

CITY OF COCONUT CREEK BUSINESS IMPACT ESTIMATE

1. Summary of Ordinance No. 2023-026:

These new amendments seek to further deter the release of wild animals, including but not limited to raccoons, feral cats, possums, poisonous snakes, waterfowl, and many others, on City-owned or leased property, as well as preventing the unnatural congregation of said wildlife within the City. In addition, Chapter 2023-253, Laws of Florida, effective on October 1, 2023, prohibits regulation by municipal ordinance of specific dogs by breed, weight, or size. These amendments ensure that the City's ordinances are compliant with recent changes to state law. Another goal of this ordinance is to clarify what constitutes violations under the Code and deter public nuisances caused by a variety of animals. These Code amendments eliminate unintended impediments to enforcement by giving more discretion to Code Enforcement Officers and Animal Services Officers to determine how and when to conduct investigations and how to perform their enforcement activities pursuant to Chapter 5, "Animals."

2. Estimate of the Direct Economic Impact of the proposed ordinance on private, for-profit businesses in the City:

a. An estimate of direct compliance costs that businesses may reasonably incur if the ordinance is enacted.

This ordinance should not increase costs to businesses. The impacts are indeterminate and likely a continuation of status quo.

b. Identification of any new charge or fee on businesses subject to the proposed ordinance or for which businesses will be financially responsible.

This ordinance should not create new charges or fees to businesses. The impacts are indeterminate and likely a continuation of status quo.

c. An estimate of the City's regulatory costs, including an estimate of revenues from any new charges or fees that will be imposed on businesses to cover such costs.

This ordinance does not impose any additional municipal regulatory cost or create additional revenues.

3. A good faith estimate of the number of businesses likely to be impacted by the ordinance.

This ordinance should not impact any Coconut Creek businesses. The impacts are indeterminate and likely a continuation of status quo.
