CDD Overview

- A Community Development District (“CDD”) is an independent special purpose district of local government created under Chapter 190, Florida Statutes
- CDDs have the power to finance, fund, plan, establish, acquire, construct or reconstruct, enlarge or extend, equip, operate and maintain systems, facilities and basic infrastructure for public roadways, streetlights, water and sewer facilities, stormwater management, signage landscaping, amenities, public facilities, security, etc.

CDD Purpose

CDDs CAN

- ✓ Finance, construct, acquire and maintain public improvements
- ✓ Issue lower-rate, tax-exempt bonds
- ✓ Levy, collect, and enforce special assessments
- ✓ Contract for professional services

CDDs CANNOT

- ✗ Regulate land use or change zoning
- ✗ Issue or amend development orders
- ✗ Provide police, fire, or emergency services
- ✗ Issue building permits

Establishing CDD's

To establish a CDD, a Petition is filed with the City, County or State including:

- Metes and Bounds Description
- Written Consent by All Landowners
- Map of Proposed District
- A Statement of Estimated Regulatory Costs
- Mandatory Public Hearing

How CDD's are Governed

Five (5) member Board of Supervisors

- Initially elected by landowners
- One vote per acre or part thereof
- Planned transition to a general election process

At year 6 and at least 250 registered voters, the supervisors are elected by qualified electors residing in the CDD and serve staggered 4-year terms

CDD supervisors are public officials and subject to Florida Sunshine Law and Public Records Law

How CDDs are financed

- Tax exempt bonds, including long term bonds
- Bonds are secured by special assessments levied on property within the CDD boundaries
- Special assessments require that i) the assessed property receives a special benefit from the improvements, and ii) the assessments must be allocated fairly and reasonably
- Long term bonds require validation by the Court pursuant to Chapter 75, Florida Statutes
- Cost-effective method to finance public improvements

CDD Benefits

INDEPENDENT

Independent unit of government with own revenue sources – no financial burden to City or neighbors

WELL-MAINTAINED

Perpetual, reliable maintenance of district for residents of the CDD & neighbors

QUALITY MANAGEMENT

High quality (government-level) management of district governed by landowners and residents in the CDD

MORE STABLE

Assessments are collected on the Tax Roll of property owners of the CDD, leading to more stable funding source for maintenance

CHECKS & BALANCES

Government checks and balances: budget, audit, public meetings, disclosures, etc.

EMERGENCY FUNDING

As a unit of government, CDD's are eligible for State and Federal programs, like FEMA.

LOWER COST

Lower-rate, tax exempt financing and purchasing

TRANSPARENCY

Public meetings and mandatory website with detailed info: budgets, agendas, map, financials, etc.

Transparency for the Public

Mandatory website for the public

Follow public procurement regulations

Recorded disclosures required

Minutes kept of each meeting by manager

Meetings must be advertised & posted like a City

Annual budget and audits required

Subject to Florida Sunshine Laws

Sales contract disclosure requirements

Subject to Florida public records laws

Better Maintenance of Infrastructure

- Water management is a critical concern with any new development. Water management districts recognize the value of stormwater management systems.
- In formal correspondence, one of the State's largest water management districts (St Johns) went on record stating, "All things being equal, a CDD is a preferred operation and maintenance entity over an association [HOA]."

Better Maintenance Demonstrated

Midtown, Miami

Hidden Trails

Parkview at Hillcrest

Tradition Port St. Lucie

Better Maintenance for Everyone

Mainstreet will have 10+ public parks and over 64 acres of open space – it's imperative that it's maintained to highest standards for both new residents and visitors. **CDD's are more effective at managing common spaces and public areas.**

CDD's collect assessments with annual property taxes. **Collections are a near certainty**, meaning every year, the CDD is fully funded and **maintain the property to the highest standard.**

In periods of real estate economic contraction, HOA's often struggle to collect dues needed to maintain a property. **CDD's don't struggle in the same way as HOA since assessments are collected with taxes.**
