The Honorable Mayor and Members of the City Commission
4800 West Copans Road
Coconut Creek, FL 33063

Honorable Mayor, Members of the City Commission, and Citizens of the City of Coconut Creek, Florida:

We are pleased to present the Annual Comprehensive Financial Report (ACFR) for the City of Coconut Creek for the fiscal year ended September 30, 2024. Through strategic planning and responsible resource management, Coconut Creek continues to thrive as a safe, vibrant, and financially strong community. Our commitment to excellence drives us to deliver exceptional services to residents, businesses, and visitors while investing in infrastructure, advancing capital projects, and fostering economic growth. These efforts ensure a dynamic and prosperous City for generations to come.

The ACFR was prepared in accordance with Florida Statutes, the City Charter, and Accounting Principles Generally Accepted in the United States of America (GAAP). Florida Statutes require that every general purpose local government annually publish a report on its financial position and activity that is audited by an independent firm of certified public accountants. The City of Coconut Creek's commitment to full financial disclosure and financial transparency is reflected in the ACFR through the use of exhibits and the Statistical Tables included herein. All disclosures necessary to enable the reader to gain an understanding of the City's activities have been included.

The ACFR's most significant role is to provide valuable insight into how the City is managing public finances. This accountability to the residents of the City of Coconut Creek is achieved by:

- Assessing financial condition and results of operations;
- Comparing actual financial results with the legally adopted budget, where appropriate;
- Assisting in determining compliance with applicable laws, rules, and regulations; and
- Assisting in evaluating the efficiency and effectiveness of the City's operations.

This report consists of management's representation and assumptions concerning the finances of the City. As such, responsibility for both the accuracy of the data and the completeness and fairness of the presentation including all disclosures, rests with management.

Citrin Cooperman & Co., LLP, a firm of licensed certified public accountants, has audited the City of Coconut Creek's financial statements. The goal of the independent audit is to provide reasonable assurance that the financial statements of the City for the fiscal year ended September 30, 2024 are free of material misstatements. Based upon the audit, the independent auditor concluded that the City's financial statements for the fiscal year ended September 30, 2024 are fairly presented in conformity with GAAP and issued an unmodified opinion, which means that the financial statements comply with accounting standards and applicable regulations. The independent auditors' report is presented as the first component of the financial section of this report.

GAAP requires that management provide a narrative introduction overview and financial analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement and to be read in conjunction with the MD&A. The City's MD&A can be found immediately following the independent auditors' report.

Profile of the Government

The City of Coconut Creek is a thriving, full-service municipality nestled in the north-central region of Broward County, Florida, the State's second most populated County. Established in 1967 by the Florida Legislature, the City spans approximately 12 square miles and enjoys a prime location just north of Fort Lauderdale, bordering unincorporated Palm Beach County. With convenient access to major highways, airports, and the beautiful Atlantic coastline, Coconut Creek offers an unbeatable blend of accessibility and charm. Just 10 miles west of the beach, the City's lush, sub-tropical climate ensures a comfortable and vibrant lifestyle year-round, making it an exceptional place to live, work, and thrive.

With an estimated population of 57,702, the City of Coconut Creek is the 15th largest among Broward County's 31 municipalities. Designed primarily as a residential community, the City is home to a diverse mix of singles, families, and retirees. Recognizing that the tax base is largely supported by residential properties, Coconut Creek remains committed to fostering economic growth by attracting new businesses and expanding commercial opportunities, ensuring a balanced and thriving local economy.

The City of Coconut Creek operates under a Commission-Manager form of government, ensuring effective leadership and efficient administration. Five Commissioners are elected "at large" from the City's five districts to serve staggered four-year terms. Each year, from among the elected Commissioners, a Mayor and Vice Mayor are selected by the Commission during the second commission meeting in March.

The Mayor and Commission serve as the City's legislative body, responsible for setting policies, enacting local ordinances, approving the annual budget, and appointing key officials, including the City Manager, City Attorney, and members of various Boards and Committees. The City Manager oversees the City's daily operations, manages staff, develops and presents the annual operating and capital improvement budget, provides recommendations to the Commission, and ensures the enforcement of City ordinances, resolutions, and policies. This structure fosters strong governance and a commitment to serving the community effectively.

In November 2024, Coconut Creek voters approved a change to the City's leadership structure, creating an elected Mayor position and reducing the number of City Commissioners from five to four. As part of this transition, the City will redistrict. Beginning in March 2029, voters will elect the Mayor and Commissioners.

The City of Coconut Creek provides a comprehensive range of services, including police and fire rescue, parks and recreation, infrastructure maintenance, and essential utilities such as water, wastewater, and stormwater management. The City's annual budget plays a vital role in financial planning and oversight, guided by the Vision 2030 Strategic Plan, which serves as the foundation for budget development.

During the budget process, all City departments submit appropriation requests to the Finance and Administrative Services Department. These requests serve as the basis for assisting the City Manager in crafting a proposed budget, which must be submitted to the City Commission by August 1st each year. The Commission then conducts public hearings before adopting the final budget by September 30th, marking the end of the fiscal year.

For more details on the City's Vision 2030 Strategic Plan, please refer to the long-term financial planning section on page v.

For additional information concerning the City, please visit our website at www.coconutcreek.net.

Factors Affecting Financial Condition

The information presented in the financial statements is more comprehensive when considered from the broader context of the economic landscape in which the City of Coconut Creek operates.

Economic Outlook

Florida's robust population growth continues to be a key driver of its economic strength. A rising population fuels demand for goods and services while expanding the labor force, creating a positive economic cycle. The state's warm climate, strong real estate market, and business-friendly environment make it a prime destination for new residents. Between 2020 and 2024, Florida experienced exceptional growth, maintaining its position as one of the most dynamic states in the nation. Notably, after being recognized as the fastest-growing state in the U.S. in 2022, a title it had not held since 1957, Florida's population has surged by 8.5% over the past four years.

Florida's economic performance remains strong, ranking 21st among all states in GDP growth at 3.3% for the third quarter of 2024, surpassing the national average of 3.1%. Key sectors such as real estate, new construction, and a thriving job market, particularly in South Florida and Broward County, continue to propel the state's economy forward. Coconut Creek's local job market remains resilient, with an unemployment rate of 3.4% as of September 2024. While this represents a slight increase from 2023, it remains 0.7% below the national average of 4.1% and just 0.1% higher than Florida's statewide rate of 3.3%. Broward County's unemployment rate also stands at 3.4%, aligning with the City's. These figures highlight the strength and stability of the local labor market, despite minor fluctuations.

While economic indicators remain positive, inflationary pressures have impacted the City's financial landscape in fiscal year 2024. In response to high inflation, the Federal Reserve adjusted its monetary policy, lowering the target range for the federal funds rate. These efforts have contributed to a decline in the Consumer Price Index (CPI) for the Miami-Fort Lauderdale-West Palm Beach area, dropping from 5.7% to 2.8%. While this progress is encouraging, the rising cost of goods and services has necessitated a more strategic approach to budgeting and resource allocation. Despite these challenges, Coconut Creek's economy remains stable, and the City continues to provide high-quality services to residents while ensuring financial sustainability.

New Construction

New construction and development gained momentum in fiscal year 2024, building on the increase seen in 2023. While residential construction activity remained stagnant, commercial development expanded, highlighting ongoing investment in the City. This upward trend is expected to carry over into fiscal year 2025 and beyond.

Building Permits

One way to measure the extent of new construction and development is by reviewing the number and associated value of building permits issued. The following table provides a historical look at residential and commercial permits issued for new developments.

Table 1

	2024	2023	2022	2021	2020	2019	2018	2017	2016	2015
Residential Units	0	0	0	1	10	6	28	325	83	53
Commercial Permits	9	3	0	1	3	4	8	4	3	3
Value (in millions)	\$35.4	\$15.2	\$0.0	\$ 1.3	\$10.0	\$12.0	\$39.8	\$42.9	\$22.6	\$16.5

Over the past decade, residential building permits peaked in 2017 with the addition of Simonton Court, In the Pines Townhomes, and Monarch Station Luxury Apartments. While no new residential building permits were issued in fiscal years 2022 through 2024, this period offered an opportunity for the City to focus on strategic development and enhancing community infrastructure to support future growth.

Commercial permit activity has remained relatively steady over the past ten years, with minor peaks in 2014 and 2018, and a slowdown in 2021 and 2022 resulting from the effects of the COVID-19 pandemic. In fiscal year 2024, the City issued nine commercial permits, including projects for Cali Coffee, Sprouts Farmers Market, and Extra Space Storage, with a total value of \$35.4 million. This reflects strong growth and economic confidence in Coconut Creek. The City remains committed to maintaining, upgrading, and expanding public spaces to meet the community's evolving needs.

As the long-anticipated MainStreet development takes shape, the number of residential and commercial permits is expected to increase in the coming years.

Relevant Financial Policies

The City of Coconut Creek's budgetary and financial policies establish the foundation for overall fiscal management. These policies guide funding decisions, ensuring a balanced budget and fiscal accountability to residents. The key policies impacting the fiscal year 2024 financial statements are outlined as follows:

Accounting and Administrative Controls

The City of Coconut Creek has implemented a comprehensive internal control framework to safeguard assets from loss, theft, or misuse while ensuring the reliable preparation of financial statements in accordance with GAAP. Recognizing that the cost of controls should not exceed their benefits, the City's framework is designed to provide reasonable, rather than absolute, assurance that financial statements are free from material misstatement. This approach acknowledges that: (1) the cost of a control should not exceed the expected benefits and (2) management must use judgment and estimates to balance costs and benefits effectively.

As management, we affirm that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects. It accurately presents the City's financial position and operational results on both a government-wide and fund basis. All internal control evaluations are conducted within this framework, and we believe the City's internal accounting controls effectively safeguard assets and provide reasonable assurance of accurate financial reporting.

Budgetary Controls

The City of Coconut Creek adopts annual budgets for all funds and maintains strict budgetary controls to ensure compliance with legal provisions established by the City Commission. Budgetary control is maintained at the program, department, office, or agency level, as appropriate.

For the General Fund, the City Manager or designee is authorized to transfer budgeted amounts within departments, while any revisions that alter total department budgets require City Commission approval. For all other funds, the City Manager or designee may transfer budgeted amounts within each fund.

As evidenced by the budgetary comparison schedules included in this report, the City remains committed to sound financial management practices. Budgetary comparisons for the General Fund and major Special Revenue Funds are presented as part of the required supplementary information, beginning on page 69. Comparisons for other governmental funds with appropriated budgets can be found in the combining and individual fund statements and schedules section, starting on page 81.

Investment in Capital and Infrastructure

Each year, the City Manager presents a financial plan outlining proposed improvements to public facilities for the upcoming fiscal year and the following four years, along with funding strategies. This five-year plan, known as the Capital Improvement Program (CIP), allocates resources for City vehicles, roads, sidewalks, parks, buildings, infrastructure (including water and wastewater lines and lift stations), and information technology.

For fiscal years 2025 through 2029, the City's Five-Year Capital Improvement Program includes approximately \$215.4 million in governmental funds and \$38.5 million in enterprise funds. The first year of the plan serves as the capital budget for the coming fiscal year, while the remaining years provide a strategic roadmap for future investments.

During fiscal year 2024 the City recorded \$8.0 million in governmental fund capital asset additions and \$4.1 million in enterprise fund capital asset additions, including the following:

Governmental Funds	Enterprise Funds
<ul style="list-style-type: none">● Pierce Enforcer Fire Engine● Lyons Road Median Improvement● Fire Station #94 Bay Door Improvements● Sabal Pines Boardwalk Rehabilitation● Sample Road Multi Purpose Path Design● Police Officer Equipment Replacement program (recurring)● Oak Trails Park Expansion Design● Irrigation Pump Stations	<ul style="list-style-type: none">● Standby Generator and Bypass Pump Replacement Program (recurring)● Wastewater Pump Station Rehabilitation Program (recurring)● Stormwater Drainage Improvement Program (recurring)● Water Meter Connection Lines Retrofit Program (recurring)● Wastewater Conveyance System Improvement Program (recurring)● Wastewater Access Structure Rehabilitation Program (recurring)● Electrical Control Panel Rehabilitation● AMR and AMI Consulting Service

Revenue Policy

The City of Coconut Creek is committed to maintaining a diversified and stable revenue system to reduce reliance on any single revenue source and minimize dependence on property taxes. Charges for services are implemented to recover partial or full costs for services that benefit individual users. Additionally, the City ensures that new or ongoing operating costs are funded through consistent, recurring revenue sources.

Debt Policy

The City of Coconut Creek adheres to a conservative debt policy, ensuring that borrowing is used exclusively for capital projects and not for recurring operating costs. By carefully managing its debt obligations, the City aims to minimize borrowing costs while maintaining financial stability. Annual debt service payments are strategically planned to prevent any negative impact on the Fund Balance. As of September 30, 2024, the City's outstanding debt totaled \$14.1 million, reflecting a \$2.1 million reduction from the previous year due to scheduled debt service payments. The City regularly evaluates its existing obligations and future borrowing needs to uphold its commitment to responsible fiscal management.

Fund Balance Policy

The City of Coconut Creek maintains a Fund Balance Policy to ensure the financial stability and long-term fiscal health of its governmental funds. This policy establishes and preserves adequate reserves to: (1) support sufficient cash flow for daily operations, (2) maintain and enhance investment-grade bond ratings, when applicable, (3) mitigate the financial impact of economic downturns or revenue shortfalls, and (4) provide emergency funding for unexpected expenditures. The City is committed to maintaining a prudent level of unassigned fund balance in the General Fund to support operational needs and financial contingencies. As of the close of the fiscal year, the governmental fund balance totaled \$109.0 million, with \$36.3 million in unassigned General Fund balance, equating to 38.7% of the total General Fund's budgeted operating expenditures, or approximately five months of reserves. Additionally, \$4.7 million has been designated specifically for hurricane emergencies to ensure financial preparedness in the event of natural disasters.

For further details on the Fund Balance Policy, refer to pages 40-41, Note 1 to the Financial Statements.

Long-term Financial Planning

Coconut Creek is widely recognized as a well-planned community, successfully balancing the provision of exceptional levels of service; an extensive array of amenities; proactive, environmental mindfulness; and a welcoming business climate. The City's financial status is strong and continues to grow, generating sufficient revenues to meet increased costs for quality municipal services that our constituents have come to expect.

Strategic Planning

To ensure long-term financial stability, the City employs a comprehensive approach to strategic planning, incorporating both short and long-term comprehensive objectives. Key tools for this purpose include the Comprehensive Plan and the Strategic Plan.

Comprehensive Plan

The Comprehensive Plan serves as a guide for future growth and development in the City and provides an overall vision for the community in the areas of future land use, transportation, housing, infrastructure, conservation, recreation and open space, intergovernmental coordination, capital improvement, water supply, and public school facilities.

Strategic Plan

Coconut Creek is committed to maintaining a livable, sustainable, and resilient community. The Fiscal Year 2024 ACFR summarizes the City's financial activity and aligns with Vision 2030, a strategic framework developed in collaboration with the community. Vision 2030 provides high-level direction to leadership and staff through an updated Vision Statement, Mission Statement, and Core Values. To realize the City's Vision, Mission, and Core Values, the Strategic Plan serves as the foundation for the annual budget, emphasizing continuous improvement across five Key Areas of Focus: a) adaptable and progressive mobility; b) sustainable environmental practices; c) high-performance governance; d) smart growth strategies; and e) safety and quality of life. This structured approach ensures that Coconut Creek continues to evolve while upholding the highest standards of service, innovation, and environmental responsibility.

The following table lists the five Key Areas of Focus and identifies some of the Vision 2030 initiatives and/or programs that support them:

Key Area of Focus	Initiatives and/or Programs
Adaptable and Progressive Mobility	<ul style="list-style-type: none"> ● Transit Master Plan ● Complete Streets Program ● Electric Vehicle Charging Station Program ● Butterfly Express ● Comprehensive Street Improvement Program
Sustainable Environment	<ul style="list-style-type: none"> ● Arbor Day Free Tree Giveaway ● Climate Action Plan ● Recycle Right Recycling Programs ● Conservation Pays Program ● Household Hazardous Waste Disposal Events
High Performance Government	<ul style="list-style-type: none"> ● Ambassador Program ● Citizen's Academy ● Unity in Our Community ● Succession Planning Program ● Fire Cadet Program
Smart Growth	<ul style="list-style-type: none"> ● MainStreet Development Project ● Economic Development Incentive Program ● Neighborhood Enhancement Grant Program ● Small Business Academy and Outreach Program ● Realtor Bus Tour
Safety and Quality of Life	<ul style="list-style-type: none"> ● Creek Armor Citizen Engagement System ● Parks and Recreation Master Plan ● Police Explorer Program ● CocoALERT ● Community Emergency Response Team (CERT) Program

Revenue Sources

The City is committed to maintaining a balanced and diversified revenue system to safeguard against fluctuations in any single revenue stream. Major revenue sources for the City of Coconut Creek are property taxes, charges for services, intergovernmental revenues, utility taxes, and franchise fees.

Property Taxes

Property taxes remain the single largest revenue source supporting Coconut Creek's general operations. Assessed property values continue to show solid increases, with assessed values due to reassessments and new construction and additions increasing 7.22% for fiscal year 2025.

Charges for Services

Charges for Services represents fees charged as a result of direct benefit or in lieu of other charges. Water and wastewater sales account for a significant portion of revenues in the charges for services category. The other major revenues in this category include Stormwater Fees, Fire Assessment Fees, Seminole Mitigation Fees, and the Seminole Municipal Service Fee.

Intergovernmental Revenues

Intergovernmental revenue consists of revenues that are received from other government agencies. The majority of these revenues consist of the one-cent County Surtax, State Sales Tax, State Shared Revenue, and Local Option Fuel Taxes. Other revenues in this category consist of federal, state, and local grants and shared revenue from the County. These revenue sources are highly driven by the economy and/or the City's ability to secure grant funding. The City anticipates solid increases in intergovernmental revenues in future years.

Utility taxes and franchise fees make up the remainder of major revenues. Though subject to economic conditions and impending legislative requirements, these revenue sources have historically remained relatively stable and are expected to continue to show modest increases in future years.

The following revenue sources are in addition to the traditional revenue sources and are leveraged to cover on-going capital costs:

Transportation Surtax

In November 2018, Broward County voters approved a 30-year one-cent sales surtax to improve traffic signalization, roadways, intersections, pedestrian mobility options, public transportation (bus and rail), and fund future investments in Broward's transportation system. This revenue stream has provided some much needed relief to 31 municipalities which currently fund their transportation programs through stagnated local option gas taxes and general revenue funds. Coconut Creek was awarded and utilized \$3.4 million of Transportation Surtax funding for the milling and resurfacing of City streets as part of the City's Comprehensive Street Improvement Program, Phase II, which was completed in August of 2023. Additionally, the City was awarded \$0.3 million in 2024 for the design of a multipurpose pathway, among other road improvements along Sample Road. The design for this project was completed in October 2024 with construction slated to begin in summer 2025.

Seminole Tribe of Florida

Municipal Service Provider Agreement: The City of Coconut Creek is unique in that the Seminole Tribe of Florida has sovereign land within the City limits. In 1999, the City and the Seminole Tribe of Florida negotiated a Municipal Services Provider Agreement, which provides annual payments for City services and compensates for impacts the casino has on the community. Funding received from this agreement with the Seminole Tribe of Florida is restricted and has primarily been used for community capital improvement projects, debt service payments related to capital improvement projects, and land purchases. As part of this agreement, the City received \$4.0 million during fiscal year 2024, which represents a \$0.1 million decrease from the prior year.

Mitigation Agreement: The City proactively entered into a Mitigation Agreement with the Seminole Tribe of Florida that was promulgated from additional Seminole property becoming federal trust lands. The agreement calls for an annual payment to help mitigate the impact on the City. During fiscal year 2024, the City received \$3.2 million, which represents a \$0.3 million increase from the prior year. Proceeds from the Seminole Tribe Mitigation Agreement must be used for improvements and services within the MainStreet area as well as other expenses or improvements to mitigate the impact of the lands becoming sovereign.

Compact: In 2021 Legislative Session, the Governor of Florida signed a 30-year Compact Agreement with the Seminole Tribe of Florida granting the Tribe exclusive rights to operate sports betting and casino gaming in the State. While legal challenges initially delayed revenue distribution, the settlement of lawsuits has cleared the path for Coconut Creek to receive its share of funds in future years. These revenues will be allocated to the Capital Improvement Program Fund to support City infrastructure improvements.

Expenditures and Services

The City prioritizes fiscal stability and efficient service delivery by carefully identifying community needs, setting appropriate service levels, and strategically managing resources. The Strategic Plan serves as the foundation for determining program priorities, ensuring that all departmental requests align with the City's long-term vision. To maintain financial resilience, the City upholds adequate fund balances, working capital, and reserves, safeguarding its creditworthiness and ensuring stability during economic fluctuations or emergencies.

Capital Improvement Program

The City of Coconut Creek has been working diligently on several capital improvement program projects, including the following major projects:

Project	Location	Project Description	Estimated Cost (in millions)	Estimated Completion
Fire Station #113	MainStreet	Fire Station #113 is currently operating out of a temporary trailer within the MainStreet area. With the realization of MainStreet and associated population growth, construction of a permanent Fire Station #113 in the MainStreet area will be necessary. Design is anticipated to begin in FY25 and construction planned for FY26.	\$30.7	09/2027
Lakeside Park Improvements (Phase I)	Lakeside Park	The City purchased a five-acre parcel of vacant land adjacent to Lakeside Park. Phase I planned improvements include four pickleball courts, two basketball courts, sidewalk improvements, and a batting cage. Design for this project has been completed and construction is slated to begin in late FY25.	\$2.0	12/2025
Oak Trails Park Expansion (Phase I)	Oak Trails Park	The City purchased two five-acre parcels of land adjacent to either side of Oak Trails Park in 2018. Phase I planned improvements include two multipurpose fields, a picnic area, outdoor exercise equipment, a walking trail, and vegetative enhancements. The City was awarded \$1.1 million from the Florida Department of Environmental Protection to help offset construction costs for this project. The design for this project is currently being finalized.	\$2.5	12/2025
Comprehensive Street Improvement Program	Citywide	The City is currently investing in a Comprehensive Street Improvement Program to address the City's aging roadway infrastructure. The program involves general rehabilitation including milling, resurfacing, striping, sidewalk, ADA, and drainage system improvements. Debt proceeds and transportation surtax funds were used to complete Phases I and II.	\$23.7	09/2034

The City has established a robust grants application and acquisition process and pursues all opportunities to secure grant funding whenever possible to help offset the cost of the City's capital improvement projects.

The City continues to balance the need for community services with the equally important need to maintain financial stability and accountability. When planning for the future, the City proactively evaluates service levels, programs, and infrastructure maintenance/improvements to meet the needs of the community, balancing competing priorities with limited available resources. Consideration of the impact of any future tax reform, legislative changes, the overall economic environment, and external factors, such as an active hurricane season and worldwide challenges, will play an important role in determining the use of City resources in the upcoming years.

Major Initiatives

Adaptable and Progressive Mobility

Traffic congestion remains a regional challenge in South Florida, and Coconut Creek is no exception. As part of our commitment to smart growth, the City continues to implement strategies to minimize travel demand while enhancing alternative transportation options, including the potential integration of micro-transit services.

Aligned with Vision 2030, the City recently completed a Transit Master Plan and is in the process of finalizing an implementation plan to shape the long-term vision for our local shuttle system and transit services in collaboration with Broward County. This initiative aims to optimize passenger service for residents, workers, and visitors both now and in the future. In partnership with the Metropolitan Planning Organization (MPO), the City is also advancing the development of the Coconut Creek Mobility Hub near the MainStreet area. This hub will serve as a multi-modal transit access point, offering frequent service, seamless connectivity, and high development potential.

In Fiscal Year 2024, the City completed the Sample Road Shared Use Pathway Project design, funded with \$290,017 from the Broward County Mobility Advancement Program's surtax funding. This project includes the widening of sidewalks along Sample Road—from Lyons Road to the Florida Turnpike, enhancing accessibility to Tradewinds Park while incorporating shelters and additional transit amenities to improve the overall commuter experience. Construction is anticipated to begin in summer 2025.

Sustainable Government

Coconut Creek has long been recognized as an environmental leader in Broward County, earning regional and national recognition for its innovative sustainability programs, green certifications, and environmental achievements. The City has implemented key sustainable initiatives, including a solar canopy at the Recreation Complex in partnership with Florida Power & Light (FPL) and solar panels on the Government Center roof. Additionally, the City maintains a growing fleet of eco-friendly vehicles, consisting of nine hybrid and five fully electric vehicles. Furthering its commitment to sustainability, Coconut Creek has partnered with FPL to install Electric Vehicle (EV) charging stations as part of a pilot program available to select cities within FPL's service area. These stations are now operational at City Hall, the Recreation Complex, and the Community Center. These efforts, combined with the use of hybrid and electric vehicles, significantly contribute to reducing greenhouse gas emissions.

The City is also working diligently to address the expansion of the Monarch Hill Landfill. Waste Management is seeking to add about 10 stories in height and extend it by 24 acres, which will prolong its use by approximately 16 years. The Broward County commission has passed this proposal, however, the City intends to challenge this decision in court. The City will continue to engage our community and regional partners in this effort.

The City Commission's ongoing commitment to reducing plastic in our community has led to the passing of a new ordinance that restricts single-use plastics and prohibits polystyrene on City property. Additionally, it complies with state law by prohibiting the intentional release of balloons, plastic glitter, and plastic confetti within the city limits.

As part of the City's Vision 2030 plan, Coconut Creek is finalizing its Climate Action Plan (CAP) to proactively address the local impacts of climate change. The CAP will incorporate key findings from the city-wide vulnerability assessment, which identifies critical areas affected by sea level rise, extreme heat, and flooding. Additionally, the CAP will include results from the City's greenhouse gas (GHG) inventory, along with strategic action items aimed at achieving emission reduction targets by 2050. These initiatives are essential in preparing the community to mitigate and adapt to climate challenges, ensuring long-term environmental resilience.

Smart Growth

The City of Coconut Creek remains proactive and forward-thinking in its approach to development, continuously fostering a distinctive sense of place through strategic community investments. These efforts not only attract new businesses but also strengthen and support existing ones. Coconut Creek, along with the broader South Florida region, continues to experience steady annual growth in home values.

As reported by the Property Appraiser, the City's assessed value for 2023 (fiscal year 2024) reached \$5.8 billion, reflecting an increase of \$547.6 million, or 10.53%, from the previous year's final valuation. This growth includes a \$7.3 million (0.14%) increase from new construction and a \$540.3 million (10.39%) rise due to property reassessments. The additional ad valorem revenue generated from these increases was allocated to maintaining current service levels and supporting critical infrastructure maintenance and improvements.

The City remains committed to diversifying its tax base by expanding its commercial sector. A robust housing market, new commercial developments, and a more diversified economic base will provide a stronger foundation to navigate future economic uncertainties.

MainStreet Development

Coconut Creek continues to prioritize economic development, particularly in some of the last remaining consolidated undeveloped parcels within the City and County. The MainStreet project exemplifies the City's commitment to sustainability and innovative urban planning. Designed as a pedestrian-oriented, mixed-use downtown, MainStreet will integrate progressive design standards that promote efficient land use, compact development with diverse housing options, flexible zoning, alternative transportation, and green building techniques.

The development of the MainStreet area remains a top priority. The property is currently under contract with a consortium of highly qualified developers. Envisioned as both a local and regional destination, the overall MainStreet development program includes up to 2,360 residential units, more than 225,000 square feet of commercial space, 40 acres of green space, and 15 acres designated for conservation of an existing cypress wetland. Additionally, the City owns three significant parcels within MainStreet, which will serve as the permanent site for Fire Station 113 and additional civic space.

Economic Development Initiatives

The City allocates \$270,000 annually to support economic development initiatives, including key incentive programs such as the Realtor Bus Tour. These programs are designed to enhance community appearance, foster sustainability, and stimulate economic growth. Any unused funds are carried forward for future initiatives.

During fiscal year 2024, the City invested \$209,066 in economic development programs, leaving a remaining balance of \$1,489,911 available for future projects. These ongoing investments reflect the City's commitment to fostering a thriving business environment while ensuring long-term economic sustainability.

Safety and Quality of Life

Dispatch Services

Due to operational inefficiencies and community concerns, the City transitioned E-911 emergency communication services from Broward County to Coral Springs in November 2022. This change has significantly improved response times and enhanced service levels for residents, ensuring more efficient and reliable emergency dispatch operations.

Fire Protection and Rescue Services

Established in September 2021, the Coconut Creek Fire Rescue Department has allowed the City to proactively manage fire rescue services and tailor them to the specific needs of residents and businesses. Designed as a community-focused, data-driven, and strategically organized department, it is fully equipped, properly staffed, and highly trained. This commitment to excellence was recognized when the department received an Insurance Services Office (ISO) Public Protection Class 1 rating in its first year.

Further demonstrating its high standards, Coconut Creek Fire Rescue earned a three-year accreditation from the Commission on Accreditation of Ambulance Services (CAAS) in October 2024, achieving a perfect score with no deficiencies. The department is also actively pursuing accreditation from the Commission on Fire Accreditation International (CFAI), reinforcing its dedication to maintaining superior fire protection and emergency medical services.

Culture and Recreation

To enhance the City's parks and recreation resources while strategically planning for future development, the City adopted a 10-year Parks and Recreation Master Plan. This plan provides a clear vision for parks, recreation, open spaces, and trail systems, ensuring that Coconut Creek's legacy of green spaces remains preserved while aligning resources with the community's needs.

Key projects underway that are approved under the Master Plan include: (1) Lakeside Park Expansion, (2) Oak Trails Park Expansion, (3) Donaldson Park Improvements, and (4) Sunshine Drive Park Improvements. These projects are scheduled for completion within the next two years, further enhancing the recreational opportunities and quality of life for Coconut Creek residents.

High Performance Government

The City of Coconut Creek remains committed to excellence in financial management, budgeting, and procurement, consistently earning prominent professional accolades.

For the 41st consecutive year, the Government Finance Officers Association (GFOA) awarded the City the Certificate of Achievement for Excellence in Financial Reporting for its Annual Comprehensive Financial Report (ACFR) for the fiscal year ended September 30, 2023. This prestigious award recognizes the City's commitment to producing a transparent, well-organized, and GAAP-compliant financial report. The City has submitted its latest ACFR for consideration and anticipates continued recognition.

The City also received the GFOA's Distinguished Budget Presentation Award for its fiscal year 2024 annual budget, marking the 24th consecutive year of recognition. This award highlights the budget's effectiveness as a policy document, financial plan, operational guide, and communication tool. The City has applied for this honor again for its fiscal year 2025 budget.

In addition, the City earned the Outstanding Achievement in Popular Annual Financial Reporting Award for its September 30, 2023, Popular Annual Financial Report, demonstrating excellence in creativity, clarity, and public accessibility. This marks the 17th consecutive year the City has received this distinction.

Further reinforcing its commitment to best practices, the City was honored with the Award of Excellence in Procurement in 2025 from the Florida Association of Public Procurement Officials for the fifth year. Additionally, in 2023, the National Procurement Institute recognized the City with the Achievement of Excellence in Procurement Award, acknowledging its innovation, professionalism, and leadership in public procurement. The City will apply for this award and the Accreditation for Quality Public Procurement Departments from the Institute of Public Procurement in May 2025.

Through these achievements, the City continues to uphold the highest standards of financial accountability, transparency, and efficiency.

The preparation of this report would not have been possible without the dedication and efficiency of the Finance and Administrative Services Department. We sincerely appreciate all the members of the department for their contributions. We also extend our gratitude to the Mayor and Commission for their support for maintaining the highest standards of professionalism in managing the City of Coconut Creek's finances.

Respectfully submitted,

INDEPENDENT AUDITOR'S REPORT

To The Honorable Mayor, City Commission and City Manager
City of Coconut Creek, Florida

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Coconut Creek, Florida (the "City"), as of and for the year ended September 30, 2024, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City, as of September 30, 2024, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the City and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

"Citrin Cooperman" is the brand under which Citrin Cooperman & Company, LLP, a licensed independent CPA firm, and Citrin Cooperman Advisors LLC serve clients' business needs. The two firms operate as separate legal entities in an alternative practice structure. The entities of Citrin Cooperman & Company, LLP and Citrin Cooperman Advisors LLC are independent member firms of the Moore North America, Inc. (MNA) Association, which is itself a regional member of Moore Global Network Limited (MGNL). All the firms associated with MNA are independently owned and managed entities. Their membership in, or association with, MNA should not be construed as constituting or implying any partnership between them.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 5 through 22, budgetary comparison schedules on pages 69 through 73, and the schedules related to pensions and other post-employment benefits on pages 74 through 78 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The accompanying combining and individual fund statements and schedules on pages 79 through 93, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual fund statements and schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

"Citrin Cooperman" is the brand under which Citrin Cooperman & Company, LLP, a licensed independent CPA firm, and Citrin Cooperman Advisors LLC serve clients' business needs. The two firms operate as separate legal entities in an alternative practice structure. The entities of Citrin Cooperman & Company, LLP and Citrin Cooperman Advisors LLC are independent member firms of the Moore North America, Inc. (MNA) Association, which is itself a regional member of Moore Global Network Limited (MGNL). All the firms associated with MNA are independently owned and managed entities. Their membership in, or association with, MNA should not be construed as constituting or implying any partnership between them.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated March 28, 2025 on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

Fort Lauderdale, Florida
March 28, 2025

Management's Discussion and Analysis

As management of the City of Coconut Creek, we offer readers this narrative overview and analysis of the financial activities of the City of Coconut Creek for the fiscal year ended September 30, 2024. The City of Coconut Creek's Management Discussion and Analysis (MD&A) is designed to (a) assist the reader in focusing on significant financial issues, (b) provide an overview of the City's financial activities, (c) identify changes in financial position, (d) identify any material deviations from the financial plan (the approved budget), and (e) identify any individual fund issues or concerns. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal, which can be found on pages i through xi of this report. All amounts in this section, unless otherwise indicated, are expressed in millions of dollars.

Financial Highlights

- Assets plus deferred outflows of resources of the City of Coconut Creek exceeded its liabilities plus deferred inflows of resources at the close of the most recent fiscal year by \$282.4 (net position). Of this amount, \$73.0, the unrestricted net position, may be used to meet the government's ongoing obligations to citizens and creditors.
- The City's total net position increased by \$12.5 during the current fiscal year. The net position of governmental activities increased by \$8.4 and business-type activities increased by \$4.1. The increase is mainly attributed to an increase in investment income and a decrease in the other post-employment benefit (OPEB) liability.
- Governmental Activities generated \$35.9 in program revenues, with \$93.6 in direct expenses.
- Business-type Activities generated \$27.5 in program revenues, with \$26.4 in direct expenses.
- As of the close of the current fiscal year, the City of Coconut Creek's governmental funds reported combined ending fund balances of \$109.0, an increase of \$7.8, or 7.7%, over the prior year. Of this amount, approximately \$0.4 is nonspendable, \$8.2 is restricted, \$29.1 is committed, \$36.6 is assigned, and \$34.7 is unassigned.
- At the end of the current fiscal year, the unassigned fund balance for the General Fund was \$36.3, or 38.7% of the total General Fund budgeted operating expenditures.

Overview of the Financial Statement

This annual report consists of four parts – *Introductory Section, Financial Section, Statistical Section, and Compliance Section*. Within the Financial Section, there is the *Independent Auditors' Report*, this *Management's Discussion and Analysis*, the *Basic Financial Statements, Required Supplementary Information*, and an additional section that presents *Combining Statements and Schedules* for nonmajor governmental funds. The basic financial statements include two kinds of statements that present different views of the City:

- The first two statements are *government-wide financial statements* that provide both long-term and short-term information about the City's overall financial position.
- The remaining statements are *fund financial statements* that focus on individual parts of the City government, reporting the City's operations in more detail than the government-wide statements.
 - The *governmental funds* statements show how general government services such as public safety were financed in the short-term as well as what remains for future spending.
 - *Proprietary fund* statements offer short-term and long-term financial information about the activities of the water and wastewater and the stormwater management operations, which the government operates like a business.

The basic financial statements also include *notes* that explain some of the information in the financial statements and provide more detailed data. The statements are followed by a section of *required supplementary information* that further explains and supports the information in the financial statements. In addition to these required elements, a section is included with combining statements and schedules that provide details about the nonmajor governmental funds, each of which is added together and presented in single columns in the basic financial statements.

Management's Discussion and Analysis

Government-wide financial statements. The *government-wide financial statements* are designed to provide readers with a broad overview of the City of Coconut Creek's finances, in a manner similar to a private-sector business.

The *statement of net position* presents information on all of the City of Coconut Creek's assets, liabilities, and deferred inflows/outflows of resources, with the difference reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City of Coconut Creek is improving or deteriorating. However, other factors should be considered when assessing the City's overall health, such as the condition of capital assets (roads, buildings, etc.) and debt structure.

The *statement of activities* presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, *regardless of the timing of related cash flows*. Thus, revenues and expenses are reported in this statement for some items that will result in cash flows in future fiscal periods (e.g., uncollected taxes and unused vacation leave).

Both of the government-wide financial statements distinguish functions of the City of Coconut Creek that are principally supported by taxes and intergovernmental revenues (*governmental activities*) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (*business-type activities*). The governmental activities of the City of Coconut Creek include general government, public safety, physical environment, and culture and recreation. The business-type activities of the City of Coconut Creek include the water and wastewater and stormwater management operations.

The government-wide financial statements can be found on pages 23 and 24 of this report.

Fund financial statements. A *fund* consists of a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City of Coconut Creek, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. Unlike government-wide financial statements, the focus of fund financial statements is directed to specific activities of the City rather than the City as a whole. All of the funds of the City of Coconut Creek can be divided into two categories: governmental funds and proprietary funds.

Governmental funds. Governmental fund financial statements consist of a balance sheet and statement of revenues, expenditures, and changes in fund balances. *Governmental funds* are used to account for essentially the same functions reported as *governmental activities* in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on *near-term inflows and outflows of spendable resources*, as well as on *balances of spendable resources* available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

The City of Coconut Creek maintains fifteen individual governmental funds. Information is presented separately in the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances for the six funds considered major funds.

Management’s Discussion and Analysis

Data from the other nine governmental funds are combined into a single, aggregated presentation. For financial reporting purposes, the General Fund and the General Trust Fund have been combined and are reported as one fund (the General Fund). Individual fund data for each of these nonmajor governmental funds is provided in the form of *combining statements* in this report beginning on page 79.

Major Governmental Funds:

- General Fund
- Grants Fund
- Community Improvement Fund
- 2009 Capital Projects Fund
- Capital Projects Financing Fund
- Capital Improvement Program Fund

Nonmajor Governmental Funds:

- Law Enforcement Fund
- Street Construction and Maintenance Fund
- Affordable Housing Fund
- Seminole Mitigation Fund
- Transportation Surtax Fund
- Parks Improvement Fund
- Public Safety Improvement Fund
- Utility Underground Fund
- Capital Improvement Revenue Bonds Fund

The City of Coconut Creek adopts annual appropriated budgets for all governmental funds. A budgetary comparison statement has been provided for each of those funds to demonstrate compliance with its budget.

The basic governmental fund financial statements can be found on pages 25 through 30 of this report.

Proprietary Funds. Proprietary fund financial statements consist of a statement of net position, a statement of revenues, expenses, and changes in net position, and a statement of cash flows. The City of Coconut Creek maintains one type of proprietary fund known as an enterprise fund. *Enterprise funds* are used to report the same functions presented as *business-type activities* in the government-wide financial statements. The City of Coconut Creek uses enterprise funds to account for its water and wastewater operation and its stormwater management operation.

Major Enterprise Funds:

- Water and Wastewater Fund
- Stormwater Management Fund

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The basic proprietary fund financial statements can be found on pages 31 through 34 of this report.

Notes to the financial statements. The notes provide additional information that is necessary to acquire a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found starting on page 35 of this report.

Other information. In addition to the basic financial statements and accompanying notes, this report also presents certain *required supplementary information* concerning the City of Coconut Creek’s General Fund, Grants Fund, and Community Improvement Fund budgetary comparison schedules to demonstrate compliance with the budget; information regarding the City’s responsibility towards Florida State Retirement System pension plan; and information regarding the City’s other post-employment benefits. Required supplementary information can be found starting on page 69 of this report.

The combining statements referred to earlier in connection with nonmajor governmental funds are presented immediately following the required supplementary information. Combining and individual fund statements and schedules can be found starting on page 79 of this report.

Management’s Discussion and Analysis

Government-wide Financial Analysis

Summary of net position. As noted earlier, over time net position may serve as a useful indicator of a government’s financial position. There are six basic transactions that will affect the comparability of the Statement of Net Position summary presentation as reflected below:

- 1) **Net results of activities** will impact (increase/decrease) current assets and unrestricted net position.
- 2) **Borrowing for capital** will increase current assets and long-term debt.
- 3) **Spending borrowed proceeds on new capital** will reduce current assets and increase capital assets. Additionally, an increase in investment in capital assets and an increase in related debt will not change the net investment in capital assets.
- 4) **Spending of non-borrowed current assets on new capital** will reduce current assets, increase capital assets, reduce unrestricted net position, and increase net investment in capital assets.
- 5) **Principal payment on debt** will reduce current assets, reduce long-term debt, decrease unrestricted net position, and increase net investment in capital assets.
- 6) **Reduction of capital assets** through depreciation will reduce capital assets and net investment in capital assets.

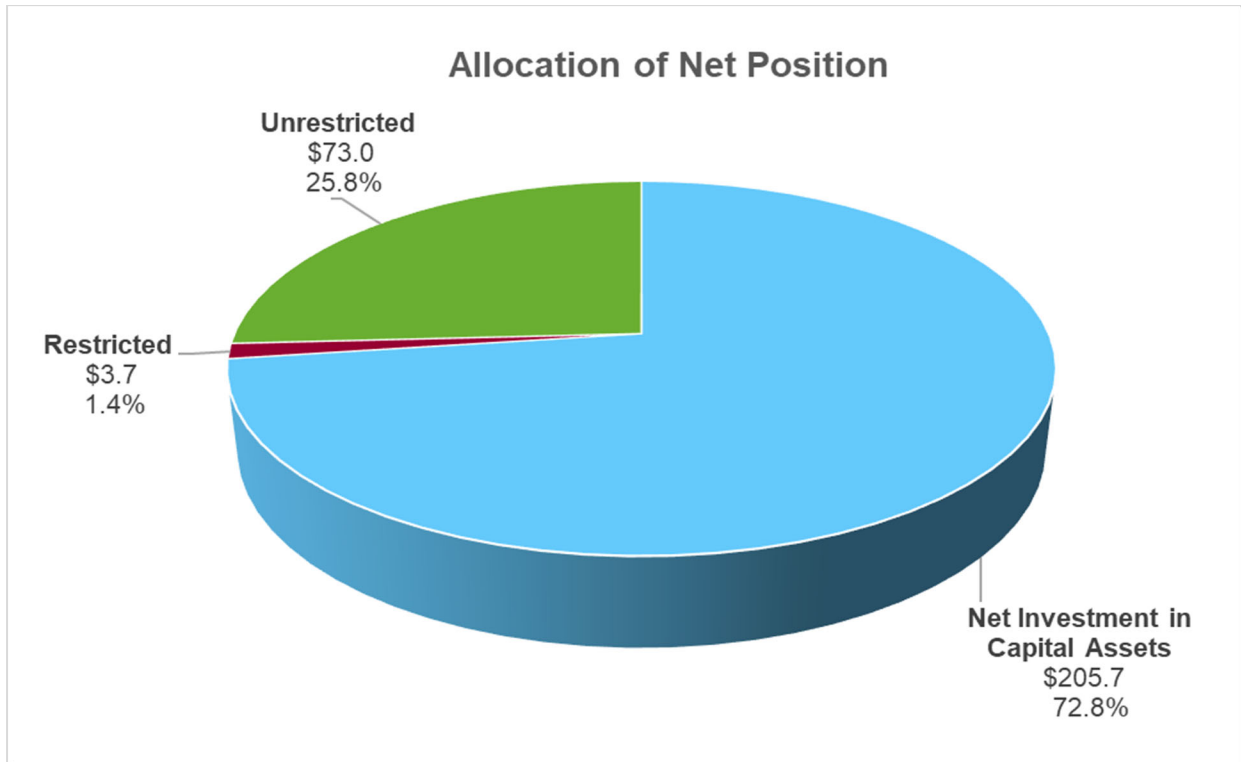

In the case of the City of Coconut Creek, combined assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources by \$282.4 at the close of fiscal year 2024 (See Table 1 below).

Table 1
City of Coconut Creek’s Net Position
(in millions of dollars) *

	Governmental Activities		Business-Type Activities		Total		Total Percentage Change
	2024	2023	2024	2023	2024	2023	2023-2024
Current and other assets	\$ 121.7	\$ 112.4	\$ 54.6	\$ 52.8	\$ 176.3	\$ 165.2	6.7%
Capital assets	123.5	122.1	94.5	92.7	218.0	214.8	1.5%
Total assets	245.2	234.5	149.1	145.5	394.3	380.0	3.8%
Total deferred outflows of resources	28.2	27.7	2.3	2.4	30.5	30.1	1.3%
Long-term liabilities outstanding	93.5	108.9	6.5	8.2	100.0	117.1	(14.6)%
Other liabilities	9.8	9.1	5.5	5.3	15.3	14.4	6.3%
Total liabilities	103.3	118.0	12.0	13.5	115.3	131.5	(12.3)%
Total deferred inflows of resources	25.7	8.2	1.4	0.5	27.1	8.7	211.5%
Net position:							
Net investment in capital assets	112.5	110.4	93.2	92.3	205.7	202.7	1.5%
Restricted	3.7	3.5	-	-	3.7	3.5	5.7%
Unrestricted	28.2	22.1	44.8	41.6	73.0	63.7	14.6%
Total net position	\$ 144.4	\$ 136.0	\$ 138.0	\$ 133.9	\$ 282.4	\$ 269.9	4.6%

* Amounts may differ from the Government-wide Financial Statements due to rounding.

CHART 1

As depicted in Chart 1, the largest portion of the City of Coconut Creek’s net position is investment in capital assets (e.g. land, buildings, infrastructure, and equipment) less any related outstanding debt used to acquire those assets, at \$205.7 or 72.8% of the total net position. The City of Coconut Creek uses these capital assets to provide services to citizens; consequently, these assets are *not* available for future spending. Although the City of Coconut Creek’s investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities. The City’s net investment in capital assets increased by \$3.0 primarily due to the acquisition and construction of capital assets and scheduled debt payments.

The restricted portion of the City of Coconut Creek’s net position totals \$3.7 or 1.4% and represents resources that are subject to external restrictions on how they may be used. This includes restrictions for debt proceeds, Street Construction and Maintenance, and Law Enforcement Trust Funds. The fiscal year 2024 restricted net position increased by \$0.2 mainly due to an increase in investment income.

The remaining balance of \$73.0 or 25.8% reflects unrestricted net position, which increased by \$9.3 and may be used to meet the government’s ongoing obligations to citizens and creditors. This increase in unrestricted net position was primarily the result of decreased liability in OPEB in fiscal year 2024 (detailed explanations provided in the governmental and business-type activities sections of the MD&A).

At the end of the current fiscal year, the City of Coconut Creek is able to report positive balances in all three categories of net position, both for the government as a whole as well as for its separate governmental and business-type activities. The same held true for the prior fiscal year.

Management's Discussion and Analysis

Current and other assets increased by \$11.1 mainly due to an increase in investments and accounts receivable of \$24.3 and \$0.4, respectively, partially offset by a decrease in cash and lease receivable of \$13.4 and \$0.2 respectively. Capital assets increased by \$3.2 mainly due to the design and construction of numerous ongoing capital projects, including the Oak Trails Park expansion, Lakeside Park improvements; various other park improvements and utility improvement projects; and the annual replacement of vehicles and computers. Changes in capital assets are discussed in the Capital Assets and Debt Administration section on pages 19 through 21.

Other liabilities increased by \$0.9 mainly due to an increase in accounts payable and accrued liabilities of \$1.4 due to the timing of receipt of invoices. This was partially offset by a decrease in due to other governments of \$0.3, and unearned revenue of \$0.2 due to the timing of receipt of grant funding.

The City's long-term liabilities decreased by \$17.1 mainly due to a decrease in total OPEB liability, revenue notes payable, and lease liability, of \$15.6, \$2.2, and \$0.1, respectively, partially offset by an increase in compensated absences payable of \$0.8. The City contributes towards OPEB on a pay-as-you-go basis. Pensions and OPEB are discussed in more detail in Note 12 and Note 17, pages 56 through 63 and pages 65 through 68, respectively.

Summary of changes in net position. The following information is presented to assist the reader in understanding the different types of basic impacts that can affect revenues:

- 1) **Economic Condition** can reflect a declining, stable, or growing environment and has an impact on property taxes, non-ad valorem assessments, and sales, gas, or other tax revenues as well as consumer spending habits as it relates to building permits, user fees, and other consumption driven revenues.
- 2) The City Commission has authority to set **increases or decreases in City rates** (water, wastewater, stormwater, permitting, impact fees, user fees, etc.).
- 3) **Changing patterns in intergovernmental and grant revenues** (both recurring and non-recurring) can change and impact the annual comparisons.
- 4) **Market impacts on investment income** may cause investment revenues to fluctuate from the prior year.

Basic impacts that can affect expenses:

- 1) **Introduction or elimination of programs** can have an impact on staffing levels, operating costs, and capital outlay costs.
- 2) **Changes in service levels** can cause the City to increase or decrease authorized staffing. Staffing costs (salary and related benefits) represent approximately 62.6% of the City's operating costs.
- 3) **Salary increases** such as cost of living, performance increases, and pension contributions can impact personnel service costs.
- 4) **Inflation** continues to remain elevated, therefore increasing the price of goods and services purchased by the City. The City is also a major consumer of certain commodities such as fuel, chemicals, supplies, and parts which may experience unusual commodity-specific increases. In addition, the City has various contracts with pre-established annual increases.

The City's net position increased by \$12.5 or 4.6%, during the fiscal year 2024. The increase in net position was primarily due to an increase in investment income and a decrease in the OPEB liability as a result of the year-end actuarial valuation.

Management’s Discussion and Analysis

More detailed information is provided in the governmental and business-type activities change in the net position section on the following pages:

Management's Discussion and Analysis

Governmental activities. Governmental activities increased the City of Coconut Creek's net position by \$8.4. The increase in net position is driven by a combination of higher revenues, primarily investment income, and lower expenses, mainly due to a reduction in pension and OPEB expenses resulting from year-end accounting entries. Details are as follows.

In summary, governmental revenues increased \$6.8 or 7.1% in fiscal year 2024. Key elements of this increase are as follows:

- Charges for services increased by \$3.0 or 9.5% during the year. The increase is primarily attributed to an increase of \$1.1 in public safety services fees; \$1.0 in fire special assessment; \$0.6 in permit and engineering fees; \$0.2 in fees from the Seminole Tribe of Florida as part of the City's municipal service provider and mitigation agreements; and \$0.1 in recreation programs and fees.
- Operating grants/contributions decreased by \$0.5 or 55.6%, mainly due to the timing of Community Development Block Grant Program (CDBG) reimbursements.
- Capital grants/contributions decreased by \$1.8 or 69.2%, mainly due to the completion of the Comprehensive Street Improvement Program.
- Property tax collections increased by \$3.1 or 9.6%, due an increase in property values and new construction.
- Utility taxes increased by \$0.3 or 4.0%, mainly due to an increase in electric utility taxes as a result of increased energy costs.
- Local option gas taxes remained relatively stable from the prior year.
- Franchise fees increased by \$0.2 or 3.5%, due to an increase of \$0.2 in solid waste franchise fees.
- Intergovernmental revenues decreased by \$0.3 or 3.6%. This is attributed to a decrease of \$0.2 in Local Government Half-Cent Tax revenues received from the State and \$0.1 in County Local Bus Service revenues received from the County to fund the Community Bus Program.
- Investment income increased by \$3.4 or 106.3% mainly due to ongoing changes in financial market conditions.
- Miscellaneous revenues decreased by \$0.6 or 31.6%, due to a decrease of \$0.5 in residual funds from the Seminole Compact Fees and \$0.3 in vehicle insurance reimbursements. This was offset by an increase of \$0.1 in the sale of fixed assets and \$0.1 in various other revenues.

Expenses decreased by \$2.8 or 2.9%. This can primarily be attributed to:

- \$8.7 decrease in pension related expenses as a result of year-end audit entries;
- \$0.8 decrease in OPEB related expenses as a result of year-end audit entries;
- \$5.0 increase in personnel services costs;
- \$0.7 increase in workers comp and general liability insurance premiums;
- \$0.6 increase in capital outlay costs that vary from year to year based on capital needs; and
- \$0.4 increase in repairs and maintenance.

Management’s Discussion and Analysis

Chart 2 depicts the changes in governmental revenues from fiscal year 2023 to fiscal year 2024.

CHART 2

Chart 3 provides an overall view of the various governmental revenue sources. 34.7% of the revenues received come from property taxes, 34.1% from charges for services, 7.6% from utility taxes, 8.0% from intergovernmental activities, and 5.6% from franchise fees. The remaining sources account for 10.0% of governmental revenues.

CHART 3

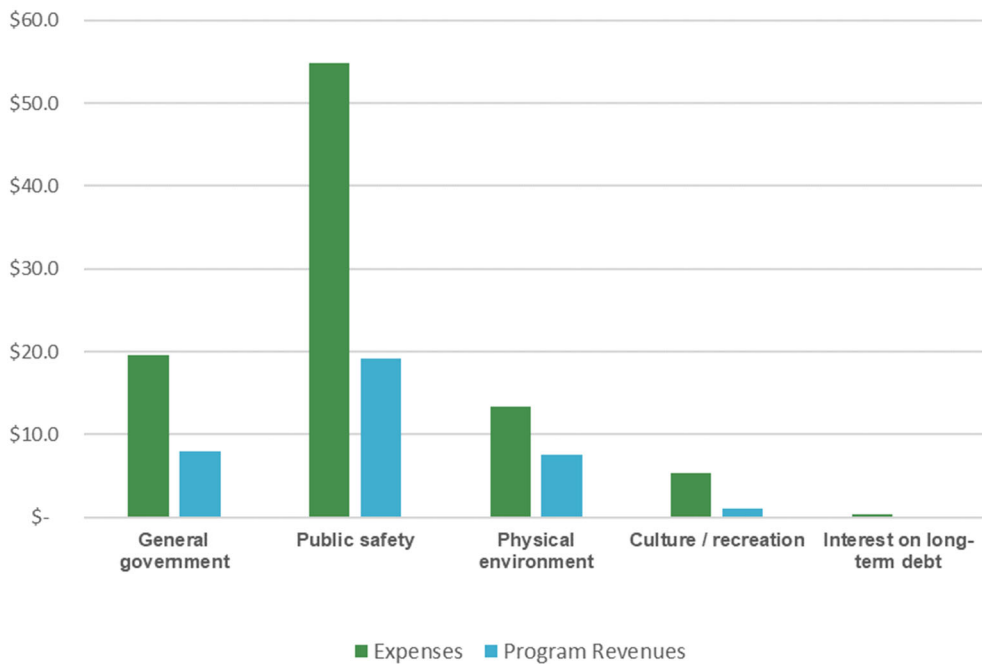

Management’s Discussion and Analysis

Chart 4 compares program revenues to program expenses for each category of activities. The cost of all governmental activities this year was \$93.6. This cost was financed by:

- Those who directly benefited from the programs through charges for services of \$34.7;
- Other governments and organizations that subsidized certain programs through operating and capital grants and contributions of \$1.2; and
- The remaining \$57.7 “public benefit” portion of governmental activities was financed with \$50.1 in taxes and franchise fees, and with \$7.6 in other revenues such as unrestricted state aid, and miscellaneous revenues.

CHART 4

Expenses and Program Revenues - Governmental Activities

Management’s Discussion and Analysis

Business-type activities. Business-type activities increased the City of Coconut Creek’s net position by \$4.1 million. The increase is due to charges for services, investment income, a decrease in pension and OPEB expenses resulting from year-end audit entries, and the timing of capital expenses.

Revenues of the City’s business-type activities increased 14.2% to \$30.5 while expenses decreased 1.1% to \$26.4. Factors contributing to these results included:

- Charges for services increased by \$1.8 or 7.2% due water and wastewater rate increases to cover ongoing operating and capital expenses.
- Capital grants and contributions increased by \$0.6 or 300.0% due to the timing of capital contributions received from developers.
- Intergovernmental revenues decreased by \$0.1 or 100.0% mainly due to the absence of Florida Department of Environmental Protection grant funding that was received in the prior year.
- Investment income increased by \$1.5 or 100.0%, mainly due to ongoing changes in financial market conditions.
- Expenses decreased by \$0.3 or 1.1% during the year. This is mainly attributable to a decrease in pension and OPEB expenses.

Chart 5 provides an overall view of the various business-type revenue sources. \$26.7 of these revenues received came from charges for services, \$0.8 from capital grants and contributions, and \$3.0 from investments.

Revenues by Source-Business-Type Activities *

* The above chart may not include all minor revenue categories.

Management’s Discussion and Analysis

Financial Analysis of the City’s Funds

As noted earlier, the City of Coconut Creek uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds. The focus of the City of Coconut Creek’s *governmental funds* is to provide information on near-term inflows, outflows, and balances of *spendable* resources. Such information is useful in assessing the City of Coconut Creek’s financing requirements. In particular, *unassigned fund balance* may serve as a useful measure of a government’s net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, the City of Coconut Creek’s governmental funds reported combined ending fund balances of \$109.0, an increase of \$7.8 or 7.7% in comparison with the prior year.

Table 3
City of Coconut Creek’s Governmental Funds Fund Balance
(in millions of dollars) *

	Governmental Funds	
	2024	2023
Nonspendable:		
Inventory	\$ 0.1	\$ 0.1
Prepays	0.2	0.1
Leases	0.1	0.1
Restricted for:		
Capital projects	6.5	7.9
Street construction/maintenance	0.9	1.0
Public safety	0.8	0.9
Committed to:		
Affordable housing program	1.5	1.3
Capital projects	18.4	15.0
General government	0.2	0.2
Culture and recreation	0.1	-
Public safety	0.1	0.1
Debt service	2.5	2.5
Physical environment	0.1	0.3
Economic development	1.5	1.5

Assigned to:		
Assets held for resale	8.6	8.6
Capital projects	10.8	8.5
General government	10.4	8.3
Physical environment	0.1	0.2
Culture and recreation	0.1	0.2
Public safety	4.0	4.6
General trust accounts	2.6	2.4
Unassigned	34.7	33.0
Total fund balances	\$ 109.0	\$ 101.2

* Amounts may differ from the Financial Statements due to rounding.

Management's Discussion and Analysis

Fund balance of governmental funds consists of the following classifications (see table 3):

- Nonspendable Fund Balance: \$0.4 of the fund balance is classified as *nonspendable*, which indicates amounts that are not available for new spending because it is not in spendable form. Nonspendable fund balance includes \$0.1 for inventory, \$0.2 for prepaid costs, and \$0.1 for leases.
- Restricted Fund Balance: \$8.2 is classified as *restricted*, which indicates amounts constrained to specific purposes by external entities. Restricted fund balance includes \$6.5 of outstanding debt proceeds to be used for various capital projects; \$0.9 related to street construction and maintenance; and \$0.8 for federal, state, and local requirements for the use of law enforcement forfeitures and seizures.
- Committed Fund Balance: \$29.1 is classified as *committed*, to indicate amounts constrained to specific purposes by the City Commission through Ordinance or Resolution. Committed fund balance consists of \$1.5 related to affordable housing; \$18.4 constrained to ongoing and future capital projects; \$0.2 related to general government; \$0.1 related to culture and recreation; \$0.1 related to public safety; \$2.5 related to debt service; \$0.1 related to physical environment; \$1.5 related to economic development; and \$4.7 related to hurricane emergencies.
- Assigned Fund Balance: \$36.6 is classified as *assigned*, to indicate amounts constrained by the City's intent to use for a specific purpose. Assigned fund balance includes \$8.6 for assets held for resale; \$10.8 set aside for ongoing and future capital projects; \$10.4 for general government; \$0.1 for physical environment; \$0.1 for culture and recreation; \$4.0 for public safety; and \$2.6 for general trust accounts.
- Unassigned Fund Balance: \$34.7 is classified as *unassigned* which identifies net resources available for spending at the end of the fiscal year.

The General Fund is the chief operating fund of the City of Coconut Creek. At the end of the current fiscal year, the fund balance totaled \$60.5, of which \$36.3 is unassigned fund balance of the General Fund. As a measure of the General Fund's liquidity, it may be useful to compare unassigned fund balance to total budgeted expenditures. Unassigned fund balance represents 38.6% or approximately five months of the General Fund's total budgeted operating expenditures.

The fund balance of the City of Coconut Creek's General Fund increased by \$3.7 to \$60.5. The City appropriated \$7.8 of the fund balance for spending in the 2024 fiscal year budget, with the assumption that 100% of the expenditures budgeted would not be spent due to vacancies, cost savings, and residual dollars left in each department. This increase in fund balance was a result of an increase in charges for services and ad valorem taxes as well as unused departmental expenditures. Unused departmental expenditures include personnel cost savings of \$5.9 (approximately 8.6% of total budgeted personnel costs) resulting from vacancies throughout the year and various operating cost savings of \$4.9, some of which will be re-appropriated and spent in future years on authorized initiatives. Additionally, the City has been proactively planning and securing funding for future capital projects, including the highly anticipated parking garage and Village Green Park, both key components of the MainStreet development. More detailed information is included in the General Fund Budgetary Highlights section on pages 18 and 19.

The Grants Fund has a fund balance (deficit) of (\$0.6). Fund balance (deficit) increased by (\$0.1) due to the timing of grant reimbursements, in particular, reimbursement from the U.S. Department of Housing and Urban Development for expenditures related to housing assistance. In addition, the fund deficit will be replenished through the receipt of proceeds from various grant agencies.

The Community Improvement Fund has a fund balance of \$9.5, which is mainly held in cash and investments for future capital projects and the repayment of debt issued for various capital projects. Fund balance increased by \$1.6 primarily due to the timing of debt service payments and future capital projects.

The 2009 Capital Projects Fund has a total fund balance (deficit) of (\$0.9). Fund balance (deficit) remained unchanged from the prior fiscal year and primarily represents the balance due from the Cullum Road Underground Special Assessment.

Management's Discussion and Analysis

The Capital Projects Financing Fund has a total fund balance of \$6.5, which consists mainly of cash and investments received from the \$10.0 Capital Improvement Revenue Note, Series 2017A, and the \$8.4 Capital Improvement Revenue Refunding Note, Series 2021. Fund balance decreased by \$1.4, representing the use of the note proceeds to fund the design of Oak Trails Park expansion as well as other capital projects.

The Capital Improvement Program Fund has a total fund balance of \$20.7, which consists mainly of \$8.6 for land reserved as assets held for resale, with the majority of the remaining balance in cash and investments for ongoing projects. Fund balance increased by \$2.3 due to the timing of the completion of funded capital improvement projects.

Proprietary funds. The City of Coconut Creek's proprietary funds provide the same type of information found in the government-wide financial statements but in more detail.

Unrestricted net position of the Water and Wastewater Fund at the end of the year amounted to \$37.5. The total increase in the unrestricted net position was \$1.4. This increase was mainly due to an increase in charges for services, investment income, and the timing of capital purchases.

Unrestricted net position of the Stormwater Management Fund at the end of the year amounted to \$7.3, an increase of \$1.8 from the prior year. This increase was mainly due to an increase in charges for services and investment income, a decrease in operation and maintenance costs, and the timing of capital purchases.

Other factors concerning the finances of these funds have been addressed in the discussion of the City of Coconut Creek's business-type activities.

General Fund Budgetary Highlights

The significant variance between the final budget and the year-end actual results are as follows:

Revenues

As of fiscal year-end, actual revenues exceeded the budget by \$1.1. The revenue difference is primarily attributed to the following factors:

- Ad valorem taxes exceeded budget by \$0.1 due to the timing of payments received.
- Franchise Fees fell short of the budget by \$0.2 mainly due to lower-than-anticipated electric franchise fees.
- Utility Taxes exceeded budget by \$0.4 mainly due to higher-than-anticipated electric utility taxes as a result of increased energy costs.
- Licenses and Permits exceeded budget by \$0.2 due to higher-than-anticipated primary permit fees due to the timing of new developments within the City.
- Intergovernmental fell short of budget by \$1.6 due to due to the timing of receipt of grant funding.
- Charges for services exceeded budget by \$0.2 due to higher-than-anticipated public safety service revenues.
- Investment income exceeded budget by \$2.1 due to ongoing changes in financial market conditions.
- Miscellaneous income accounted for the remaining decrease of \$0.1.

Management’s Discussion and Analysis

Expenditures

As of fiscal year-end, actual expenditures were under budget by \$13.4. The main expenditure differences are as follows:

- Personnel service costs were less than budgeted amounts by \$5.9 due to vacancies throughout the year.
- Other operating and capital costs were \$7.5 less than budgeted amounts mainly due to the timing of professional services expenses (\$1.0); the timing of the payment for E-911 dispatch services (\$0.5); workers comp and general liability insurance premiums (\$0.2); repair and maintenance costs (\$0.5); economic development programs (\$1.4); capital outlay (\$1.4); contingency (\$1.1); non-departmental (\$0.2) and other operating savings in various accounts (\$1.2). Overall, the City continues to make a concerted effort to streamline costs and reduce spending each year in other operating expenditures.

Additional information on budgetary comparisons can be found on pages 69.

Capital Asset and Debt Administration

Capital assets (see Table 4). The City of Coconut Creek’s investment in capital assets for its governmental and business-type activities as of September 30, 2024 amounts to \$218.0 (net of depreciation). This investment in capital assets includes land, buildings, water/sewer system infrastructure, machinery and equipment, park facilities, utility easements, and streets. The total increase in the City of Coconut Creek’s investment in capital assets for the current fiscal year was \$3.2 represented by a 1.2% increase in governmental activities and a 1.9% increase in business-type activities.

**Table 4
City of Coconut Creek's Capital Assets
(net of depreciation, in millions of dollars)**

	Governmental Activities		Business-Type Activities		Total		Total Percentage Change
	2024	2023	2024	2023	2024	2023	2023-2024

Total	\$ 123.5	\$ 122.1	\$ 94.5	\$ 92.7	\$ 218.0	\$ 214.8	1.5%

Management's Discussion and Analysis

For governmental activities, this year's major capital asset additions before depreciation totaled \$8.0 and include the following:

- \$1.3 in construction in progress, which relates to projects started in the City, but not yet completed, including \$0.3 for Sample Road Multi-Purpose Pathway, \$0.3 for Oak Trails Park expansion, \$0.2 for Recreation Complex building rehabilitation, \$0.1 for the Community Center sound system, \$0.1 for Fire Station #113 permanent facility, \$0.1 for police station improvements, and \$0.2 for various other projects.
- \$0.9 in building improvements, which represents \$0.3 in Fire Station #94 improvements, \$0.3 for HVAC replacements, \$0.2 in Government Center rehabilitation, and \$0.1 for various other projects.
- \$1.4 in land improvements, which represents \$0.7 for the Lyons Road median improvements, \$0.3 for the Sabal Pines Boardwalk rehabilitation, \$0.2 for the Cypress Park improvement, \$0.1 for the Coconut Creek Parkway guardrail replacement, and \$0.1 for the Lakewood Park shade structure.
- \$0.7 in infrastructure, which represents \$0.3 in sidewalk repairs, \$0.2 in Hilton Road Greenway Pedestrian Lighting, \$0.1 in South Creek bridge improvements, and \$0.1 for various other lighting, street, and sidewalk improvements.
- \$3.7 in equipment, which represents \$1.3 for a fire truck, \$0.9 for vehicle replacements, \$0.3 in police radio replacements, \$0.3 in irrigation pumps, \$0.2 for generators, and \$0.7 for various machinery and equipment purchases, such as fitness equipment replacements and ground maintenance equipment.

This year's major capital asset disposals for governmental activities consisted of \$0.4 in buildings and improvements, \$0.6 in vehicles, and \$0.1 in equipment as part of the City's annual replacement program. In addition, \$0.5 was transferred from construction in progress to building improvements, land improvements, and infrastructure. These transfers represented the completion of various projects, such as the South Creek bridges improvements, Government Center ballistic glass installation, Sabal Pines Boardwalk rehabilitation, Lyons Road median improvements, and Community Center enhancements.

Capital additions for business-type activities before depreciation totaled \$4.1 and include the following:

- \$0.8 in easements, which represents \$0.8 for an easement granted to the City from a developer.
- \$1.5 in infrastructure, which represents \$0.3 for the wastewater pump station rehabilitation; \$0.1 for water quality improvements; \$0.2 for wastewater conveyance system improvements; \$0.2 wastewater access rehabilitation; \$0.3 for water meter connect retrofit; \$0.2 for stormwater drainage improvement; \$0.1 in Comprehensive Street improvements; and \$0.1 in other minor infrastructure improvements.
- \$0.7 in equipment, which includes ten submersible pumps, five bypass pumps, and other minor electrical equipment.
- \$1.1 in construction in progress, which relates to projects started in the City, but not yet completed, including \$0.1 for Advanced Metering Infrastructure (AMI), \$0.1 for lead and copper rule compliance, \$0.5 for water valve replacements, \$0.1 for the Copans Road Wastewater Transmission System, \$0.1 for stormwater drainage improvements, \$0.2 for water distribution system improvements.

This year's major capital asset disposals for business-type activities consisted of \$0.1 in equipment.

Additional information on the City of Coconut Creek's capital assets can be found in Note 7 on pages 49 and 50 of this report.

Management’s Discussion and Analysis

Long-term debt (see Table 5). At the end of the current fiscal year, the City of Coconut Creek had total debt outstanding of \$14.1. Debt is comprised of revenue notes used to finance various capital expenditures, including improvements to parks, public buildings, and infrastructure.

The City of Coconut Creek's total debt decreased by \$2.1 or 13.0% during the current fiscal year due to required annual debt service payments of \$2.1.

**Table 5
City of Coconut Creek's Debt
(in millions of dollars)**

	Governmental Activities		Business-Type Activities		Total		Total Percentage Change
	2024	2023	2024	2023	2024	2023	2023-2024
Revenue notes (backed by non-ad valorem revenues)	\$ 14.1	\$ 16.2	-	-	\$ 14.1	\$ 16.2	(13.0)%
Total	\$ 14.1	\$ 16.2	\$ -	\$ -	\$ 14.1	\$ 16.2	(13.0)%

The City’s revenue notes were obtained as bank-qualified loans, and therefore do not have a bond rating. Additional information on the City of Coconut Creek’s long-term debt can be found in Note 8 on pages 51 through 53 of this report.

Economic Factors and Next Year’s Budget and Rates

Florida’s constitution does not include a state personal income tax, which means the state primarily funds its operations through sales, gasoline, and corporate income taxes. Local governments, such as cities, counties, and school boards, rely largely on property taxes and a limited range of other revenue sources, including sales, communication, gasoline, and utility service taxes, as well as fees from franchise agreements, building permits, and recreation programs. Additionally, municipalities receive a portion of state-shared revenues and may qualify for recurring and one-time grants from state and federal agencies. For business-type and select governmental activities, such as building inspections, fire services, and recreation programs, users pay fees directly associated with the provided service.

The unrestricted fund balance in the General Fund, which includes committed, assigned, and unassigned funds, totals \$60.1 million. Of this amount, the City of Coconut Creek has allocated \$10.0 million for spending in the fiscal year 2025 budget. Developing this budget presented several challenges due to ongoing economic pressures, particularly inflation, which has significantly impacted City finances and operations. Rising costs for goods and services have necessitated a more strategic approach to funding decisions. Additionally, the City is preparing for several major capital projects, including a permanent Fire Station #113, an expansion of the Police Department, and the long-awaited MainStreet civic space. In alignment with Vision 2030, the City has prioritized staffing to maintain high-quality services, the upkeep of facilities and infrastructure, and investments in public safety. These priorities were established with a long-term perspective to ensure financial sustainability amid economic uncertainties.

The Florida Legislature continues to consider proposals that could affect local government funding, including property tax reforms, impact fees, and modifications to the communications services tax and business tax receipts. Additionally, unfunded state mandates could impact the City’s ability to sustain or improve current service levels. The City actively monitors these legislative developments and their potential financial implications while maintaining a diversified and stable revenue system to reduce dependence on property taxes. Staff continuously evaluates financial resources to determine whether adjustments to programs or fees are necessary.

Management's Discussion and Analysis

For fiscal year 2025, property tax values increased by 7.2% due to reassessments of existing properties, and the millage rate was increased to 6.8988. Fire assessment rates also increased by 7% to help offset the costs of fire protection services. The updated rates are:

- Single-family homes: \$302.96
- Multi-family units: \$272.67
- Mobile homes: \$151.48

The City's water and wastewater rates were determined through a comprehensive rate study, ensuring fees cover both operational and capital costs. A tiered rate structure remains in place to promote affordability for low and average volume users while also encouraging water conservation, supporting future operational demands, and maintaining existing infrastructure. A 3.5% stormwater rate increase, equating to \$0.17 per month, took effect on October 1, 2024. Water and wastewater rates are currently under review.

The Vision 2030 plan serves as a roadmap for guiding Coconut Creek toward a thriving, sustainable future. Developed through extensive public engagement, including surveys, interviews, and community meetings, this living document reflects the City's commitment to being an innovative, inclusive, and progressive community with a small-town personal touch. The mission outlined in Vision 2030 is to provide exceptional, responsive, and sustainable services for the Coconut Creek community, while upholding core values of service excellence, innovation, continuous improvement, ethics and integrity, and fiscal accountability.

The initiatives and programs outlined in the fiscal year 2025 budget are designed to uphold the City's goal of fostering community engagement, enhancing quality of life, and ensuring the safety and well-being of residents, businesses, and visitors.

Requests for Information

This financial report provides an overview of the City's finances, offering citizens, taxpayers, customers, investors, and creditors insight into our financial operations while demonstrating accountability. If you have any questions about the information in this report or need additional financial details, please contact the Director of Finance and Administrative Services at 4800 West Copans Road, Coconut Creek, FL 33063. You can also access an electronic version of this report on the City's website at www.coconutcreek.net.

**CITY OF COCONUT CREEK, FLORIDA
RECONCILIATION OF BALANCE SHEET OF GOVERNMENTAL FUNDS
TO THE STATEMENT OF NET POSITION
SEPTEMBER 30, 2024**

TOTAL FUND BALANCES - GOVERNMENTAL FUNDS, PAGE 26 **\$ 109,028,619**

Amounts reported for governmental activities in the statement of net position are different because:

Capital assets used in governmental activities are not financial resources and, therefore are not reported in the funds.

Governmental capital assets	\$	190,612,513	
Less accumulated depreciation		(67,773,559)	
Net Adjustment			122,838,954

Right to use leased and subscription assets, reported with capital assets, used in governmental activities are not financial resources and therefore are not reported in the funds.

Right to use assets at historical cost		715,656	
Accumulated amortization relating to leases		(300,114)	
Subscription assets at historical cost		298,851	
Accumulated amortization relating to subscriptions		(47,188)	667,205

Certain revenues are considered deferred inflows of resources in the fund financial statements due to availability of the funds, and under full accrual accounting they are considered revenues. 3,679,990

Certain deferred inflows of resources and outflows of resources are not required to be reported in the funds but are required to be reported at the government-wide level.

Deferred outflows relating to pension activity		23,194,058	
Deferred outflows relating to OPEB activity		4,988,906	
Deferred inflows relating to pension activity		(6,162,882)	
Deferred inflows relating to OPEB activity		(17,390,802)	4,629,280

Long-term liabilities are not due and payable in the current period and therefore are not reported in the funds.

Compensated absences		(9,897,832)	
Revenue notes payable		(14,055,000)	
Net pension liability		(67,100,883)	
Total OPEB liability		(4,741,639)	
Lease liability		(448,270)	
Subscription liability		(245,176)	

NET POSITION OF GOVERNMENTAL ACTIVITIES, PAGE 23 **\$ 144,355,248**

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation / amortization expense.

Recorded as capital assets	\$ 8,033,583	
Depreciation expense	<u>(6,206,729)</u>	
Net Adjustment		1,826,854

Amortization expense on right of use - office lease	(138,514)	
Amortization expense on right of use - subscription	<u>(23,594)</u>	
Net Adjustment		(162,108)

Loss on disposal of capital assets. (203,300)

Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds. 932,962

The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction has any effect on net position. This amount is the net effect of these differences in the treatment of long-term debt and related items.

Principal payments on notes payable	2,120,000	
Principal payments on lease liability	134,516	
Principal payments on subscription liability	<u>17,238</u>	
		2,271,754

Certain items reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in the governmental funds.

Change in compensated absences	(796,961)	
Change in other post employment benefit liability (OPEB) and related deferrals	(1,225,699)	
Change in net pension liability and related deferrals	<u>(2,179,313)</u>	
		<u>(4,201,973)</u>

**CITY OF COCONUT CREEK, FLORIDA
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2024**

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The City of Coconut Creek, Florida (the "City"), located in Broward County, Florida, is a municipal corporation incorporated on February 20, 1967. The City is governed by an elected five-member commission and operates under the commission/manager form of government. The Mayor and Vice-Mayor are selected annually by the City Commission. The City provides a wide range of community services including general government, public safety, physical environment, culture/recreation, water/wastewater, and stormwater.

The following is a summary of the significant accounting policies applicable to the City:

Financial Reporting Entity

Accounting principles generally accepted in the United States of America require that the reporting entity include: (1) the primary government, (2) organizations for which the primary government is financially accountable, and (3) other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete. There are no organizations or entities which should be presented with the City.

Government-Wide and Fund Financial Statements

The basic financial statements include both government-wide (based on the City as a whole) and fund financial statements. The government-wide financial statements (i.e. the statement of net position and the statement of activities) report information on all activities of the primary government. For the most part, the effect of interfund activity has been removed from these statements. *Governmental activities*, which normally are supported by taxes and intergovernmental revenues, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges for support.

The government-wide statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. Indirect costs are included in the program expense reported for individual functions and activities. *Program revenues* include: (1) charges to customers or applicants who purchase, use or directly benefit from goods, services or privileges provided by a given function or segment, (2) grants and contributions that are restricted to meeting the operational requirements of a particular function or segment and (3) grants and contributions that are restricted to meeting the capital requirements of a particular function or segment. Taxes and other items not included among program revenues are reported as *general revenues*.

The net cost by function is normally covered by general revenues (property taxes, utility taxes, franchise fees, certain intergovernmental revenues, investment income, etc.). The City applies eligible expenses against available restricted resources before the use of unrestricted resources.

Separate fund financial statements are provided for governmental funds and proprietary funds. The focus of governmental and proprietary fund financial statements is on major funds. Financial information is presented for each major fund in a separate column. The General Fund is always reported as a major fund. Non-major funds are aggregated and displayed in a single column.

The government-wide focus is more on the sustainability of the City as an entity and the change in aggregate financial position resulting from the activities of the fiscal period. The focus of the fund financial statements is on the major individual funds of the governmental and business-type categories. Each presentation provides valuable information that can be analyzed and compared to enhance the usefulness of the information.

**CITY OF COCONUT CREEK, FLORIDA
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2024**

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Measurement Focus, Basis of Accounting and Basis of Presentation

Basis of accounting refers to when revenues, expenditures or expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*, as are the proprietary fund financial statements. Revenues are recorded when earned, and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenue in the year they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the City considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures including lease and subscription liabilities, as well as expenditures related to compensated absences, other post-employment benefits, and claims and judgments, are recorded only when due.

General capital asset acquisitions, including entering into contracts giving the City the right to use assets, are reported as expenditures in governmental funds. Issuance of long-term debt and financing through leases and subscription-based information technology arrangements are reported as other financing sources.

Property taxes, when levied for, franchise fees, utility taxes, charges for services, intergovernmental revenue, when eligibility requirements are met, and interest associated with the current fiscal period are all considered to be susceptible to accrual and have been recognized as revenues of the current fiscal period, if available. Licenses, permits, impact fees, fines, and forfeitures are considered to be measurable only when cash is received by the City.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. An exception to this general rule is charges between the City's enterprise funds and various other functions of the City. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

The City reports the following major governmental funds:

The *General Fund* is the City's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The *Grants Fund* is a special revenue fund that is used to account for federal, state, and local grant revenues received for specific purposes. The fund tracks resources restricted by grantors for various programs and all expenditures are recorded in accordance with grant agreements.

The *Community Improvement Fund* is a special revenue fund that is used to account for proceeds received from the Seminole Tribe of Florida in accordance with a municipal services agreement. The funds have been committed by City Ordinance to be used primarily for capital projects, debt service payments, and professional services related to the Main Street Project.

**CITY OF COCONUT CREEK, FLORIDA
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2024**

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

The *2009 Capital Projects Fund* is a capital projects fund that accounts for financial resources to be used for the City's capital improvement projects as funded by the Series 2009 - \$10 Million Capital Improvement Revenue Note.

The *Capital Projects Financing Fund* is a capital projects fund that accounts for financial resources to be used for the City's capital improvement projects as funded by the Series 2017A - \$10 Million Capital Improvement Note and the Series 2018 - \$10 Million Capital Improvement Note.

The *Capital Improvement Program Fund* is a capital projects fund that accounts for the City's capital improvement program.

The City reports the following major proprietary funds:

The *Water and Wastewater Fund* accounts for the water and wastewater operations of the City-owned water and wastewater utility system.

The *Stormwater Management Fund* accounts for the stormwater maintenance and operations of the City-owned stormwater drainage infrastructure.

Proprietary Fund Accounting

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenue of the City's enterprise funds are charges to customers for sales and services. Operating expenses for the enterprise funds include the cost of sales and services, administrative expenses and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

Accounting Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenue and expenses/expenditures during the reporting period. Actual results could differ from those estimates.

Cash, Cash Equivalents and Investments

Cash and cash equivalents include cash on hand, demand deposits, and investments with original maturities of three months or less when purchased. The City maintains a cash and investment pool that is available for use by all funds. The City did not hold any cash equivalents as of September 30, 2024.

**CITY OF COCONUT CREEK, FLORIDA
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2024**

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Cash balances from all funds are combined and invested to the extent available in authorized investments for the purpose of preserving principal while maximizing earnings. Interest earned on pooled cash and investments is allocated monthly based on pooled cash and investment balances of the respective funds. Investments are recorded at fair value in accordance with Government Accounting Standards Board (GASB) Statement No. 72, *Fair Value Measurement and Application*. Accordingly, the change in fair value of investments is recognized as an increase or decrease to investment assets and investment income.

Accounts Receivable

Accounts receivable balances consist of amounts due for charges for services, fees, taxes, grants, unbilled utility services, etc. The unbilled portion of water and sewer earned revenues is accrued at year-end and is based on the October billing. Management determines an allowance for uncollectible amounts based on a review of the accounts, their knowledge of the creditors, and their ability to pay.

Lease Receivable

The City's lease receivable is measured at the present value of lease payments expected to be received during the lease term. Under the lease agreement, the City may receive variable lease payments that are dependent upon the lessee's revenue. The variable payments are recorded as an inflow of resources in the period the payment is received.

A deferred inflow of resources is recorded for the lease. The deferred inflow of resources is recorded at the initiation of the lease in an amount equal to the initial recording of the lease receivable. The deferred inflow of resources is amortized on a straight-line basis over the term of the lease.

Inventory and Prepaid Items

Inventory is valued at cost. The costs of governmental fund-type inventory are recorded as expenditures when purchased rather than when consumed.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both the government-wide and fund financial statements. These costs are accounted for under the consumption method.

Capital Assets

Capital assets, which include land, buildings, equipment, improvements, and infrastructure assets (e.g., roads, sidewalks, pump stations, lighting system, water and sewer system and similar items), and intangibles are reported in the applicable governmental or business-type activities columns in the government-wide financial statements and the proprietary fund financial statements. In governmental fund financial statements, capital assets are recorded as expenditures, and no depreciation expense is recorded. Capital assets are defined by the City as assets with an estimated useful life in excess of two years and an initial, individual cost of more than \$5,000. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated acquisition value at the date of donation.

The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized. The cost of property sold or retired, together with the related accumulated depreciation, is removed from the appropriate accounts, and any resulting gain or loss is included in the change in net position.

**CITY OF COCONUT CREEK, FLORIDA
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2024**

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Major outlays for capital assets and improvements are capitalized as they are constructed. In accordance with GASB Statement No. 89, *Accounting for Interest Cost Incurred before the End of a Construction Period*, interest incurred during the construction phase of capital assets is expensed as incurred.

Capital assets are depreciated using the straight-line method over the following estimated useful lives:

Buildings	50 years
Improvements	20 years
Infrastructure	15-65 years
Equipment	5-30 years
Software	5 years

Right to use assets – The City has recorded right to use lease and subscription assets as a result of implementing GASB Statement No. 87 and GASB Statement No. 96, respectively. The right to use assets are initially measured at an amount equal to the initial measurement of the related liability plus any payments made prior to the term, less incentives, and plus ancillary charges necessary to place the lease or subscription into service. The right to use assets are amortized on a straight-line basis over the life of the related lease or subscription.

Compensated Absences

It is the City's policy to permit employees to accumulate earned but unused vacation and sick pay benefits, which will be paid upon separation of service. Compensated absences are accrued when earned in the government-wide and proprietary fund financial statements. The liability for accrued compensated absences of governmental funds is reported in the balance sheet of the governmental funds when amounts are due.

Long-Term Obligations

In the government-wide financial statements and the proprietary fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the interest method. Bond issue costs are expensed as incurred. Bonds payable are reported net of the applicable bond premium or discount.

In the governmental fund financial statements, bond issue costs, premiums and discounts are recognized during the current period. The face amount of debt issued is reported as other financing sources. Debt principal payments are reported as expenditures. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses.

Pensions

The City's net pension liability, deferred inflows and outflows related to pensions, and pension expense have been determined on the basis reported by the Florida Retirement System (FRS) and are reflected in the City's Statement of Net Position and Statement of Activities for the fiscal year ended September 30, 2024.

For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with benefit terms. Investments are reported at fair value.

**CITY OF COCONUT CREEK, FLORIDA
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2024**

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Net Position

Net position of the government-wide and proprietary funds is categorized as net investment in capital assets, restricted or unrestricted. Net investment in capital assets consists of capital assets reduced by accumulated depreciation and amortization and by any outstanding debt incurred and deferred inflows/outflows of resources used to acquire, construct, or improve those assets. Net position is reported as restricted when there are legal limitations imposed on its use by enabling legislation or external restrictions by other governments, creditors or grantors. Unrestricted net position consists of the net position not meeting the definition of either of the other two components. The government-wide statement of net position reports \$3,720,096 of restricted net position, all of which is restricted by enabling legislation.

The City will occasionally fund outlays for a particular purpose from both restricted and unrestricted resources. To calculate the amounts to report as restricted net position and unrestricted net position in the government-wide and proprietary fund financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the City's policy to consider restricted net position to have been depleted before unrestricted net position is applied.

Fund Balance

GASB issued Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*, which establishes accounting and financial reporting requirements for all governmental funds and establishes criteria for classifying fund balances. Accordingly, the governmental fund financial statements report fund equity classifications that comprise a hierarchy based primarily on the extent to which the City is legally bound to honor specific purposes for which amounts in fund balance may be spent. The fund balance classifications are summarized as follows:

Non-Spendable: Non-spendable fund balances include amounts that cannot be spent because they are either (a) in a non-spendable form or (b) are legally or contractually required to remain intact. "Not in spendable form" includes items that are not expected to be converted to cash (such as inventories and prepaid amounts) and items such as the long-term amount of loans and notes receivable. Leases - portion of fund balance that is not an available resource because it represents the year-end balance of the lease receivable in excess of the deferred inflow of resources for the lease receivable, which is not a spendable resource. In fiscal year 2024, the non-spendable fund balance is \$365,480.

Restricted: Restricted fund balances include amounts that are restricted to specific purposes either by (a) constraints placed on the use of resources by creditors, grantors, contributors, or laws and regulations of other governments, or (b) imposed by law through constitutional provisions or through enabling legislation. In fiscal year 2024, restricted fund balance is \$8,256,208.

Committed: Committed fund balances include amounts that can only be used for the specific purposes determined by a formal action of the government's highest level of decision-making authority. The City Commission is the highest level of decision-making authority for the City that can, by adoption of an ordinance or resolution (equally binding) prior to the end of the fiscal year, commit fund balance. Once adopted, the limitation imposed by the ordinance or resolution remains in place until City Commission takes the same action to remove or change the constraint. In fiscal year 2024, committed fund balance is \$29,108,804.

Assigned: Assigned fund balances include amounts that are intended to be used by the City for specific purposes but do not meet the criteria to be classified as committed. Assignments of fund balances are made through a resolution by City Commission are generally temporary and normally the same formal action need not be taken to remove the assignment. In fiscal year 2024, assigned fund balance is \$36,592,241.

**CITY OF COCONUT CREEK, FLORIDA
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2024**

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Unassigned: Unassigned fund balances include amounts that are not assigned to other funds and have not been restricted, committed or assigned to specific purposes within the General Fund. Unassigned fund balance may also include negative balances for any governmental fund if expenditures exceed amounts restricted, committed or assigned for those specific purposes. In fiscal year 2024, unassigned fund balance is \$34,705,886.

When an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available, the City considers restricted funds to have been spent first. When an expenditure is incurred for which committed, assigned or unassigned fund balances are available, the City considers amounts to have been spent first out of committed funds, then assigned funds, and finally unassigned funds.

Minimum Fund Balance Policy and Hurricane Emergency Reserve Account

The City's policy is to maintain an adequate General Fund Hurricane Emergency Reserve Account and General Fund unrestricted fund balance to provide liquidity in the event of an economic downturn or natural disaster.

The City Commission adopted a financial standard to maintain a General Fund Hurricane Emergency Reserve Account in an amount of 5% of the total subsequent fiscal year expenditures, less capital outlay and transfers out budgeted for the fund. This amount is considered committed funds and can only be changed by a majority vote of the City Commission.

The City Commission adopted a financial standard to maintain a General Fund minimum unrestricted fund balance of 20%, which represents approximately 2 1/2 months of working capital, of the total subsequent fiscal year expenditures, less capital outlay, contingency and transfers out budgeted for the fund. This reserve shall be in addition to all other required nonspendable, restricted, committed, and assigned fund balances. A majority vote of the City Commission is required to approve the use of the unrestricted fund balance.

Encumbrances

Budgets in governmental funds are encumbered upon the issuance of purchase orders, contracts, or other forms of legal commitments. While all appropriations lapse at fiscal year-end, outstanding encumbrances may be re-appropriated and become part of the subsequent year's budget.

Statement of Cash Flows

For purposes of the statement of cash flows, the enterprise funds consider all highly liquid investments with a maturity of three months or less when purchased to be cash equivalents.

Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net assets that applies to a future period(s) and, therefore, will not be recognized as an outflow of resources (expense/expenditure) until then. There are two items that qualify for reporting in this category: pension-related activities and other post-employment benefit-related activities. The City's deferred outflows of resources related to pensions and OPEB are reported in the government-wide statement and are discussed in Note 12 and 17, respectively.

**CITY OF COCONUT CREEK, FLORIDA
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2024**

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net assets that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. There are four items that qualify for reporting in this category: unavailable revenue, leases, pension-related activities, and other post-employment benefit-related activities. Unavailable revenue, which arises only under a modified accrual basis of accounting, is reported only in the governmental funds balance sheet as Deferred Inflows of Resources. The sources of unavailable revenue in the governmental funds are grant, special assessment, general government, and emergency medical services (EMS) revenues. The City's deferred inflow of resources related to leases are disclosed in Notes 9 and 11. The City's deferred inflows of resources related to pensions are reported in the government-wide financial statements and discussed in Note 12. The City's deferred inflows of resources related to other post-employment benefits are discussed in Note 17.

Assets Held for Resale

The assets held for resale represent land purchased by the City to promote its redevelopment objectives. This land is reported at the lower of cost or net realizable value.

Date of Management Review

Subsequent events were evaluated by management through March 28, 2025, which is the date the financial statements were available to be issued.

Deficit Fund Balance

At September 30, 2024, the City had a deficit balance in the Grants Fund, the 2009 Capital Projects Fund, and the Transportation Surtax Fund of \$585,495, \$902,998, and \$67,906, respectively. These deficits occur due to the timing of grant reimbursements and accounts receivable and are expected to be eliminated by future revenues.

NOTE 2 - PROPERTY TAXES

The City's property tax is levied each October on the assessed value established by the Broward County Property Appraiser as of January 1st for all real property located in the City.

The City is permitted by Florida Statute to levy ad valorem taxes for real and tangible personal property up to \$10 per \$1,000 of assessed taxable value, except for special benefits and debt service obligations issued with the approval of those taxpayers subject to ad valorem taxes. The assessed taxable value as of January 1, 2023, upon which the 2023-2024 tax levy calculation was based, was \$5,691,722,833. The tax rate to finance all governmental services for the fiscal year ended September 30, 2024 was 6.4463 per \$1,000 of assessed taxable value.

Taxes become payable on November 1 each year and may be discounted up to 4% for payment prior to the following March 1. All unpaid taxes become delinquent on April 1 of the year following the year in which the taxes were levied. Liens are placed on property for unpaid taxes on June 1 of the year following the year in which the taxes were levied.

**CITY OF COCONUT CREEK, FLORIDA
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2024**

NOTE 3 - CASH AND INVESTMENTS

The City's investment practices are governed by Chapters 280 and 218.415, Florida Statutes, and the City Codes of Ordinances, 2017-040, the adopted investment policy. For all investments authorized by statute and policy, the City applies the "Prudent Person Rule" when developing investment strategies.

General Information about Cash and Investments

Deposits: Deposits of the City, including time deposit accounts, demand deposit accounts, and certificates of deposit, are defined as public deposits. All of the City's public deposits are held in qualified public depositories pursuant to Chapter 280.03 of the Florida Statutes, "Florida Security for Public Deposits Act." Under the Act, all qualified public depositories are required to pledge eligible collateral having fair value equal to or greater than the average daily or monthly balance of all public deposits, multiplied by the depository's collateral pledging level. The pledging level may range from 25% to 200% of the average monthly balance of public deposits depending upon the depository's financial condition and establishment period. All collateral must be deposited with an approved financial institution. Any losses to public depositors are covered by applicable deposit insurance, sale of securities pledged as collateral, and, if necessary, assessments against other qualified public depositories of the same type as the depository in fault. When public deposits are made in accordance with Chapter 280, no public depositor shall be liable for any loss. At September 30, 2024, \$23.5 million was exposed to custodial credit risk because it was uninsured and collateralized with securities held by the pledging financial institutions' trust department, but not in the City's name.

Authorized investments: The City is authorized by state statutes and local ordinances to invest in the State Board of Administration's (SBA) Investment Account; intergovernmental investment pools or local government investment pools authorized pursuant to the Florida Interlocal Cooperation Act of 1969, as provided in Chapter 163.01, Florida Statutes; negotiable direct obligations of, or obligations where the principal and interest of which are unconditionally guaranteed by the United States Government; interest-bearing time deposits or savings accounts in qualified banks organized under the laws of this state, in national banks organized under the laws of the United States and doing business and situated in this state; securities of, or other interests in investment trust registered under the Investment Company Act of 1940; obligations of the Federal Farm Credit Banks, and the Federal Home Loan Mortgage Corporation, including Federal Home Loan Mortgage Corporation participation certificates; or the U.S. Small Business Administration; or the Federal Home Loan Bank or its district banks; or obligations of the Federal National Mortgage Association including Federal National Mortgage Association participation certificates and mortgage pass-through certificates guaranteed by the Federal National Mortgage Association.

The City measures and records its investments using fair value measurement guidelines established by generally accepted accounting principles. These guidelines recognize a three-tiered fair value hierarchy, as follows:

- Level 1: Directly observable, quoted prices for identical investments in active markets;
- Level 2: Observable inputs, other than quoted market prices; and,
- Level 3: Unobservable inputs, used only when relevant Level 1 and Level 2 inputs are unavailable.

Florida PRIME is an open-pool investment fund operated by the State Board of Administration (SBA) of Florida. The fund operates in the same manner as institutional money-market funds and is available to all Florida governmental entities. Structured as a Rule 2a-7-like fund, it has two objectives: first, to provide liquidity while preserving capital; and second, to provide competitive yields net of fees. The fund maintains a net asset value (NAV) of \$1.00. Florida PRIME invests in a pool of investments whereby the City owns a share of the respective pool, not the underlying securities. The investments in the Florida PRIME are not insured by the FDIC or any other governmental agency. GASB issued Statement No. 79, *Certain External Investment Pools and Pool Participants*, which established criteria for an external investment pool for making the selection to qualify to measure its investments at amortized cost. Florida PRIME is exempt from the GASB Statement No. 72 fair value hierarchy disclosures and reports at amortized cost. Deposit and withdrawal transactions are executed within 24 hours of initiation. However, in the event of a material impact on liquidity or operations of the Trust Fund, the Executive Director may limit contributions and withdrawals from the Trust Fund for a 48-hour period.

**CITY OF COCONUT CREEK, FLORIDA
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2024**

NOTE 3 - CASH AND INVESTMENTS (continued)

The Florida Trust Day-to-Day Fund, sponsored by the Florida Association of Court Clerks and Comptrollers (FACC) and the Florida Association of Counties (FAC), was created under the laws of the State of Florida to provide an investment diversification option for Florida local governments to specifically meet their cash management needs. Payden & Rygel serves as Portfolio Manager and is registered with the SEC and the State of Florida. CiviTek serves as Administrator and UMB Bank as Custodian for the fund. The Day-to-Day Fund is not a registrant with the Securities and Exchange Commission (SEC); however, the fund is managed within the requirements of a "2a-7-like" pool. The objective of this fund is to provide investors with liquidity, stable share price, and as high a level of current income as is consistent with preservation of principal and liquidity. The fund maintains a NAV of \$1.00 and does not impose any fees or restrictions that could limit participant contributions and withdrawals. GASB issued Statement No. 79, *Certain External Investment Pools and Pool Participants*, established criteria for an external investment pool for making the selection to qualify to measure its investments at amortized cost. The Florida Day-to-Day Fund is exempt from the GASB Statement No. 72 fair value hierarchy disclosures and reports at amortized cost.

The Florida Municipal Investment Trust was created under the laws of the State of Florida to provide eligible units of local government with an investment vehicle to pool their surplus funds and to reinvest such funds in one or more investment portfolios under the direction and daily supervision of an investment advisor. The Florida League of Cities serves as the administrator, investment manager, and secretary-treasurer of the Trust. The City holds investments in the 0-2 Year High-Quality Bond Fund, 1-3 year High-Quality Bond Fund, and Intermediate High-Quality Bond Fund. Most of the security prices were obtained from a pricing service, Interactive Data Corporation (IDC). While the underlying asset values are based on quoted prices or market-corroborated inputs, the net asset value of the portfolio is not publicly quoted, and are Level 2 investments – Observable Inputs, other than quoted market prices. Contribution and redemption transaction requests are submitted in writing to the Portfolio's Custodian five days in advance of a Portfolio Valuation. Redemption may be limited to \$2 million or 10 percent of the Portfolio's net asset value, whichever is greater, if the redemption significantly adversely affects the net asset value of the Portfolio. Additionally, the Trust may suspend or postpone redemptions due to: (i) closure of the New York Stock Exchange, other than a customary weekend or holiday closure; (ii) trading restrictions on the New York Stock Exchange; or (iii) an emergency that would make it reasonably impractical for the Trust to fairly determine the value of its net assets. All income earned and capital gains realized by the Portfolio are retained by the Portfolio and reinvested.

U.S. Government-Sponsored Enterprise security prices were obtained from a pricing service, Interactive Data Corporation (IDC). The underlying securities have observable level 1 quoted pricing inputs or observable level 2 significant other observable pricing inputs.

Total Investments	\$ 133,641,019			

Interest rate risk: Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates. In accordance with the City investment policy, the City endeavors to minimize interest rate risk by structuring the investment portfolio so that securities mature to meet cash requirements for ongoing operations, thereby avoiding the need to sell securities on the open market prior to maturity and by investing operating funds primarily in shorter-term securities or by cash flow projections.

Credit risk: Generally, credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. In accordance with the City's investment policy, the City minimizes credit risk by limiting investments to the safest types of securities and pre-qualifying the financial institutions, broker/dealers, intermediaries, and advisors with whom the City will do business. The ratings of investments held at September 30, 2024, are presented in the preceding table. All are rated within the City's investment policy guidelines.

**CITY OF COCONUT CREEK, FLORIDA
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2024**

NOTE 3 - CASH AND INVESTMENTS (continued)

Concentration of credit risk: In addition to describing the credit risk of investments in the portfolio, governmental entities need to disclose the concentration of any single investment type or holding per single issuer. The percentage allocation of each cash and investment type in the portfolio is shown in the preceding table. The City's investment policy allows investment concentrations in various percentages for different types of investments. GASB Statement No. 40 requires disclosure when the percent is 5% or more in any one issuer. As of September 30, 2024, all investments are within the allowable percentages.

Custodial credit risk: For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the City will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The City's investment policy requires securities to be held by a third-party custodian, be properly designated as an asset of the City, and held in the City's name. As of September 30, 2024, the City's investment portfolio was held with a third-party custodian as required by the City's investment policy.

Foreign currency risk: Foreign currency risk is the risk that changes in exchange rates will adversely affect the fair value of an investment. The City investment policy does not permit investments issued by a foreign entity and is, therefore, not exposed to foreign currency risk.

NOTE 4 - ACCOUNTS RECEIVABLE AND PAYABLE

Receivables and amounts due from other governments as of September 30, 2024 for the City's individual major funds and non-major funds in the aggregate are as follows:

NOTE 8 - LONG-TERM DEBT

The following is a summary of the changes in long-term debt for the year ended September 30, 2024:

	Beginning Balance	Additions	Retirements	Ending Balance	Amounts Due Within One Year
Governmental activities:					
Direct borrowing revenue notes	\$ 16,175,000	\$ -	\$ 2,120,000	\$ 14,055,000	\$ 2,165,000
Compensated absences	9,100,871	6,834,668	6,037,707	9,897,832	567,821
Lease liability	582,786	-	134,516	448,270	141,755
Subscription liability	262,414	-	17,238	245,176	18,396
Total governmental activities	\$ 26,121,071	\$ 6,834,668	\$ 8,309,461	\$ 24,646,278	\$ 2,892,972
Business-type activities:					
Compensated absences	\$ 804,759	\$ 569,613	\$ 514,253	\$ 860,119	\$ 54,369
Total business-type activities	\$ 804,759	\$ 569,613	\$ 514,253	\$ 860,119	\$ 54,369

For the governmental activities, compensated absences are generally liquidated by the General Fund.

Revenue Notes

As of September 30, 2024, long-term debt consisted of the following for governmental activities:

Revenue Notes: The City issued the following revenue notes where the income derived from various taxes or fees is pledged to pay debt service.

Revenue Note, Series 2017A: On August 2, 2017, the City issued a \$10,000,000 Capital Improvement Revenue Note, Series 2017A, to finance certain construction projects including the Comprehensive Street Improvements, Lakeside Park Expansion, and Roof Replacement Programs. Principal and interest on the note are to be paid from a pledge of non-ad-valorem revenues. The note bears interest at 2.46%, payable semi-annually. The note matures in October 2032. The outstanding principal balance as of September 30, 2024 is \$5,795,000.

Annual debt service requirements to maturity for the revenue note above are as follows:

Fiscal Year Ending September 30	Capital Improvement Revenue Note, Series 2017A	
	Principal	Interest
2025	\$ 665,000	\$ 142,558
2026	680,000	126,198
2027	695,000	109,470
2028	715,000	92,374
2029	730,000	74,784
2030-2032	2,310,000	114,636
	\$ 5,795,000	\$ 660,020

**CITY OF COCONUT CREEK, FLORIDA
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2024**

NOTE 8 - LONG-TERM DEBT (continued)

Revenue Note, Series 2017B: On August 17, 2017, the City issued a \$6,765,000 Capital Improvement Revenue Refunding Note, Series 2017B, to retire the then outstanding Series 2009 Note. Principal and interest on the note are to be paid from a pledge of non-ad-valorem tax revenues. The note bears interest at 2.91%, payable semi-annually. The note matures in October 2032. The outstanding principal balance as of September 30, 2024 is \$3,975,000.

Annual debt service requirements to maturity for the revenue note above are as follows:

Fiscal Year Ending September 30	Capital Improvement Revenue Note, Series 2017B	
	Principal	Interest
2025	\$ 445,000	\$ 115,672
2026	460,000	102,723
2027	475,000	89,337
2028	490,000	75,514
2029	505,000	61,256
2030-2032	1,600,000	94,138
	\$ 3,975,000	\$ 538,640

The Series 2017A and 2017B notes discussed above includes other financial provisions as follows: Events of defaults, such as payment defaults, violation of covenants, bankruptcy, reorganization, or insolvency, may declare any unpaid principal and interest due immediately and bear a default rate equal to the rate of interest on the Note plus two percent (2%).

Revenue Note, Series 2021: On March 18, 2021, the City issued an \$8,360,000 Capital Improvement Revenue Refunding Note, Series 2021, to retire the then outstanding Series 2018 Note. Principal and interest on the note are to be paid from a pledge of non-ad-valorem tax revenues. The note bears interest at 1.123%, payable semi-annually, and matures in October 2028. The outstanding principal balance as of September 30, 2024 is \$4,285,000.

The Series 2021 note includes other financial provisions as follows: Events of defaults, such as payment defaults, violation of covenants, warranties, bankruptcy, reorganization, or insolvency, may declare any unpaid principal and interest due immediately and bear a default rate equal to the lesser of (i) the Prime Rate plus three percent (3%) per annum, (ii) the Overnight Bank Funding Rate plus three and one half percent (3.5%) per annum, and (iii) seven percent (7.0%) per annum, provided that in no event shall the Default Rate exceed the maximum rate permitted by law.

Annual debt service requirements to maturity for the revenue note above are as follows:

Fiscal Year Ending September 30	Capital Improvement Revenue Note, Series 2021	
	Principal	Interest
2025	\$ 1,055,000	\$ 48,121
2026	1,065,000	36,273
2027	1,075,000	24,313
2028	1,090,000	12,241
	\$ 4,285,000	\$ 120,948

**CITY OF COCONUT CREEK, FLORIDA
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2024**

NOTE 8 - LONG-TERM DEBT (continued)

Debt Service Requirements: Annual debt service requirements to maturity in the aggregate for the City's long-term debt are as follows:

Fiscal Year Ending September 30	Revenue Notes Payable		
	Principal	Interest	Total
2025	2,165,000	306,351	2,471,351
2026	2,205,000	265,194	2,470,194
2027	2,245,000	223,120	2,468,120
2028	2,295,000	180,129	2,475,129
2029	1,235,000	136,040	1,371,040
2030-2032	3,910,000	208,774	4,118,774
	\$ 14,055,000	\$ 1,319,608	\$ 15,374,608

Pledged Revenues: The City has pledged future non-ad-valorem tax revenues to repay \$15,374,608 in Capital Improvement Revenue Notes issued in 2017 and 2021. Proceeds from these revenue notes provided financing to retire the then outstanding Series 2009 and 2018 Revenue Notes and construction of certain capital improvement projects, including the Comprehensive Street Improvement, Lakeside Park Expansion, and Roof Replacement Programs. The notes are payable solely from non-ad-valorem tax revenues and are payable through October 1, 2032. Annual principal and interest payments on the notes are expected to require less than 8% of projected non-ad-valorem tax revenues, with total future payouts of \$15,374,608. Principal and interest paid for the current year and non-ad-valorem tax revenues are \$2,466,555 and \$52,242,157, respectively.

All the above revenue notes contain debt covenants, all of which the City was in compliance with at September 30, 2024.

NOTE 9 - LEASES

The City adopted GASB Statement No. 87, *Leases*, in fiscal year 2022. The primary objective of this statement is to enhance the relevance and consistency of information about governments' leasing activities. This statement establishes a single model for lease accounting based on the principle that leases are financings of the right to use an underlying asset. Under this Statement, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources. For additional information, refer to the disclosures below.

Leases Payable

On August 1, 2022, the City entered into a 62-month lease as Lessee for the fire administration office space. As of September 30, 2024, the value of the lease liability is \$448,270, the variable monthly payments are approximately \$12,000, and the interest rate is 2.5360%. The value of the right to use asset as of September 30, 2024 is \$715,656 with accumulated amortization of \$300,114. The lease can be renewed for an additional 60 months, but the City does not anticipate renewing for an additional term.

**CITY OF COCONUT CREEK, FLORIDA
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2024**

NOTE 9 - LEASES (continued)

The following is a summary of the changes in lease liability for the year ended September 30, 2024:

	<u>Beginning Balance</u>	<u>Additions</u>	<u>Retirements</u>	<u>Ending Balance</u>
Governmental activities:				
Lease liability	\$ 582,786	\$ -	\$ 134,516	\$ 448,270
Total governmental activities	<u>\$ 582,786</u>	<u>\$ -</u>	<u>\$ 134,516</u>	<u>\$ 448,270</u>

Future minimum payments are as follows:

<u>Fiscal Year Ending September 30</u>	<u>Governmental Activities</u>		<u>Total Payments</u>
	<u>Principal Payments</u>	<u>Interest Payments</u>	
2025	\$ 141,755	\$ 9,728	\$ 151,483
2026	149,313	6,046	155,359
2027	157,202	2,168	159,370
	<u>\$ 448,270</u>	<u>\$ 17,942</u>	<u>\$ 466,212</u>

Leases Receivable

The City has twelve leases for cell towers and one lease for a dispatch center ranging in length from 38 to 120 months. These lessees have between 0 to 4 extension options, each for 60 months. These extension options have not been included in the calculation of lease receivables as it is not reasonably certain they will be exercised. The lease receivable is measured as the present value of the future minimum rent payments expected to be received during the lease term at a discount rate that ranges from 0.2630% to 2.9530%. The monthly payments for each lease range from \$1,817 to \$10,684. The lease receivable and revenue recognized at September 30, 2024 for the various leases is summarized below:

<u>Lessee</u>	<u>Lease Receivable</u>	<u>Lease Revenue Recognized</u>
Broward County - 911 Emergency		
Dispatch Center 2013	\$ 148,870	\$ 148,870
AT&T - Government Center 2020	298,019	42,475

NOTE 10 - SUBSCRIPTIONS

The City adopted GASB Statement No. 96, *Subscription-Based Information Technology Arrangements*, in fiscal year 2023. The primary objective of this statement is to enhance the relevance and consistency of information about governments' subscription activities. This statement establishes a single model for subscription accounting based on the principle that subscriptions are financings of the right to use an underlying asset. Under this Statement, an organization is required to recognize a subscription liability and an intangible right-to-use subscription asset. For additional information, refer to the disclosures below.

Subscriptions Payable

On May 31, 2022, the City entered into a 32 month subscription for the use of a public safety scheduling software. As of September 30, 2024, the value of the subscription liability is \$245,176, the fixed annual payment is approximately \$23,934, and the interest rate is 2.5520%. The value of the right to use asset as of September 30, 2024 is \$298,851 with accumulated amortization of \$47,188. The subscription is scheduled to automatically renew for 10 extension options, each for 12 months.

The following is a summary of the changes in subscription liability for the year ended September 30, 2024:

	Beginning Balance	Additions	Retirements	Ending Balance
Governmental activities:				
Subscription liability	\$ 262,414	\$ -	\$ 17,238	\$ 245,176
Total governmental activities	\$ 262,414	\$ -	\$ 17,238	\$ 245,176

Lease receivable	2,146,544	-
Special assessments	1,077,482	-
Surtax revenue	-	708
Grant revenue	1,699,645	236,559
	<u>\$ 5,826,534</u>	<u>\$ 472,877</u>

NOTE 12 - PENSION PLANS

General Information about the Pension Plans

Plan Description: All regular full-time employees are provided pensions through: (1) the City of Coconut Creek 401(a) Plan, a defined contribution pension plan, administered by an independent agent, ICMA Retirement Corporation, and authorized by resolution or (2) the Florida Retirement System (FRS), a cost-sharing, multiple-employer, public employee pension plan, through either a defined benefit or a defined contribution pension plan administered by the Florida Department of Management Services' Division of Retirement. All part-time employees and elected officials are covered by the FRS Pension Plan. The City joined the FRS in December 2001, to provide retirement and survivor benefits to Police Department employees and elected officials. All employees hired after May 1, 2002 are included in the FRS Plan. In addition to the FRS Pension Plan, the division administers the Retiree Health Insurance Subsidy (HIS) Trust Fund, a cost-sharing multiple-employer defined benefit pension plan. The plan provides a supplemental benefit to eligible FRS retirees. The City has no direct fiduciary responsibility for the FRS plans. In accordance with Chapter 121 of the Florida Statutes, the Florida Legislature is responsible for establishing plan structure, benefit levels and contribution rates, and providing statutory authority for the administration of the state-administered retirement funds. The FRS issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by contacting the State of Florida Department of Management Services, Division of Retirement, Bureau of Research and Member Communications, P.O. Box 9000 Tallahassee, Florida, 32315-9000 or on-line at https://www.dms.myflorida.com/workforce_operations/retirement/publications or by calling (850) 488-5706.

A. 401(a) Plan

Benefits Provided: Under the 401(a) Plan, benefits depend solely on amounts contributed to the plan plus investment earnings. Vesting schedules for each employee group range from immediate vesting (100%) for Administrative Officers to full vesting over various periods of time through 5 years for civil service employees. The total number of employees for each employee group as of September 30, 2024 was Civil Service, 16 and Administrative Officers, 7.

Contributions: Under the City of Coconut Creek 401(a) Plan, City and mandatory employee contributions, as a percentage of employee gross wages, were as follows for each employee group: Civil Service – 14% and 15%; and Administrative – 14% and 12%, respectively. Contributions to the 401(a) Plan by the City of Coconut Creek, and its plan members were \$546,965 and \$480,599, respectively.

**CITY OF COCONUT CREEK, FLORIDA
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2024**

NOTE 12 - PENSION PLANS (continued)

B. FRS Pension Plans

FRS Pension Plan: The FRS Pension Plan (Plan) is a cost-sharing multiple-employer, defined benefit pension plan, with a Deferred Retirement Option Program (DROP) for eligible employees. The general classes of membership are as follows:

Regular Class: Members of the FRS who do not qualify for membership in other classes.

Elected County Officers Class: Members who hold specified elective offices in local government.

Senior Management Service Class: Members in senior management level positions.

Special Risk Class: Members who are employed as law enforcement officers and meet the criteria to qualify for this class.

Employees enrolled in the Plan prior to July 1, 2011, vest at six years of creditable service and employees enrolled in the Plan on or after July 1, 2011, vest at eight years of creditable service. All vested members, enrolled prior to July 1, 2011 are eligible for normal retirement benefits at age 62 or any age after 30 years of service (except members classified as special risk, who are eligible for normal retirement benefits at age 55 or at any age after 25 years of service). All members enrolled in the Plan on or after July 1, 2011 once vested, are eligible for normal retirement benefits at age 65 or any time after 33 years of creditable service (except members classified as special risk who are eligible for normal retirement benefits at age 60 or at any age after 30 years of service). Members of the Plan may include up to 4 years of credit for military service toward creditable service.

The Plan also includes an early retirement provision. However, for each year a member retires before his or her normal retirement date there is a benefit reduction. The Plan provides retirement, disability, death benefits, and annual cost-of-living adjustments to eligible participants.

DROP, subject to provisions of Section 121.091, Florida Statutes, permits employees eligible for normal retirement under the Plan to defer receipt of monthly benefit payments while continuing employment with an FRS employer. An employee may participate in DROP for a period not to exceed 96 months after electing to participate. During the period of DROP participation, deferred monthly benefits are held in the FRS Trust Fund and accrue interest. The net pension liability does not include amounts for DROP participants, as these members are considered retired and are not accruing additional pension benefits.

HIS Plan: The Retiree Health Insurance Subsidy Program (HIS Plan) is a cost-sharing multiple-employer defined benefit pension plan established under Section 112.363, Florida Statutes, and may be amended by the Florida Legislature at any time. The benefit is a monthly payment to assist retirees of the State-administered retirement systems in paying their health insurance costs and is administered by the Florida Department of Management Services, Division of Retirement.

Benefits Provided

FRS Pension Plan: Benefits under the Plan are computed on the basis of age and/or years of service, average final compensation, and service credit. Credit for each year of service is expressed as a percentage of the average final compensation. For members initially enrolled before July 1, 2011, the average final compensation is the average of the five highest fiscal years' earnings. Members initially enrolled on or after July 1, 2011, the average final compensation is the average of the eight highest fiscal years' earnings. The total percentage value of the benefit received is determined by calculating the total value of all services, which is based on the retirement class to which the member belonged when the service credit was earned. Members are eligible for in-line-of-duty or regular disability and survivors' benefits. The following chart shows the percentage value for each year of service credit earned:

**CITY OF COCONUT CREEK, FLORIDA
 NOTES TO FINANCIAL STATEMENTS
 FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2024**

NOTE 12 - PENSION PLANS (continued)

Regular Class members initially enrolled before July 1, 2011:

- Retirement up to age 62 or up to 30 years of service 1.60%
- Retirement at age 63 or with 31 years of service 1.63%
- Retirement at age 64 or with 32 years of service 1.65%
- Retirement at age 65 or with 33 or more years of service 1.68%

Regular Class members initially enrolled on or after July 1, 2011:

- Retirement up to age 65 or up to 33 years of service 1.60%
- Retirement at age 66 or with 34 years of service 1.63%
- Retirement at age 67 or with 35 years of service 1.65%
- Retirement at age 68 or with 36 or more years of service 1.68%

Elected County Officers Class: 3.00%

Senior Management Service Class: 2.00%

Special Risk Class: 3.00%

As provided in Section 121.101, Florida Statutes, if the member is initially enrolled in the FRS before July 1, 2011, and all service credit was accrued before July 1, 2011, the annual cost-of-living adjustment is 3% per year. If the member is initially enrolled before July 1, 2011, and has service credit on or after July 1, 2011, there is an individually calculated cost-of-living adjustment. The annual cost-of-living adjustment is a proportion of 3% determined by dividing the sum of the pre-October 2011 service credit by the total service credit at retirement multiplied by 3%. Plan members initially enrolled on or after July 1, 2011, will not receive a cost-of-living adjustment after retirement.

HIS Plan: For the fiscal year ended September 30, 2024 eligible retirees and beneficiaries received a monthly HIS payment of \$7.50 for each year of creditable service completed at the time of retirement, with a minimum HIS payment of \$45 and a maximum HIS payment of \$225 per month, pursuant to Section 112.363, Florida Statutes. To be eligible to receive a HIS Plan benefit, a retiree under a State-administered retirement system must provide proof of health insurance coverage, which may include Medicare.

Contributions

FRS Pension Plan: The Florida Legislature establishes contribution rates for participating employers and employees. Employees are required to contribute 3% of gross salary. Employer contribution is based on class. Rates are updated as of July 1 of each year.

Contribution rates effective October 1, 2023 through June 30, 2024 were as follows:

<u>Employees</u>	<u>Contribution Rates *</u>
Senior Management	34.52%
Regular Employees	13.57%
Special Risk	32.67%
Elected Officials	58.68%

* Contribution rates include the post-employment health insurance supplement of 2.00%.

**CITY OF COCONUT CREEK, FLORIDA
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2024**

NOTE 12 - PENSION PLANS (continued)

Contribution rates effective July 1, 2024 through September 30, 2024 were as follows:

<u>Employees</u>	<u>Contribution Rates *</u>
Senior Management	34.52%
Regular Employees	13.63%
Special Risk	32.79%
Elected Officials	58.68%

* Contribution rates include the post-employment health insurance supplement of 2.00%.

The City's contributions for FRS totaled \$8,131,311 and employee contributions totaled \$1,011,089 for the fiscal year ended September 30, 2024, and are primarily funded by the General Fund.

HIS Plan: The HIS Plan is funded by required contributions from FRS participating employers as set by the Florida Legislature. Employer contributions are a percentage of gross compensation for all active FRS members. The HIS contribution rate for the period October 1, 2023 through June 30, 2024 was 2.00 percent and for the period July 1, 2024 through September 30, 2024 was 2.00 percent. The City contributed 100% of its statutorily required contributions for the current year preceding three years. This HIS Plan benefits are not guaranteed and are subject to annual legislative appropriation. In the event the legislative appropriation or available funds fail to provide full subsidy benefits to all participants' benefits may be reduced or canceled.

The City's contributions to the HIS Plan totaled \$840,572 for the fiscal year ended September 30, 2024.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At September 30, 2024, the City reported liabilities of \$57,878,315 for its proportionate share of the FRS net pension liability and \$14,664,518 for the HIS net pension liability for a total pension liability of \$72,542,833. The net pension liability was measured as of June 30, 2024, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2024. The City's proportionate share of the net pension liability was based on the City's fiscal year 2024 contributions relative to the fiscal year 2023 contributions of all participating members. At June 30, 2024, the City's proportionate share was .149615506%, for the FRS plan and .097757087% for the HIS plan, which was an increase of .006056178% and an increase of .001010838% respectively, from the proportionate share measured as of June 30, 2023.

**CITY OF COCONUT CREEK, FLORIDA
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2024**

NOTE 12 - PENSION PLANS (continued)

For the fiscal year ended September 30, 2024, the City recognized pension expense of \$10,727,548 for the FRS Pension Plan and \$1,048,445 for the HIS Plan for a total pension expense of \$11,775,993. In addition, the City reported, in the government-wide financial statements, deferred outflows of resources and deferred inflows of resources related to both plans from the following sources:

	Deferred Outflows of Resources		
	FRS	HIS	Total
Differences between expected and actual experience	\$ 5,847,264	\$ 141,596	\$ 5,988,860
Changes in assumptions	7,932,760	259,528	8,192,288
Net difference between projected and actual earnings on pension plan investments	-	-	-
Changes in proportion and differences between City contributions and proportionate share of contributions	6,691,261	1,361,621	8,052,882
City contributions subsequent to the measurement date	2,276,610	222,326	2,498,936
Total Deferred Outflows of Resources	\$ 22,747,895	\$ 1,985,071	\$ 24,732,966

	Deferred Inflow of Resources		
	FRS	HIS	Total
Differences between expected and actual experience	\$ -	\$ 28,158	\$ 28,158
Changes in assumptions	-	1,736,091	1,736,091
Net difference between projected and actual earnings on pension plan investments	3,846,894	5,304	3,852,198
Changes in proportion and differences between City contributions and proportionate share of contributions	958,638	-	958,638
Total Deferred Inflows of Resources	\$ 4,805,532	\$ 1,769,553	\$ 6,575,085

The deferred outflows of resources related to pensions, totaling \$2,498,936, resulting from City contributions subsequent to the measurement date, will be recognized as a reduction of the net pension liability in the fiscal year ended September 30, 2025. Amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Fiscal Year Ending September 30	Employer Share of Deferred Outflows/Inflows		
	FRS	HIS	Total
2025	\$ 978,749	\$ 200,847	\$ 1,179,596
2026	11,330,028	108,412	11,438,440
2027	2,189,610	(56,123)	2,133,487
2028	533,480	(109,749)	423,731
2029	633,886	(115,751)	518,135
Thereafter	-	(34,444)	(34,444)
	\$ 15,665,753	\$ (6,808)	\$ 15,658,945

**CITY OF COCONUT CREEK, FLORIDA
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2024**

NOTE 12 - PENSION PLANS (continued)

Actuarial Assumptions

Actuarial assumptions for both cost-sharing defined benefit plans are reviewed annually by the Florida Retirement System Actuarial Assumptions Conference. The FRS plan has a valuation performed annually. The HIS Program has a valuation performed biennially that is updated for GASB reporting in the year a valuation is not performed. The total pension liability was determined using the following actuarial assumptions, applied to all periods included in the measurement:

	FRS	HIS
Mortality table	PUB2010 base table varies by member category and sex, projected generationally with Scale MP-2021	Generational PUB-2010 with Projection Scale MP-2021
Experience study	7/1/18 - 6/30/23	
Actuarial cost method	Individual Entry Age	
Investment rate of return	6.70%	3.93%
Projected salary increases	3.50%	3.50%
Inflation	2.40%	2.40%

Long-Term Expected Rate of Return

FRS Pension Plan: The long-term expected rate of return on the Plan investments was not based on historical returns, but instead is based on a forward-looking capital market model. The allocation policy's description of each asset class was used to map the target allocation to the asset classes shown on the following page. Each asset class assumption is based on a consistent set of underlying assumptions and includes an adjustment for the inflation assumption.

The target allocation and best estimates of arithmetic and geometric real rates of return for each major asset class are summarized in the following table:

Asset Class	Target Allocation ⁽¹⁾	Annual Arithmetic Return	Compound Annual (Geometric) Return	Standard Deviation
Cash	1.0%	3.3%	3.3%	1.1%
Fixed income	29.0%	5.7%	5.6%	3.9%
Global equity	45.0%	8.6%	7.0%	18.2%
Real estate	12.0%	8.1%	6.8%	16.6%
Private equity	11.0%	12.4%	8.8%	28.4%
Strategic investments	2.0%	6.6%	6.2%	8.7%
Assumed Inflation - Mean			2.4%	1.5%

**CITY OF COCONUT CREEK, FLORIDA
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2024**

NOTE 12 - PENSION PLANS (continued)

Discount Rate

The discount rate used to measure the total pension liability was 6.70% for the FRS plan. The fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the discount rate for calculating the total pension liability is equal to the long-term expected rate of return. The HIS program uses a pay as you go funding structure, so therefore, the depletion date is considered to be immediate and the single equivalent discount rate is equal to the municipal bond rate. The municipal bond rate of 3.93% was used to determine the total pension liability for the program. The Bond Buyer General Obligation 20-Bond Municipal Bond Index was adopted as the applicable municipal bond index.

Sensitivity of the City’s Proportionate Share of the Net Position Liability to Changes in the Discount Rate

The following table presents the sensitivity of the City’s proportionate share of the net pension liability to changes in the discount rate. The sensitivity analysis shows the impact to the City’s proportionate share of the net pension liability if the discount rate was 1.00% lower or 1.00% higher than the current discount rate at June 30, 2024.

	1% Decrease	Current Discount	1% Increase
<u>Pension Plan</u>	<u>5.70%</u>	<u>Rate 6.70%</u>	<u>7.70%</u>
FRS	\$ 101,805,928	\$ 57,878,315	\$ 21,079,620
	1% Decrease	Current Discount	1% Increase
<u>Pension Plan</u>	<u>2.93%</u>	<u>Rate 3.93%</u>	<u>4.93%</u>
HIS	\$ 16,693,669	\$ 14,664,518	\$ 12,979,995

The plans’ fiduciary net position has been determined using the same basis used to determine the net position liabilities, deferred outflows and inflows of resources related to pension, and pension expense. For this purpose, revenues are recognized when earned and expenses are recognized when incurred. Therefore, benefits and administrative expenses are recognized when due and payable. Investments are reported at fair value.

Detailed information about the fiduciary net position of both benefit plans is available in the separately issued FRS Pension Plan and Other State Administered Systems Annual Comprehensive Financial Report.

Investment Plan

As provided in Section 121.4501, Florida Statutes, eligible FRS members may elect to participate in the Investment Plan in lieu of the FRS Defined Benefit Plan. City employees participating in DROP are not eligible to participate in the Investment Plan. Employer and employee contributions, including amounts contributed to individual members’ accounts, are defined by law, but the ultimate benefit depends, in part, on the performance of investment funds. Benefit terms, including contribution requirements, for the Investment Plan are established and may be amended by Florida Legislature. The Investment Plan is funded with the same employer and employee contribution rates that are based on salary and membership class, as the FRS Pension Plan. Contributions are directed to individual member accounts, and the individual members allocate contributions and account balances among various approved investment choices. Costs of administering the Investment Plan, including the FRS Financial Guidance Program, are funded through an employer contribution of 0.06% of payroll and by forfeited benefits of plan members. Allocations to the investment members’ accounts, which includes a mandatory employee contribution of 3%, during the 2023-2024 fiscal year, as established by Section 121.72, Florida Statutes, are based on a percentage of gross compensation, by class, as follows:

**CITY OF COCONUT CREEK, FLORIDA
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2024**

NOTE 12 - PENSION PLANS (continued)

<u>Class</u>	<u>Allocation Rate</u>
Elected Officials	16.34%
Senior Management	12.67%
Special Risk	19.00%
Regular Employees	11.30%

For all membership classes, employees are immediately vested in their own contributions and are vested after one year of service for employer contributions and investment earnings. If an accumulated benefit obligation for service credit originally earned under the FRS Pension Plan vesting is transferred to the Investment Plan, the member must have the years of service required for FRS Pension Plan vesting (including the service credit represented by the transferred funds) to be vested for these funds and the earnings on these funds. Non-vested employer contributions are placed in a suspense account for up to five years. If the employee returns to FRS-covered employment within the five-year period, the employee will regain control over his or her account. If the employee does not return within the five-year period, the employee will forfeit the accumulated account balance. For the fiscal year ended September 30, 2024, the information for the amount of forfeitures was unavailable from the SBA; however, management believes that these amounts, if any, would be immaterial to the City.

After termination and applying to receive benefits, the member may rollover vested funds to another qualified plan, structure a periodic payment under the Investment Plan, receive a lump-sum distribution, leave the funds invested for future distribution, or any combination of these options. Disability coverage is provided; the member may either transfer the account balance to the FRS Pension Plan when approved for disability retirement to receive guaranteed lifetime monthly benefits under the FRS Pension Plan, or remain in the Investment Plan and rely upon that account balance for retirement income.

The City's and the employees' contributions to the Investment Plan totaled \$1,110,606 and \$186,947, respectively, for the fiscal year ended September 30, 2024.

NOTE 13 - DEFERRED COMPENSATION PLAN

The City offers its employees a deferred compensation plan created in accordance with Internal Revenue Service ("IRS") Code Section 457. The Plan, administered by the ICMA Retirement Corporation, available to all City employees, permits them to defer a portion of their salaries until future years. Participation in the Plan is optional. The deferred compensation is generally not available to employees until termination, retirement, death or the hardship distribution criteria as defined in IRS Code Section 457. The assets of the Plan are held in trust and are the sole property of the participants; therefore, no balances or financial information is reported in the City's basic financial statements.

NOTE 14 - RISK MANAGEMENT

The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters for which the City carries commercial insurance. Specifically, the City purchases insurance from Preferred Governmental Insurance Trust (PGIT), a public entity insurance program for property, workers' compensation, general liability, automobile liability, errors and omissions and directors' and officers' liability with nominal deductible amounts. Flood and Crime insurance are purchased from Wright National Flood Insurance Company and Travelers Casualty & Surety Company of America, respectively.

The City currently has a fully insured group health plan for all employees with Cigna Health and Life Insurance Company. The amount of settlements has not exceeded insurance coverage in the past three fiscal years.

**CITY OF COCONUT CREEK, FLORIDA
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2024**

NOTE 15 - COMMITMENTS AND CONTINGENCIES

Litigation

The City is currently the defendant in a number of litigation issues and claims that arose in the normal course of operations. City management has indicated that they intend to vigorously defend such matters. The ultimate outcome of which, in the opinion of management, will not have a material adverse effect on the financial condition of the City.

Construction Commitment

During fiscal year 2024, four (4) projects were carried forward from previous fiscal years to 2024 totaling \$1,718,956. As of September 30, 2024, the City completed \$2,626,144 of the contract amounts. Three (3) of the projects were completed in fiscal year 2024. The remaining projects are anticipated to be completed in fiscal year 2025 and 2026. The remaining commitment on the construction contracts totaled \$60,116 as of September 30, 2024.

Grant Revenue

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, might constitute a liability of the applicable funds. It is management's opinion that there are no significant contingent liabilities related to these grants.

Municipal Service Provider Agreement

The City has a Municipal Service Provider Agreement with the Seminole Tribe of Florida. The agreement is in effect as long as the property is open for gaming. During the year ended September 30, 2024, a total of \$4,040,675 was earned and collected by the City. An annual escalation clause is in effect for subsequent years. Monies will be used for community capital improvement projects with any interest earned transferred to the General Fund.

Mitigation Agreement

The City has a Mitigation Agreement with the Seminole Tribe of Florida. The agreement is in effect as long as the property is open for gaming. During the year ended September 30, 2024, a total of \$3,193,313 was earned and collected by the City for mitigation fees, while \$1,125,925 was earned and collected by the City for additional municipal services. In addition, another one-eleventh of mitigation fees are contributed directly to an educational trust foundation held separately from the City. An annual escalation clause is in effect for subsequent years. Monies will be used for community capital improvement projects including MainStreet development projects and any other expenses or improvements to mitigate the impact of the lands going into trust.

NOTE 16 - CONDUIT DEBT

On December 20, 2007, the City issued Variable Rate Demand Revenue Bonds in the amount of \$7 million to provide financial assistance to a Florida not-for-profit corporation for financing and refinancing the cost of acquisition, construction, and equipping of an educational facility. The outstanding principal balance at September 30, 2024 is \$1.8 million. Neither the City, nor State, nor any political subdivision thereof is obligated in any manner for repayment of the bonds.

**CITY OF COCONUT CREEK, FLORIDA
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2024**

NOTE 17 - OTHER POST-EMPLOYMENT BENEFITS

General Information about the Other Post-Employment Benefits

Plan Description: The City of Coconut Creek administers a single-employer defined benefit healthcare plan (the "Plan") that provides medical and dental insurance benefits to its employees and their eligible dependents. In accordance with Section 112.0801 of the Florida Statutes, because the City provides a medical plan to active employees of the City and their eligible dependents, the City is also required to provide retirees with the opportunity to participate in this Plan. There are no assets accumulated in a trust that meets the criteria in paragraph 4 of GASB Statement No. 75 and the Plan does not issue a separate financial report.

Funding Policy: The City subsidizes the premium rates paid by retirees by allowing them to participate in the Plan at the blended group premium rates (implicitly subsidized) offered to both active and retired employees. These rates provide an implicit subsidy for retirees because, on an actuarial basis, their current and future claims are expected to result in higher costs to the Plan on average than those of active employees. The City also provides an explicit subsidy for retirees depending on their employment group.

Civil Service employees retiring at age 55 or later with at least 15 years or more of service receive a one-time payment equal to \$250 multiplied by the number of months between the employee's retirement age and age 65.

Administrative Officers retiring at age 55 or later with at least 15 years or more of service receive a one-time payment equal to \$300 multiplied by the number of months between the employee's retirement age and age 65. The City contributes one percent (1%) of eligible earnings into a Retirement Health savings Account.

Elected Officials retiring at age 55 or later with at least 8 or more years of service are eligible for a post-retirement medical compensation benefit of two-percent (2%) of final base salary for each full year of service. Upon retirement, these funds will be deposited into a Retiree Health Savings Account.

Police Lieutenants and Administrative Officers who are sworn law enforcement officers retiring at age 55 or later with at least 15 years or more of service receive a one-time payment equal to \$300 multiplied by the number of months between the employee's retirement age and age 65. The City contributes one-percent (1%) of eligible earnings into a Retirement Health Savings Account.

Sergeants hired prior to 1/1/2002, retiring at age 55 or later with at least 15 years or more of service, or 25 years of service regardless of age, receive a one-time payment equal to \$300 multiplied by the number of months between the employee's retirement age and age 65. The City contributes two-percent (2%) of eligible earnings into a Retirement Health Savings Account.

Police Officers/Trainees hired prior to 1/1/2002, retiring at age 55 or later with at least 15 years or more of service, or 25 years of service regardless of age, receive a one-time payment equal to \$250 multiplied by the number of months between the employee's retirement age and age 65. The City contributes two-percent (2%) of eligible earnings into a Retirement Health Savings Account.

The explicit subsidy is established by Administrative Order of the City and the Collective Bargaining Agreements for Police Officers, Trainees, Sergeants, and Lieutenants, as approved by the City Manager and City Commission, respectively. Benefit terms may be amended upon approval by the City Manager and City Commission.

The required contributions are based on pay-as-you-go financing requirements. There is no separate trust fund or equivalent arrangement into which the City might make contributions to advance-fund the obligation. Subsidies provided over time are financed directly by general assets of the City.

**CITY OF COCONUT CREEK, FLORIDA
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2024**

NOTE 17 - OTHER POST-EMPLOYMENT BENEFITS (continued)

There were no changes in benefit terms during the measurement period and the OPEB Plan is open to new members, except for Police Officers, Trainees, and Sergeants.

Employees Covered by Benefit Terms

At September 30, 2024, the following employees were covered by the benefit terms:

Inactive employees or beneficiaries currently receiving benefit payments	12
Inactive employees entitled to but not yet receiving benefit payments	24
Active employees	547
	<u>583</u>

Total OPEB Liability

The City's Total OPEB liability of \$4,961,647 was measured as of September 30, 2024, and was determined by an actuarial valuation as of October 1, 2023.

Actuarial assumptions and other inputs

The Total OPEB liability at September 30, 2024 was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement unless otherwise specified:

Valuation date	October 1, 2023
Measurement date	September 30, 2024
Asset allocation	N/A - no plan assets
Inflation	Retiree contributions, health insurance premiums, and the implied subsidy have been assumed to increase in accordance with the healthcare cost trend rates
Salary increases	3.00% per annum
Healthcare cost trend assumption	7.00% for the 2024/25 fiscal year graded down by 0.25% per year to 4.50% for the 2034/35 and later fiscal years
Retirees' contribution rates and subsidies	Retiree contribution rates are equivalent to 100% of the active premium rate for retirees for medical and dental insurance coverage. Dental is assumed to have no implicit or explicit subsidy. Medical insurance will reflect an implicit subsidy plus an explicit subsidy as defined in collective bargaining agreements based on years of service.
Long-term expected rate of return, net of investment expense	N/A
Mortality	Society of Actuaries PUB-2010 Public Retirement Plans Healthy Male and Female Total Dataset Headcount-Weighted Mortality tables based on Employee and Healthy Annuitant Tables for both pre and post retirement projected with mortality improvements using the most current Society of Actuaries Mortality Improvement Scale MP-2021.
Changes	Since the prior measurement date, the discount rate was decreased from 4.91% per annum to 3.97% per annum.

OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

For fiscal year ended September 30, 2024, the City recognized OPEB expense of \$288,733.

At September 30, 2024, the City reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Balance at September 30, 2023:	\$ 6,741,238	\$ 3,528,089
Amortization payments	(1,016,659)	(1,764,398)
Assumption changes	-	16,613,619
Balance at September 30, 2024:	\$ 5,724,579	\$ 18,377,310

The amortization period for assumption changes was 12.49 years for fiscal year 2024. Amounts reported as deferred outflows and inflows of resources related to OPEB will be recognized in the OPEB expense as follows:

Fiscal Year Ending September 30	Net of Deferred Outflows/Inflows of Resources
2025	\$ 747,739
2026	747,739
2027	747,739
2028	747,739
2029	747,739
Thereafter	8,914,036
	\$ 12,652,731

The actuarial report for the OPEB Plan may be obtained by contacting the City of Coconut Creek's Finance and Administrative Services Department at 4800 West Copans Road, Coconut Creek, Florida, 33063.

NOTE 18 - CHANGE WITHIN FINANCIAL REPORTING ENTITY

For the fiscal year ended September 30, 2024, the City had a change within the financial reporting entity that resulted in an adjustment to beginning fund balances as follows:

**CITY OF COCONUT CREEK, FLORIDA
 SCHEDULE OF REVENUES, EXPENDITURES AND
 CHANGES IN FUND BALANCE - BUDGET AND ACTUAL
 GENERAL FUND (CONTINUED)
 FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2024**

**Explanation of Differences Between Change in Fund Balance - Budget
 to Actual and Statement of Revenues, Expenditures and Changes in
 Fund Balances - Governmental Funds**

Total revenues, page 69 **\$ 87,221,404**

Amounts reported for budget to actual are different because:

Revenues in the City's General Trust Fund are reported in the General Trust Fund for
 for budgetary purposes but in the General Fund for the purpose of the Statement of Revenues,
 Expenditures and changes in Fund Balance - Governmental Funds

General Trust Fund Revenues, page 86 434,002

**Total revenues, per the Statement of Revenues, Expenditures, and
 Changes in Fund Balances - Governmental Funds, page 28** **\$ 87,655,406**

Total expenditures, page 69 **\$ 80,266,851**

Amounts reported for budget to actual are different because:

Expenditures in the City's General Trust Fund are reported in the General Trust Fund for
 for budgetary purposes but in the General Fund for the purpose of the Statement of Revenues,
 Expenditures and changes in Fund Balance - Governmental Funds

General Trust Fund Expenditures, page 86 177,891

**Total expenditures, per the Statement of Revenues, Expenditures, and
 Changes in Fund Balances - Governmental Funds, page 28** **\$ 80,444,742**

See notes to budgetary comparison schedule.

**CITY OF COCONUT CREEK, FLORIDA
NOTES TO SCHEDULES OF REVENUES, EXPENDITURES AND
CHANGES IN FUND BALANCE – BUDGET AND ACTUAL
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2024**

The following procedures are used to establish the budgetary data reflected in the financial statements:

Annual budgets are adopted on a basis consistent with accounting principles generally accepted in the United States of America.

1. By August 1, the City Manager submits to the City Commission a proposed operating budget for the fiscal year commencing the following October 1. The operating budget includes proposed expenditures and the means of financing them.
2. Public hearings are conducted to obtain taxpayer comments.

Prior to October 1, the budget is legally enacted through passage of an ordinance.

The level of budgetary control is established at the department, office, or agency level, as appropriate. For the General Fund, the City Manager or designee is authorized to transfer budgeted amounts within departments of any fund, while revisions that alter the budgeted totals of each department require approval of the Commission. For all other funds, the City Manager or designee is authorized to transfer budgeted amounts within each fund.

Appropriations lapse at year-end to the extent that it has not been expended or encumbered, except for appropriations for capital expenditures, where an appropriation shall continue in force until the purpose for which it was made has been accomplished or abandoned.

Both the original and final budget anticipated \$11.3 million and \$11.3 million, respectively, to be expended from available unassigned fund balance. During the year, however, expenditures in most areas were below the budgetary estimates, producing a positive variance of \$13.4 million. In addition, revenues and transfers in exceeded the budget by \$1.4 million.

Net Change in Total OPEB Liability	(15,577,147)	1,290,112	1,434,468	253,828	11,156,252	349,284	(289,773)
Total OPEB Liability - Beginning	20,538,794	19,248,682	17,814,214	17,560,386	6,404,134	6,054,850	6,344,623
Total OPEB Liability - Ending	\$ 4,961,647	\$ 20,538,794	\$ 19,248,682	\$ 17,814,214	\$ 17,560,386	\$ 6,404,134	\$ 6,054,850
Covered-Employee Payroll	\$ 45,379,212	\$ 27,736,190	\$ 27,097,920	\$ 30,411,173	\$ 28,426,302	\$ 25,993,281	\$ 20,806,510
Total OPEB Liability as a Percentage of Covered-Employee Payroll	10.93%	74.05%	71.03%	58.58%	61.78%	24.64%	29.10%

* This schedule is intended to present information for ten years. However, until a full ten-year trend is compiled, information will only be provided for those years for which information is available.

Notes to Schedule:

- (1) The City's OPEB Plan is unfunded.
- (2) The required contributions are based on pay-as-you-go financing requirements.
- (3) No assets are accumulated in a trust that meets the criteria in Paragraph 4 of GASB Statement No. 75.
- (4) The actuarial valuation used the following actuarial assumptions:
 - Salary increases 3.00% per annum
 - Discount rate 3.97% per annum; The selected discount rate is based on the prescribed discount interest rate methodology under GASB Statement No. 74/75 using an average of two 20-year municipal bond indices (e.g., S&P Municipal Bond 20 Year High Grade Rate Index - 4.06% and Fidelity GA AA 20 Years - 3.88%) as of September 30, 2024.
 - Inflation Retiree contributions, health insurance premiums, and the implied subsidy have been assumed to increase in accordance with the healthcare cost trend rates.
 - Healthcare cost trend rates Increases in healthcare costs are assumed to be 7.00% for the 2024/25 fiscal year graded down by 0.25% per year to 4.50% for the 2034/35 and later fiscal years.
 - Mortality basis Society of Actuaries Pub-2010 Public Retirement Plans Healthy Male and Female Total Dataset Headcount-Weighted Mortality tables based on Employee and Healthy Annuitant Tables for both pre and post retirement projected with mortality improvements using the most current Society of Actuaries Mortality Improvement Scale MP-2021.
 - Other decrements This includes mortality, turnover, disability and retirement rate assumptions. This is used to determine the likelihood of an employee qualifying for OPEB and when benefits will commence. Mortality is also used to determine probability of individuals to live and continue to receive benefits.
 - Changes Since the prior measurement date, the discount rate was decreased from 4.91% per annum to 3.97% per annum.

SPECIAL REVENUE FUNDS

Special Revenue Funds are used to account for specific revenues that are legally restricted to expenditures for particular purposes.

Law Enforcement Trust Fund - This fund is used to account for revenues received from federal, state and local law enforcement forfeitures and seizures which are restricted for use for law enforcement purposes.

Street Construction and Maintenance Fund - This fund is used to account for revenues received from federal, state and county agencies, which, by state law, may only be expended for street construction and maintenance.

Affordable Housing Fund - This fund is used to account for fees charged to developers as means to fund the City's affordable housing program for the benefit of current and future residents. The funds have been committed by City Ordinance for use in the affordable housing program.

Seminole Mitigation Fund – This fund is used to account for proceeds received from the Seminole Tribe of Florida in accordance with the “Fee to Trust Lands Mitigation Agreement.” Funds will be used for improvements within the MainStreet Regional Activity Center and any other expenses or improvements.

Transportation Surtax Fund – This fund is used to account for proceeds from the Broward County Transportation Surtax Program. These funds will be used to improve traffic signalization, roadways, intersections, pedestrian mobility options, and public transportation (bus and rail) and to fund future investments in Broward's transportation system.

CAPITAL PROJECTS FUNDS

Capital Projects Funds are used to account for the acquisition and construction of major capital facilities other than those financed by proprietary funds.

Parks Improvement Fund - This fund is used to account for the fees charged to developers in lieu of dedicating land as well as grants and other governmental resources (other than bond proceeds). It finances the acquisition, construction and expansion of City park facilities.

Public Safety Improvement Fund - This fund is used to account for fees charged to developers to ensure that the City's level of service for police and fire/rescue will not be adversely affected by development growth. The funds have been restricted by City Ordinance for police and fire/rescue capital improvements.

Utility Underground Fund - This fund is used to account for fees charged to developers in lieu of placing electrical lines underground for all new construction or substantial reconstruction.

DEBT SERVICE FUNDS

Debt Service Funds are used to account for the accumulation of resources, for and the payment of, long-term debt, principal, interest and related costs.

Capital Improvement Revenue Bonds Fund - This fund is used for payment of the Revenue Note Series, 2017A and 2017B, and Revenue Note, Series 2021.

STATISTICAL SECTION

This part of the City of Coconut Creek's annual comprehensive financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures and required supplementary information says about the government's overall financial health.

Contents

Financial Trends

These schedules contain trend information to help the reader understand how the City's financial performance and well-being have changed over time.

Net Position by Component	94
Changes in Net Position	95-96
Fund Balances of Governmental Funds	97
Changes in Fund Balances of Governmental Funds	98
General Governmental Tax Revenues by Source	99

Revenue Capacity

These schedules contain information to help the reader assess the government's most significant local revenue source, the property tax.

Assessed Value and Estimated Actual Value of Taxable Property	100
Property Tax Rates	101
Principal Property Taxpayers	102
Property Tax Levies and Collections	103

Debt Capacity

These schedules present information to help the reader assess the affordability of the government's current levels of outstanding debt and the government's ability to issue additional debt in the future.

Ratios of Outstanding Debt by Type	104
Direct and Overlapping Governmental Activities Debt	105
Legal Debt Margin Information	106
Pledged Revenue Coverage	107

Demographic and Economic Information

These schedules offer demographic and economic indicators to help the reader understand the environment within which the government's financial activities take place.

Demographic and Economic Statistics	108
Principal Employers	109

STATISTICAL SECTION
(continued)

Operating Information

These schedules contain service and infrastructure data to help the reader understand how the information in the government's financial report relates to the services the government provides and the activities it performs.

Full-Time Equivalent City Government Employees by Function	110
Operating Indicators by Function	111
Capital Asset Statistics by Function	112

Insurance Information

These schedules contain information regarding by City's insurance coverage provided by the Preferred Governmental Insurance Trust (PGIT). The City is exposed to various risks of loss such as theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters.

Insurance Coverage via PGIT	113-115
-----------------------------	---------

Sources: Unless otherwise notes, the information in these schedules is derived from the annual comprehensive financial reports for the relevant year.

SOURCE: Broward County, Florida, Accounting Division and the School Board of Broward County.

(1) Based on ratio of assessed taxable value

(2) The School Board of Broward County debt outstanding is as of June 30, 2024

Note: Overlapping governments are those that coincide, at least in part, with geographic boundaries of the City. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the property taxpayers of the City of Coconut Creek. This process recognizes that, when considering the government's ability to issue and repay long-term debt, the entire debt burden borne by the property taxpayers should be taken into account.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To The Honorable Mayor, City Commission and City Manager
City of Coconut Creek, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the City of Coconut Creek, Florida (the "City"), as of and for the fiscal year ended September 30, 2024, and the related notes to the financial statements, which collectively comprise the City's basic financial statements, and have issued our report thereon dated March 28, 2025.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements, on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

"Citrin Cooperman" is the brand under which Citrin Cooperman & Company, LLP, a licensed independent CPA firm, and Citrin Cooperman Advisors LLC serve clients' business needs. The two firms operate as separate legal entities in an alternative practice structure. The entities of Citrin Cooperman & Company, LLP and Citrin Cooperman Advisors LLC are independent member firms of the Moore North America, Inc. (MNA) Association, which is itself a regional member of Moore Global Network Limited (MGNL). All the firms associated with MNA are independently owned and managed entities. Their membership in, or association with, MNA should not be construed as constituting or implying any partnership between them.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Fort Lauderdale, Florida
March 28, 2025

MANAGEMENT LETTER IN ACCORDANCE WITH THE RULES OF THE AUDITOR GENERAL OF THE STATE OF FLORIDA

To the Honorable Mayor, City Commission and City Manager
City of Coconut Creek, Florida

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Coconut Creek, Florida (the "City"), as of and for the year ended September 30, 2024, and have issued our report thereon dated March 28, 2025.

Auditor's Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States and Chapter 10.550, *Rules of the Auditor General*.

Other Reporting Requirements

We have issued our Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of the Financial Statements Performed in Accordance with *Government Auditing Standards* and Independent Accountant's Report(s) on an examination conducted in accordance with *AICPA Professional Standards*, AT-C Section 315, regarding compliance requirements in accordance with Chapter 10.550, *Rules of the Auditor General*. Disclosures in those reports, which are dated March 28, 2025, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.554(1)(i)1., *Rules of the Auditor General*, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding financial audit report. There were no findings and recommendations made in the preceding financial audit report.

Official Title and Legal Authority

Section 10.554(1)(i)4., *Rules of the Auditor General*, requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this management letter, unless disclosed in the notes to the financial statements. This information is disclosed in Note 1 to the City's financial statements.

"Citrin Cooperman" is the brand under which Citrin Cooperman & Company, LLP, a licensed independent CPA firm, and Citrin Cooperman Advisors LLC serve clients' business needs. The two firms operate as separate legal entities in an alternative practice structure. The entities of Citrin Cooperman & Company, LLP and Citrin Cooperman Advisors LLC are independent member firms of the Moore North America, Inc. (MNA) Association, which is itself a regional member of Moore Global Network Limited (MGNL). All the firms associated with MNA are independently owned and managed entities. Their membership in, or association with, MNA should not be construed as constituting or implying any partnership between them.

City of Coconut Creek, Florida

Financial Condition and Management

Sections 10.554(1)(i)5.a. and 10.556(7), *Rules of the Auditor General*, require us to apply appropriate procedures and communicate the results of our determination as to whether or not the City met one or more of the conditions described in Section 218.503(1), Florida Statutes, and to identify the specific condition(s) met. In connection with our audit, we determined that the City did not meet any of the conditions described in Section 218.503(1), Florida Statutes.

Pursuant to Sections 10.554(1)(i)5.b. and 10.556(8), *Rules of the Auditor General*, we applied financial condition assessment procedures for the City. It is management's responsibility to monitor the City's financial condition, and our financial condition assessment was based in part on representations made by management and the review of financial information provided by the same.

Section 10.554(1)(i)2., *Rules of the Auditor General*, requires that we communicate any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

Property Assessed Clean Energy (PACE) Programs

As required by Section 10.554(1)(i)6.a., *Rules of the Auditor General*, the City is required to include a statement as to whether a PACE program authorized pursuant to Section 163.081 or Section 163.082, Florida Statutes, did/did not operate within the City's geographical boundaries during the fiscal year under audit. The City did not operate a PACE program within its geographical boundaries during the fiscal year under audit.

Additional Matters

Section 10.554(1)(i)3., *Rules of the Auditor General*, requires us to communicate noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but warrants the attention of those charged with governance. In connection with our audit, we did not note any such findings.

Purpose of this Letter

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, Federal and other granting agencies, the Members of the City Commission, and applicable management, and is not intended to be and should not be used by anyone other than these specified parties.

INDEPENDENT ACCOUNTANT'S REPORT ON COMPLIANCE WITH SECTION 218.415 FLORIDA STATUTES

To The Honorable Mayor, City Commission and City Manager
City of Coconut Creek, Florida

We have examined the City of Coconut Creek, Florida's (the "City") compliance with the requirements of Section 218.415, Florida Statutes, *Local Government Investment Policies* (the "specified requirements"), during the year ended September 30, 2024. Management is responsible for the City's compliance with the specified requirements. Our responsibility is to express an opinion on the City's compliance with the specified requirements based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the City complied, in all material respects, with the specified requirements referenced above. An examination involves performing procedures to obtain evidence about whether the City complied with the specified requirements. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of material noncompliance, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

We are required to be independent of the City and to meet our other ethical responsibilities in accordance with relevant ethical requirements relating to the examination engagement.

Our examination does not provide a legal determination on the City's compliance with the specified requirements.

In our opinion, the City complied, in all material respects, with the specified requirements for the year ended September 30, 2024.

This report is intended solely for the information and use of the City Commission, management, and the State of Florida Auditor General and is not intended to be and should not be used by anyone other than these specified parties.

A handwritten signature in black ink that reads "Citrin Cooperman & Company, LLP".
