:**

The parks do not require water and sewer services. The irrigation system is serviced by City re-use water as part of the master irrigation system. The site plans include all utilities, lighting and landscaping designed to avoid conflicts with each other.

#### **CONCLUSION:**

The parks and buffers are part of the overall MainStreet master plan. The plans and details provided are necessary to coordinate the parks and buffer design with the adjacent parcels to ensure consistency and maintain the MainStreet theme for the sustainable development. The developer is
